The Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA, of Murshidabad.
The Hon'ble RAJA BAN BEHARI KAPUR, C.S.I.

NEW MEMBERS.

The Hon'ble MESSRS. GORDON AND ALLEN took their seats in Council.

QUESTIONS AND ANSWERS.

ALTERATIONS IN DALHOUSIE SQUARE.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

Will the Government be pleased to lay on the table the scheme of the proposed alterations in the Dalhousie Square, and state within what time such alterations are likely to be completed?

The Hon'ble MR. INGLIS replied:—

"The plan is laid on the table. It is expected that the alterations will be completed before the end of November."

WATER-SUPPLY IN CALCUTTA.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

(*a*) Has the attention of the Government been called to the insufficient supply of filtered water in Calcutta?

(*b*) Is it a fact that, in the area under the so-called continuous system of water-supply in Calcutta, there is no water available during seven hours of the day, specially at midday? What was the pressure from 10 A.M. to 3 P.M. and from 5 P.M. to 7 P.M. for the last three months?

(*c*) Is it a fact that in the so-called continuous supply area the full statutory pressure of 40 feet is maintained at night, when water is not wanted and very little used? If not, what is the pressure at night?

(*d*) Will the Government be pleased to inquire from the Municipal authorities of Calcutta, and publish for general information, the cost in fuel and labour incurred for the supply of water at night, as compared with the cost during day-time, for the continuous supply area, for the year 1904-05?

(*e*) If the Corporation of Calcutta can fulfil its statutory obligation to maintain at a pressure of 40 feet a continuous supply of filtered water in Calcutta with the present pressures during the day, is it necessary to maintain the statutory pressure at night?

(*f*) Has the attention of the Government been called to the failure of the supply of unfiltered water in Calcutta?

(*g*) Will the Government be pleased to inquire and state the pressure maintained for the unfiltered water-supply during the last six months, month by month?

(*h*) Will the Government be pleased to ascertain and state the number of privies in Calcutta connected with the unfiltered water-supply for flushing purposes?

(*i*) Is the Government aware that, owing to the failure of unfiltered water, most of these privies, especially those in upper storey of houses, have remained unflushed, or practically so?

(*j*) Is the Government aware that, notwithstanding its inability to supply unfiltered water, the Corporation of Calcutta is vigorously enforcing on the people the conversion of service into connected privies? Will the Government be pleased to ascertain and state the number of notices which the Corporation has issued for this purpose? Does the Government think that, until a more adequate supply of water is secured for flushing purposes, it is either desirable or safe to insist on the people converting service into connected privies?

(*k*) Is the Government aware that the Corporation is issuing and realizing a very large number of bills for the use of filtered water by the people in excess of the quantity covered by their water-rate?

(*l*) Will the Government be pleased to ascertain if complaints have not been made to the Corporation that the meters used by the Corporation are very unsatisfactory, and that, whenever they have been checked, they have given discrepant results? Will the Government, for the protection of the people of Calcutta, be pleased to take the opinion of properly qualified men outside the Corporation as regards the reliability of these meters?

(*m*) Having regard to the fact that, under section 248 of the Calcutta Municipal Act, the Corporation of Calcutta is bound to supply filtered water, together with a sufficient supply of unfiltered water, for washing and flushing drains and privies, and the failure of the Corporation to do the latter, and the consequent enforced use by the people of filtered water for washing and flushing purposes, does the Government think the Corporation is justified in issuing extra bills for the use of filtered water by owners and occupiers of houses, in excess of the quantity allowed by law?

(*n*) Is the Government aware that the reported supply of filtered water in Calcutta is only 24·22 gallons per head of the population, not allowing for the enormous wastage which goes on in the mains and reservoirs, and which is admittedly not less than 30 *per cent.*, while London has a supply of 33⅓ gallons per head, Glasgow, 40 gallons, New York, 79, Boston, 80, Chicago, 138, and Washington, 176 gallons per head?

(*o*) Is the Government aware that, while outside Municipalities, who have contributed nothing towards the cost of the water-works in Calcutta, get their supply at 4,000 gallons for a rupee, the rate-payers of Calcutta are charged at 3,000 gallons for a rupee for the use of the excess water?

The Hon'ble MR. GAIT replied:—

"(*a*) Government has noticed complaints in the Press about the filtered water-supply in Calcutta.

"(*b*) It is not a fact that in the area under the continuous system of water-supply there is no water available during 7 hours of the day. In the greater part of this area, the supply during the day is good. There are, however, certain places where there is little or no water in the middle of the day, owing to local defects which are now being remedied. It is impossible to answer the second part of this question, unless particular areas are specified. The pressure is automatically recorded in different parts of the town and can be ascertained at any time.

"(*c*) This was formerly the case, but under orders of the acting Chairman pumping at night was temporarily suspended; it will shortly be resumed.

"(*d*) This information cannot easily be given, but it is known that the extra expense has hitherto been small. The engines at Talla would in any case have to be kept running to pump the water into the reservoirs at the other three filtered-water pumping stations. Moreover the pressure at night must be kept up, in order to search for leaks and generally to bring the mains and fittings into order for the continuous supply.

"(*e*) Under existing conditions, and until the water-works system of Calcutta is thoroughly re-modelled, it is impossible to maintain a pressure of 40 feet everywhere during the whole of the 24 hours. It is necessary to maintain pressure at night for the reasons given in the answer to the previous question.

"(*f*) Some complaints have been noticed.

"(*g*) The pressure of the unfiltered water-supply is automatically recorded in the two pumping stations; the maximum is about 110 feet at both stations. It would take some time to work out the average pressure month by month.

"(*h*) On the 31st March, 1905, the number was 9,481.

"(*i*) These privies are ordinarily flushed with regularity; but there have been occasions, owing to defects and accidents, when sufficient pressure has not been maintained for short periods.

"(*j*) It is not the case that the Corporation of Calcutta is now vigorously enforcing on the people the conversion of service into connected privies. On the contrary, so far back as June, 1904, the Chairman stopped the issue of notices to connect privies, except in streets where he was satisfied that a sufficient pressure of unfiltered water is ordinarily maintained. The number of such notices issued in 1904-05 was 581.

"(*k*) About 500 bills are issued quarterly, for excess consumption of filtered water.

"(*l*) Not more than half a dozen complaints regarding the meters have been received during the past two years. In these cases the Corporation offered to have the meter checked in the presence of the complainant on payment of a fee of Rs. 5 (*vide* section 274 of the Act) to be returned if it is found to be more than two *per cent.* in error against the consumer. Every meter is checked before being fixed. The meters in use in Calcutta are of a make which is very common in the United Kingdom and America, where they are found to give satisfaction.

"(*m*) This question asks, not for information, but for an expression of opinion.

"(*n*) Government is aware that the reported supply of filtered water in Calcutta is 24·22 gallons per head per day for the population. It is not admitted that anything like 30 *per cent.* of this amount is wasted on account of leaks in mains and reservoirs. In addition to the above quantity of filtered water, about 22 gallons per head per day of unfiltered water is supplied. The total supply is thus greater than that in London and Glasgow according to the figures given in the question.

"(*o*) Yes.

"Most of the above questions might more suitably have been addressed to the Chairman of the Calcutta Corporation at a meeting of that body. It was therefore with some hesitation that Government decided to call upon the Corporation to supply the required information."

CONSERVANCY IN THE NORTHERN DIVISION OF CALCUTTA.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

(*a*) Has the attention of the Government been drawn to the state of the conservancy in the Northern Division of Calcutta, and to the statement of the Chairman of the Corporation at its meeting of the 24th May, 1905, "that it was with much regret that he admitted the fact" that the conservancy arrangements for this Division were extremely unsatisfactory and had failed?

(*b*) Will the Government be pleased to inquire and state what steps have been taken by the Corporation to improve the conservancy of the Northern Division?

(*c*) Has the attention of the Government been called to the expense of furnishing the meeting room of the Corporation? Will the Government be pleased to state the amount? Is it a fact that the chair provided for the Chairman has cost Rs. 1,500?

(*d*) Is the Government aware of the state of the roads in the Northern part of the town, and that they cannot be kept in sufficient repair for want of funds?

The Hon'ble MR. GAIT replied:—

"(*a*) and (*b*) The proceedings of all the Meetings of the Calcutta Corporation are submitted for the information of Government. The attention of the Hon'ble Member is invited to the information given by the Chairman of the Corporation regarding the conservancy arrangements in the Northern Division of the town at the Meeting of the Municipal Commissioners held on the 5th ultimo.

"(*c*) The Chairman reports that the cost of the furniture and equipment of the Council Chamber was Rs. 16,666. The Chairman's chair cost Rs. 410.

"(*d*) The Chairman reports that, with the exception of the main thoroughfares, the roads in the Northern part of the town are not generally in good repair. Repairs are now in progress. The sum of Rs. 1,34,789 has been allotted for District I and Rs. 1,19,421 for District II. These figures include special repair grants of Rs. 40,000 and Rs. 20,000 made this year to these two Districts."

UNHEALTHY CONDITION OF CERTAIN THANAS IN THE FARIDPUR DISTRICT.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said:—

(*a*) In July, 1904, in an address presented to the Lieutenant-Governor by the Faridpur Peoples' Association, reference was made to the unhealthy condition of the thanas of Bhushana, Baliakandi and Pangsa, in that district, and to the heavy mortality among men and cattle in these places, owing, as it was said, to the silting up of the river Chandana. In reply, His Honour was pleased to promise an inquiry into the matter. May I ask if the inquiry has been made, and, if so, with what result?

(*b*) Is it or is it not a fact that these places have lost heavily in population since 1881, when the river Chandana began to silt up? And will the Government be pleased to lay on the table a statement showing the loss of population from year to year in these three thanas from 1881 to 1904, together with their total area, and, if possible, the area under cultivation in each of them?

The Hon'ble MR. GAIT replied:—

"The inquiry promised by His Honour was made by the Executive Engineer, Circular and Eastern Canals Division. His report shows that there is but little hope of opening out the river and bringing in water from the Padma without prohibitively large expenditure, and that, even if this were done, it is doubtful if it would remain open for any length of time. The Padma is constantly changing its course; and it is impossible to foresee its vagaries or to control them.

"It appears that the Chandana began to silt up, not twenty years, but half a century, ago.

"The population of the Bhushana, Baliakandi and Pangsa thanas at each of the last three censuses is shown in the statement which I have laid on the

table. The total population of the three thanas has fallen from 322,850 in 1881 to 294,313 in 1901, but this seems to be due to changes in area. The population per square mile is very much the same now as it was in 1881. The birth and death returns for the last three years show that at present the death-rate greatly exceeds the birth-rate. The tract is at the present time one of the unhealthiest in Bengal."

Statement referred to in the above reply.

PARTITION OF BENGAL.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said :—

(*a*) Now that the Resolution for the Partition of Bengal has been issued, will the Government be pleased to publish the papers containing the proposals of the Government of India, and the Despatch of the Secretary of State sanctioning such proposals?

(*b*) Will the Government be further pleased to state whether this partition will be effected by a Proclamation or a Legislative enactment? And can the Government form any idea as to the probable time when the partition is likely to be effected?

The Hon'ble MR. CARLYLE replied:—

"(*a*) This Government has not been empowered to publish any papers regarding the partition.

"(*b*) The partition is to be effected by the Government of India, who will also decide as to the means of effecting it. This Government is not in a position to state the date fixed for giving effect to the partition."

GUN LICENSES IN BENGAL.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

(*a*) Will the Government be pleased to lay on the table a statement showing, district by district, the number of gun licenses issued to the natives of

Bengal during the years 1900-1904, the number of cases in which such licenses have been cancelled or suspended under section 18, and the number of prosecutions started and the convictions obtained under section 19, of the Indian Arms Act, during the same period?

(*b*) Has the Government of Bengal taken any Census of fire-arms under section 32 of the said Act? If so, where and when?

The Hon'ble MR. CARLYLE replied:—

"Sir, I lay on the table a statement showing, district by district, for each of the last five years, the number of licenses for firearms issued in Bengal and the number cancelled under section 18 of the Indian Arms Act, 1878. Information as to the number of prosecutions and convictions under section 19 of the Act is not available in the Secretariat.

"No census of firearms has been taken by the Government of Bengal under section 32 of the Act."

SILTING UP OF THE OLD RIVERS AND CHANNELS IN BENGAL.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

In view of the gradual silting up of the old rivers and channels in Bengal, and the consequent complaints made regarding increased scarcity of water, insanitation and mortality among the people, will the Government be pleased to appoint a Commission to inquire into the condition of these rivers and channels and the various causes of these complaints, and to report on the means by which it may be possible to remedy them, so as to enable the Government to devise and adopt a systematic plan of action in dealing with these grievances?

The Hon'ble MR. INGLIS replied:—

"Taking Bengal as a whole, there is no reason to suppose that there has been any deterioration that is any reduction in the capacity of discharge of the rivers. It is the case that in certain parts of Bengal the channels through which the waters of the river Ganges find outlets to the sea now carry less water than formerly and in some instances have almost ceased to be flowing streams.

"It is equally the case that in other parts of Bengal the channels now carry more water than formerly and new channels have formed. These changes are due to natural causes which are, for all practical purposes, beyond our control. The matter has received the attention of Government for many years. No general remedy has yet been found, and it is extremely doubtful if one ever will be found. It has to be remembered that any attempts to alter the course of nature and to re-open channels which have closed or shrunk would, if successful, almost inevitably result in causing channels at present flowing to shrink or close The net result would therefore be only to transfer the existing evils to some other place.

"Improvements in sanitation and in the supply of drinking-water must depend to a large extent on the action of the people themselves, whether as individuals or through their representatives on the District and Local Boards.

"In the year 1868 an inquiry was made into the want of drinking-water in the Nadia district. The conclusion then come to was that the evil was largely due to the apathy of the zamindars who had neglected to clear the beds of the existing tanks and who had ceased to make new tanks. This does not encourage the hope that any practical result would be attained by the appointment of a Commission; but the matter is one of great moment, and the Government does contemplate a special inquiry into it when an officer is available."

PROCESS FEES REALIZED UNDER THE PUBLIC DEMANDS RECOVERY ACT.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

Will the Government be pleased to furnish a statement shewing the amount of process fees realized under the Public Demands Recovery Act for the purpose of serving notices and enforcement of certificates, the amount actually expended for such purpose, and the balance left, in each district, during the last five years from 1899-1900 to 1903-1904?

The Hon'ble MR. CARLYLE replied:—

"The information asked for is not contained in any statements now prepared. The preparation of the statement would require a special establishment, and the Lieutenant-Governor does not see any reason to believe that it would be worth the labour and expense involved. His Honour does not therefore think that the expenditure would be justified."

UNIVERSITY NOMINATIONS FOR THE PROVINCIAL CIVIL SERVICE.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR asked:—

Has the attention of the Government been drawn to a paragraph in the *Bengalee* of the 13th July, 1905, regarding the University nominations for the Provincial Civil Service? And will the Government, in view of the manifest hardship pointed out therein, be pleased to include the M.A.'s of 1903 and the B.A.'s and B.Sc.'s of 1904 among the candidates eligible for nomination by the Syndicate for the present year?

The Hon'ble MR. CARLYLE replied:—

"The Lieutenant-Governor has, since receiving this question, read the paragraph referred to in the *Bengalee*. His Honour had previously authorized the Syndicate, when nominating graduates, to report separately the case of students of the previous year whom they consider as specially worthy of notice. He had also proposed, if the Provincial Service cadre is increased, to appoint two or three distinguished M.A's of 1903 and B.A's of 1904 recommended by the Syndicate. B.Sc's of 1904 will be considered equally eligible with B.A's. He believes that these arrangements will best meet the requirements of the case."

PARTITION OF BENGAL.

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said:—

Speaking at Malda on the 8th instant and referring to the question of Partition of Bengal, His Honour the Lieutenant-Governor is reported to have said:—"I have received letters and communications from both Muhammadans and Hindus saying that they strongly feel that the scheme has been devised for the good of the districts concerned." Is the report correct? And, if so, will the Government be pleased to publish the names of the gentlemen who have said so, so that the public may judge for themselves how far these persons were qualified to express such an opinion and the Government justified in accepting the same in the face of a practically unanimous opposition of the people concerned?

The Hon'ble MR. CARLYLE replied:—

"The Report is correct. The Lieutenant-Governor will not publish the names of the gentlemen referred to."

The Hon'ble MR. CHAUDHURI said:—

(*a*) It is stated in the Resolution of the Government of India relating to Partition of Bengal that "a scheme was submitted by the Government of Bengal for amalgamation with Assam of the Chittagong and Dacca Divisions and the districts of Pabna, Bogra and Rangpur." Will this Government be pleased to state whether it consulted any men of property or education in the said districts of Pabna, Bogra and Rangpur or any public bodies in Bengal, or even His Majesty's Judges of the Calcutta High Court, before submitting the scheme referred to to the Government of India?

(*b*) Will the Government be pleased to state the date when this scheme was submitted to the Government of India, and its reasons for not making it public or inviting public opinion thereon when it is the practice with the Government to do so in respect of much less important measures?

The Hon'ble MR. CARLYLE replied:—

"The Resolution referred to by the Hon'ble Member sets forth the facts clearly enough. The original scheme revised to meet the administrative necessities of the case, and contained in Mr. Risley's letter No. 3678, dated

3rd December, 1903, was published and widely circulated. It was discussed by public bodies, in public meetings, in conferences called by the Lieutenant-Governor for the purpose, and in official communications from officers who had done their best to ascertain public opinion. Objections of a serious nature were taken to the scheme. These were set forth in Mr. Macpherson's letter No. 2556J dated 6th April, 1904, which contained the larger scheme referred to in the quotation made by the Hon'ble Member from the Government of India's Resolution. This larger scheme was based entirely on the reasonable objections which had been taken to the original scheme, and secured to the transferred districts the privileges which they valued and might otherwise have lost."

The Hon'ble MR. CHAUDHURI said:—

(*a*) It is also stated in the same Resolution that "it was proposed to increase the transferred area by the districts of Rajshahi, Dinajpur, Jalpaiguri, Malda, and that the enlarged scheme was cordially accepted by the Government of Bengal."

(*b*) Will the Government be pleased to state whether, before expressing its approval of the Government of India's enlarged scheme, did the Bengal Government consult:—

(*a*) The District Magistrates and Collectors of the districts referred to?

(*b*) The Divisional Commissioners of the districts concerned?

(*c*) His Majesty's Judges of the Hon'ble High Court at Calcutta exercising Civil and Criminal jurisdiction over the areas mentioned?

(*d*) Any man of property or education of the districts?

(*e*) Any public bodies in Bengal?

(*c*) Will the Government also be pleased to state who are the Members of the Board of Revenue and the senior officers referred to in the Resolution who were consulted and concurred, and whether they or any of them were at any time the District Magistrate and Collector or Divisional Commissioner of the additional areas comprised in the enlarged scheme?

(*d*) Will the Government be pleased to state when the enlarged scheme was received by the Government of Bengal and when it signified its approval of the scheme, and what were its reasons for not making the enlarged scheme and its recommendations in this connection public?

The Hon'ble MR. CARLYLE replied:—

"The Resolution of the Government of India in paragraphs 5 and 6 states clearly what was done in regard to this matter; and this Government cannot at present give any more detailed information."

THE OFFICE OF DIRECTOR OF PUBLIC INSTRUCTION, BENGAL.

The Hon'ble MR. CHAUDHURI asked:—

Will the Government of Bengal be pleased to state what are the "circumstances and requirements" that have led the Government to make a "choice" or recommend a successor to Mr. Pedler as Director of Public Instruction in Bengal, departing from the ordinary practice and rule with regard to such appointments, and whether the recommendations of the Government of Bengal have been approved and sanctioned by the Government of India?

The Hon'ble MR. CARLYLE replied:—

"The Government of Bengal is not prepared at present to make any statement on this matter."

PARTITION OF BENGAL.

The Hon'ble BABU NALIN BEHARI SIRCAR, by leave of the President, withdrew the following question of which notice had been given :—

"In the Resolution of the Government of India, No. 2491, dated Simla, the 19th July, 1905, paragraph 6, it is stated :—

'The Lieutenant-Governor reported he had discussed the proposal for the Partition of Bengal with the Members of the Board of Revenue and with his most senior officers, and had found that, with scarcely an exception, there was complete unanimity in accepting it.'

"Will the Government be pleased (*a*) to give the date of this report to the Government of India, and (*b*) to mention the names of Members of the Board of Revenue and the most senior officers who were consulted and who were unanimous in accepting the enlarged scheme? (*c*) Was there any difference of opinion amongst them ; if so, who were the dissentients?"

THIRD STIPENDIARY PRESIDENCY MAGISTRATE IN CALCUTTA.

The Hon'ble BABU NALIN BEHARI SIRCAR asked :—

1. (*a*) Will the Government be pleased to state whether the appointment of a Third Stipendiary Presidency Magistrate in Calcutta has been sanctioned as a temporary or a permanent arrangement?

(*b*) If temporary, for what period and when will it be over?

2. (*a*) Is it a fact that there is not enough work now for three Stipendiary Presidency Magistrates in Calcutta?

(*b*) With the transference of Municipal cases to a special Magistrate and with the recent appointment of some experienced retired Sessions Judges and Deputy Magistrates as Honorary Presidency Magistrates in Calcutta, does the Government consider that there is still necessity for retaining a Third Stipendiary Presidency Magistrate?

The Hon'ble MR. CARLYLE replied :—

"1. (*a*) The appointment of a third Stipendiary Presidency Magistrate has been sanctioned as a temporary arrangement.

"(*b*) It has been sanctioned for a period of two years, which shall expire on the 22nd December, 1905.

"2. (*a*) and (*b*) Government is not at this moment prepared to express an opinion as to whether there is sufficient work to justify the permanent retention of a third Stipendiary Presidency Magistrate. The question will be fully and carefully considered."

MORTALITY IN THE NATORE SUB-DIVISION.

The Hon'ble MR. GAIT, in continuation of the Answer given to the Question on this subject which was asked by the Hon'ble MR. CHAUDHURI at the Council Meeting of the 18th March, 1905, said :—

"The great unhealthiness of the Natore sub-division is a deplorable fact, but it is no new thing. As far back as 1825 the head-quarters of the district were removed from Natore town on account of its unhealthiness. This tract like many other parts of Central and Northern Bengal suffers from defective drainage. It is more than 160 miles from the sea and yet its elevation above sea-level is only 52 feet. About the middle of the 16th Century the Ganges left its former channel of the Bhagirathi and broke eastwards, thereby cutting across the old rivers and causing them to silt up. These rivers are thus no longer able to carry off the rain water, which stagnates in shallow *bils*. The question of opening out some of the local rivers has often been discussed. The

head of the Narad is said to have been excavated some fifteen years ago, but, in the short space of three years, it silted up again. The Collector of the district has made inquiries to ascertain whether the removal of the sand bars at the head of the Bural would ensure an abundant flow of water from the Padma along the streams mentioned by the Hon'ble Member in his question; but he considers that it is very doubtful whether this measure would be successful. The Padma has receded a long way from its north bank, and there is no certainty that, if the head of the Bural were opened, more water would come into it. The fact is that in attempting to control a river system like that of Bengal we are dealing with the forces of nature on a vast scale, and far more often than not our efforts are frustrated by the continued operation of the causes that have brought about the conditions which we desire to remedy.

"As the Hon'ble Member is well aware, Government has long had under its consideration a scheme for draining the Chalan *bil*, the largest sheet of inland water in Bengal. The portion of this *bil* that lies in the Natore sub-division occupies during the rainy season nearly half its total area. The Hon'ble Member is himself one of the Drainage Commissioners who have been appointed to consider this scheme; and it is understood that at their last meeting a resolution was passed opposing its further progress, partly on account of the cost, and partly because they were doubtful whether the sanitary benefits that have been claimed for it would really accrue. This is the scheme from which the best results have hitherto been looked for; and until a final decision has been arrived at regarding it, it would be premature to set on foot other projects of the same nature.

"The Hon'ble Member refers to the blocking up of culverts along the line of the Eastern Bengal State Railway, but it is reported that this is a result and not a cause of the gradual silting up of the old drainage channels.

"It appears from the Collector's report that the improvement of the tanks and moats in Natore town can be taken in hand without any very expensive operations. A further report will be called for on this point."

THE BENGAL DISORDERLY HOUSES BILL, 1905.

The Hon'ble MR. GORDON moved that the Bill to provide for the discontinuance of brothels and disorderly houses in certain localities in Bengal be referred to a Select Committee, consisting of the Hon'ble Mr. B. L. Gupta, the Hon'ble Mr. Allen, the Hon'ble Babu Bhupendra Nath Basu, the Hon'ble Babu Nalin Behari Sircar and the Mover, with instructions to report at the next meeting of Council. He said:—

"Sir,—At the last meeting of this Council on the 8th July last, the Hon'ble Mr. Carnduff moved for leave to introduce the present Bill, and the Bill was introduced and read. I have now to move that the Bill to provide for the discontinuance of brothels and disorderly houses in certain localities in Bengal be referred to a Select Committee."

The Motion was put and agreed to.

THE CALCUTTA PORT (AMENDMENT) BILL, 1905.

The Hon'ble MR. INGLIS presented the Report of the Select Committee on the Bill to amend the Calcutta Port Act, 1890.

The Hon'ble BABU BHUPENDRA NATH BASU said:—"With reference to the Report of the Select Committee I have to offer the thanks of the public to the Members of the Select Committee for their accepting the suggestion which was thrown out at the time the Bill was referred to them, namely, that the Port Commissioners should not be allowed to enter into competition with private enterprise. I am glad to find that they have accepted that suggestion, and that so far as carrying goods is concerned they have omitted that clause from the Bill as originally introduced. They have, however, retained

the clause for the carrying of passengers and their luggage from the various papers that were submitted to them. It is clear that that provision will be welcomed by the public as a safer means of crossing the river at certain times of the year. I therefore have much pleasure in accepting the Report of the Select Committee on the points that were raised at the last meeting."

The Hon'ble MR. INGLIS said:—"Sir,—Before making the motion which now stands in my name, I wish to put before the Council a few remarks as a supplement to the Report of the Select Committee.

"The main object of this Bill is to enable the Port Commissioners to establish and work a steam ferry service on the river.

"The only objection which has been made to this proposal is one put forward by the Bengal National Chamber of Commerce. They oppose on the ground that it will seriously interfere with private enterprise.

"Well, Sir, I suppose that no addition to or improvement in the means of locomotion can be made without interfering with some interests. No railway can be opened without interfering with cart traffic. The electric tram-cars, which are such a boon to Calcutta, have interfered with ticca gharies. In the same way I have no doubt that a steam ferry service will displace some of the dinghies which now ply in the river. This is inevitable.

"On the other hand the ferry service will be of great value to the residents of Calcutta, and it is the interests of the public and not private interests that demand the greatest consideration. As it appears that the carriage of cargo is sufficiently provided for by private enterprise, the Select Committee have, with the desire of meeting the views of the mercantile community, advised the withdrawal of the provision by which the Commissioners might carry cargo with the consent of the Local Government.

"It is proposed to authorize the Commissioners to carry only passengers and their baggage. Private enterprise has not provided the facilities desired for this passenger service, nor does there appear to be any prospect of its doing so. I need not enter into a discussion of the vexed question of Municipal or State trading. We have here the concrete fact that the Port Commissioners as a body are already engaged and successfully engaged in very large industrial enterprises as owners and managers of railways, docks, jetties and warehouses. They have at their command a large and efficient staff and they are eminently in a position to give the public of Calcutta what it wants in the form of a good ferry service.

"In regard to the alteration in the constitution of the Commission, Members of Council will have seen from the Report of the Select Committee that it is now proposed to increase the existing number by one only, and that this additional member is to be elected by the Bengal Chamber of Commerce. I may explain that this increase in the representation of the Chamber is rather apparent than real. At present, as I said when introducing the Bill, the Local Government has given one of its nominations to a representative of the Inland Steamer Companies. This is somewhat of an anomaly, and in future it will be left to the Chamber of Commerce to provide for the representation of the Inland Navigation. The net practical result therefore of what is now proposed will be to give back one nomination to the Local Government which it had virtually surrendered to a private body.

"The remaining provision in the Bill, by which the Port Commissioners will be enabled to charge a fee for registering and licensing all boats plying in the port, whether plying for hire or otherwise, has been received without comment.

"I have now, Sir, to move that the Report of the Select Committee be taken into consideration and that the clauses of the Bill be considered in the form recommended by the Select Committee."

The Hon'ble BABU BHUPENDRA NATH BASU said:—"Before Your Honour puts the question there is one observation which I would like to make with Your Honour's permission, and that is this: The hon'ble mover when referring to the question of competition with private enterprise was pleased to refer to the case of the Calcutta Tramways against ticca ghariwallahs—that much-abused and I am afraid long-suffered evil, but the Hon'ble Member forgets that that was private enterprise against private enterprise, organisation probably against non-organisation. Here we have got the State practically entering into competition with private enterprise. The Port Commissioners as a body is practically a department of the State, and it was from that point of view that I, as a member of the public and other public bodies, took exception to the provisions of the Bill which would have enabled the Government to enter into competition with public enterprise. That question has been, however, satisfactorily solved by the Select Committee, and I have no desire to raise any discussion on the subject."

The Motion was put and agreed to.

The Hon'ble Mr. Inglis also moved that the Bill, as amended, be passed.

The Motion was put and agreed to.

The Council was then adjourned *sine die*.

CALCUTTA;

Secretary to the Bengal Council.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, AUGUST 30, 1905.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 26th August 1905.*

BAY OF BENGAL—CHITTAGONG COAST.

Kurnafuli river—Depth of water found in the channel.

No. 322 (first publication).—The Port Officer, Chittagong, has given notice that the following depth of water was found in the river channel by soundings taken on the 21st August and reduced to zero.

CHINA SEA—GASPAR STRAIT.

Pare Joie reef.—Its approximate position.

No. 323 (first publication).—The British Admiralty has given notice (No. 717 of 1905) that the Captain of the American S.S. *Mississippi* reports that on 10th May his vessel passed a coral reef awash, in the northern approach to Gasper strait, in approximately lat. 2° 19′ S., long. 107° 08′ E.

The position of this reported danger is about 3 miles eastward of the position assigned to the rock on which the ship *Pare Joie* struck in 1870, and remained 24 hours in a position from which Gasper island bore S. ½ E., distant 5 miles. The report from that vessel also stated that she was 4½ miles eastward of the rock marked E D., situated on the Chart in lat. 2° 19½′ S., long. 107° 3′ E, or about 3 miles eastward from that given by the bearing, and in that now reported by the *Mississippi*.

The first position of the *Pare Joie* and the E.D. position were unsuccessfully searched for by H.N.M. surveying vessel *Hydrograaf* in 1876.

It is quite possible that the three positions which lie in the same latitude, and nearly 3 miles apart from each other, may be one and the same shoal, and near the position assigned to it by the *Mississippi*, and where no soundings have yet been taken. Pare Joie reef has therefore been transferred on the Chart to the position given by the *Mississippi* and the reef E.D. expunged.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—Eastern Archipelago, No 941a; Banka and Gaspar straits, No. 2149; Gaspar strait, No. 2137: Also, China Sea Directory, vol. I, 1896, page 461.

JAPAN—Honshu, North-West Coast.

Caution.—Hamada.—Wreck laden with mines north-eastward of.

No. 324 (first publication).—The British Admiralty has given notice (No. 727 of 1905) that the wreck of the Russian vessel *Irtish*, with about 100 mines on board, lies sunk in a depth of 26 fathoms at 1¼ miles N. W. ¼ W. from Benten iwa, and about 9⅓ miles north-eastward of Hamada light, in approximately lat. 35° 0½′ N., long. 132° 10½′ E. Vessels navigating in this vicinity are therefore cautioned to keep a look-out for drifting mines.

JAPAN—Nakai—Hiroshima wan.

Ono Seto.—Submarine telegraph cables.

No. 325 (first publication).—The British Admiralty has given notice (No. 729 of 1905) that two submarine telegraph cables have been laid across Ono Seto, Hiroshima wan, from Itsuku shima to the main land. The northernmost leaves the shore of Itsuku shima at a point situated at a distance of 3⅛ cables S. 17° E. from Kame se light, and is laid in a north-westerly direction to a point on the shore of the main land, situated at a distance of 4⅜ cables N. 77° W. from Kame se light. The southernmost cable is laid in a parallel line at a distance of a quarter of a cable from the northernmost cable.

Approximate position of Kame se light, lat. 34° 17⅓′ N., long. 132° 17½′ E.

NEW ZEALAND—Auckland Approach.

Rangitoto beacon.—Light established on it.

No. 326 (first publication).—The British Admiralty has given notice (No. 731 of 1905) that, on 2nd June 1905, a *white occulting* unwatched light *every ten seconds*, thus:—light, *five seconds*; eclipse, *five seconds*, would be established on the beacon situated on the western end of Rangitoto island; it would be elevated 68 feet above high water, and visible in clear weather from a distance of 12 miles from the bearing of S. 31° W., through south and east, to N. 36° W., being obscured by the island in other directions.

Approximate position, lat. 36° 47′ S., long. 174° 49⅓′ E.

(*Variation 14° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—Maunganui bluff to Manukau harbour, No. 2543: Auckland harbour No. 1896: Also List of Lights, Part VI, 1905, page 265; New Zealand Pilot, 1901, page 49; and Supplement, 1903, page 4.

NEW ZEALAND—South island, West coast.

Karamea river entrance.—Signal station altered.

No. 327 (first publication).—The British Admiralty has given notice (No. 732 of 1905) that a signal flagstaff has been erected at the North head of Karamea river entrance. Signals will be made from this flagstaff instead of from the flagstaff in the town, which is too far inland for the purpose; the latter flagstaff, however, will not be removed.

Approximate position, lat. 41° 15′ S., long. 172° 7′ E.

This Notice affects the following Admiralty Charts:—Cape Foulwind to D'Urville island, No. 2616: Also, New Zealand Pilot, 1901, page 379.

EASTERN ARCHIPELAGO—CELEBES—SALAYAR STRAIT.

Pamatata light—Character altered.

No. 328 (first publication).—With reference to Notice to Mariners No. 167, dated 20th May 1905, issued by this office, the British Admiralty has given further notice (No. 736 of 1905) that the character of Pamatata light has been altered from white fixed to *white group flashing* showing two short flashes *every ten seconds*. The arc of visibility on the eastern side of the light has been extended towards Pulo Salayar; the limit is not stated.

Approximate position on Chart No. 941*b*, lat. 5° 43½′ S., long. 120° 29′ E.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—Australia, northern portion, No. 2759a; Eastern Archipelago, No. 941b: Also, List of Lights, part VI, 1905, No. 542; and Eastern Archipelago, part II, 1904, page 348.

AUSTRALIA, SOUTH—SPENCER GULF—PORT LINCOLN APPROACH.

Boston island—Beacon erected.

No. 329 (first publication).—The British Admiralty has given notice (No. 739 of 1905) that a triangular beacon, painted in black and white horizontal bands, with circular top, has been erected about 100 yards within Point Fanny, the southernmost point of Boston island.

Approximate position, lat. 34° 44′ S., long. 135° 55¾′ E.

This Notice affects the following Admiralty Charts:—St. Vincent and Spencer gulfs, No. 2389b; port Lincoln, No. 784: Also, Australia Directory, vol. I, 1897, page 186.

AUSTRALIA, SOUTH—RIVOLI BAY.

Beachport jetty light—Sectors established.

No. 330 (first publication).—The British Admiralty has given notice (No. 740 of 1905) that, on 1st July 1905, Beachport jetty light (*fixed*) would be altered to show the following sectors:—*white* from the bearing N. 8° E., through north, to N. 2° W., *red* from N. 2° W., through west, to S 16° W.; it would be obscured in other directions.

Approximate position, lat. 37° 30′ S, long. 104° 1¼′ E.

(*Variation 6° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—Plan of Rivoli bay on Chart No 1007: Also, List of Lights, part VI, 1905, No. 1181; and Australia Directory, vol. I, 1897, page 373.

INDIA, WEST—MALABAR COAST.

Monsoon port at South Vazhapuram closed.

No. 331 (first publication).—The Port Officer, Alleppey, has given notice, dated 21st August 1905, that the Monsoon Port at South Vazhapuram is closed and the Port reopened at Alleppey.

The buoys will be replaced shortly, of which due notice will be given.

CHINA SEA—FORMOSA (TAIWAN).

Pescadores islands—State of siege no longer in existence.

No. 318 (second publication).—With reference to Notice to Mariners No. 185, dated 1st June 1905, issued by this office, the British Admiralty has given further notice (No. 686 of 1905) that the Japanese Government have published an Ordinance, dated 7th July, declaring that the state of siege of the port of Makyu (Makung) in the Pescadores islands, and the neighbouring seas, is no longer in existence.

Approximate position of Makung, lat. 23° 31′ N., long. 119° 34′ E.

This Notice affects the following Admiralty Charts:—Pescadores islands, Nos. 1961 and 1338: Also, China Sea Directory, vol. III, 1904, page 213.

CHINA SEA—Gulf of Siam, western shore.

Koh Chang—Light established.

No. 319 (second publication).—The British Admiralty has given notice (No. 691 of 1905) that a *white fixed* light, elevated 26 feet above high water, and visible from a distance of 4 miles, has been established on a white pyramidal beacon in place of the former beacon situated in the channel between Koh Chang and the mainland.

Approximate position, on Chart No. 2721, lat. 12° 10′ N., long. 102° 17′ E.

This Notice affects the following Admiralty Charts:—Gulf of Siam, No. 2414; and Cape Liant to Koh kut, No. 2721: Also, List of Lights, part VI, 1905, page 113; and China Sea Directory, vol. II, 1899, page 358.

COCHIN CHINA—Tourane bay.

Canton rock—Marked by a buoy.

No. 320 (second publication).—The British Admiralty has given notice (No. 692 of 1905) that Canton rock in the approach to Tourane bay has been marked by a black conical buoy surmounted by a cylindrical topmark.

Approximate position, lat. 16° 9½′ N., long. 108° 13½′ E.

This Notice affects the following Admiralty Chart:—Fan Rang bay to Tong king gulf, with plan of Tourane bay, No. 1342: Also, China Sea Directory, vol. II, 1899, page 419; and Supplement, 1901, page 15.

PACIFIC OCEAN—The Philippine Islands—Luzon, north coast.

Cape Bojeador light-house—Col ur altered.

No. 321 (second publication).—The British Admiralty has given notice (No. 698 of 1905) that, in order to render cape Bojeador lighthouse more conspicuous, a white band has been painted around its middle section, over about one-third of its height.

Approximate position, lat. 18° 30′ N., long. 120° 35′ E.

This Notice affects Admiralty List of Lights, part VI, 1905, No. 640; Eastern Archipelago, part I, 1902, pages 40, 364; China Sea Directory, vol. II, 1899, page 326; and China Sea Directory, vol. III, 1904, page 220.

INDIA, WEST—Malabar coast.

A newly discovered anchorage.

No. 305 (third publication).—The Master of the S.S. *Itinda* reports, dated 31st July 1805, that he found smooth water and excellent holding ground at the following bearings about 1¼ miles near Cochin:—

Cochin flagstaff S. 49° E. true.
Malipuram flagstaff N. 36° E. true.
„ obelisk N. 14° E. true.
26 feet L. W. O. S. plus 2 feet soft mud.

The following is the result of careful measurement and triangulation:—

Cochin light-house to Malipuram flagstaff—
N. 11° W. (mag.) 20,810 feet, 3·42 miles.
Malipuram flagstaff to Malipuram obelisk—
N. 26° W. (mag.) 7,080 feet, 1·16 miles.

AUSTRALIA, SOUTH—Gulf of St. Vincent.

Port Adelaide river—No. 2 light beacon removed and red light exhibited.

No. 306 (third publication).—With reference to Notice to Mariners No. 279, dated 15th July 1905, issued by this office, the President of the Marine Board, Port Adelaide, has given further notice (No. 20 of 1905) informing Masters of Vessels, Pilots and others that Deepening Operations in the vicinity necessitate the removal of No. 2 Light Beacon, and that on and after the 1st July next, a Red Light in lieu thereof will be exhibited from the Red Pile Beacon south of No. 3. This Light on with No. 4 will point out when to turn off No. 2 lead (two Red Lights) and direct the course towards No. 3 Light Beacon. It should be noted that the numbers of the outer leads have been altered.

The positions of all the above lights, as well as those supplied by the Light's Passage Harbour Contractors, are shown on Amended Chart obtainable at these offices.

Sailing directions.

By night.—In approaching the anchorage vessels of deep draught should not bring the White Light on the old structure to bear north of N.E. by E. in order to avoid the four-fathom patch, which bears N.W. ½ N. from the Light on Wonga Shoal; then get No. 1 lead [which consists of two Red Lights vertical seven (7) feet apart and Two White Lights vertical seven (7) feet apart] in line; keep these in line passing between the Occulting Light on the Red Buoy and the Outer Green Light on the North Bank, also between the other Green Lights on the North Bank and the White Lights on the revetment mound.

Steer on the same line until the two Red Lights of No. 2 lead are coming on; then steer with them on line until the Red Light south of No. 3 Beacon is on with No. 4; then direct the course to pass a safe distance off No. 3; then steer for a like distance off No. 4, and so on from Beacon to Beacon round the point until No. 9 is reached. From a safe distance off No. 9 the Lights of No. 10 lead will be seen; keep them in line until the Red Light is about a quarter of a point open to the right of the White Light of No. 11 lead; then gradually alter the course to bring the Lights of No. 11 lead in line; keep them in line (a sharp lookout being kept for the mooring buoys on the starboard hand) until the Lights of No. 12 lead are seen coming into line; proceed as before by altering the course before the Lights are on with each other. The same applies in the change from No. 12 to No. 13 leads; when the Lights on the wharves are seen opening out off Luff Point, alter the course so as to round the point at a safe distance, and then up the centre of the Channel, looking out for the Mooring Buoys on the starboard hand.

By day.—The directions by day are the same as by night, merely substituting the Beacons for the Lights.

In going outwards the directions are just the opposite to those given for coming inwards; but in such case, in changing from one lead to another, the course should be gradually altered when abreast of the Low (Red) Beacon of each lead, excepting No. 2 lead. In this case, when abreast of No. 3 Beacon gradually alter the course to bring the Light of No. 4 Beacon between the Light of No. 3 Beacon and the Red Light on the Beacon south of it, until the two Red Lights of No. 2 lead are coming in line, then bring the Red Light on with No. 4 Beacon, and proceed outwards with No. 2 lead in line.

During the progress of the work at the Light's Passage Harbour Works masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a pilot to assist them in passing such works, either in or out, at one-half the usual rates.

If the usual exemption flag is not hoisted, it will be taken as a signal that a pilot is required. At night, if a pilot is required, the usual signal for a pilot should be shown.

N.B.—Owing to the nature of the work in progress, this notice may require to be amended fromtime to time, and, therefore, should be treated as tentative only.

This affects Admiralty Charts 2389A and B, 1750 and 1752.

CHINA, NORTH COAST.

Chifu light—Intended alteration in character.

No. 307 (third publication).—The British Admiralty has given notice (No. 649 of 1905) that it is intended to alter the character of Chifu light, on Kung tung tao, from white fixed to *white group flashing*, showing groups of three short flashes *every twenty seconds*, and visible in clear weather from a distance of 22 miles, the light being of the 3rd order.

During alterations, which were to be commenced on 1st July, the former light would be replaced by two *white fixed* dioptric lantern lights, suspended one on each side of the gallery, and visible in clear weather from a distance of 8 miles.

Approximate position, lat. 37° 34′ N., long. 121° 30½′ E.

Further Notice will be given when this alteration has been made.

This Notice affects the following Admiralty Charts:—Shantung promontory, No. 1255; Ching tsu Shan to Chifu bluff, No. 1260: Also, List of Lights, part VI, 1905, No. 828; and China Sea Directory, vol. III, 1904, page 565.

CHINA, EAST COAST—Port Shelter.

Rocks in approach.

No. 308 (third publication).—The British Admiralty has given notice (No. 650 of 1905) of the existence of the undermentioned rocks in the approach to port Shelter, in the following positions:—

a. A rock, with a depth of 1½ fathoms over it at low-water springs, situated in a position from which Steep island summit bears N. 85° E., distant 3 cables, and the southern summit of Yi bluff S. 23° W.

b. A rock, with a depth of 6 fathoms over it at low-water springs, situated in a position from which Steep island summit bears S. 38° E., distant 6 cables, and the eastern extremity Po toi o point S. 34° W.

c. A rock, with a depth of 4¼ fathoms over it at low-water springs, situated in a position from which North rock bears S. 10° E., distant one cable, and Steep island summit S. 85° W.

d. North rock is 12 feet above high water, and the reef situated one cable south-eastward from it dries 6 feet at low water.

Approximate position, Steep island summit, lat. 22° 16¾′ N., long. 114° 18¾′ E.

JAPAN—NAIKAI (INLAND SEA).

Shimonoseki (Simonoseki) strait—Light buoys established.

No. 309 (third publication).—The British Admiralty has given notice (No. 655 of 1905) that the can buoy marking the north-east end of Moji shoal, situated at a distance of 6½ cables S. 73° E. from the Observation spot, Simonoseki, has been replaced by a light buoy, painted in red and white horizontal bands, and exhibiting a *white occulting* light *every six seconds*, thus:—light *four seconds;* eclipse, *two seconds.*

Also, that a light-buoy, painted black, marked "Kannon zaki," exhibiting a *red occulting* light *every six seconds*, has been established in a position from which the 79 feet △ Shimonoseki bears N. 60° W., distant 2⅛ cables, and the Observation spot N. 38° E., the light shows thus:—light, *four seconds;* eclipse, *two seconds.*

Approximate position, Observation spot, lat. 33° 57⅛′ N., long. 130° 56½′ E.

PACIFIC OCEAN—NEW GUINEA, NORTH-EAST AND SOUTH COASTS.

Shoals reported.

No. 310 (third publication).—The British Admiralty has given notice (No. 657 of 1905) of the existence of the undermentioned shoals on the north-east and south coasts of New Guinea in the following positions:—

North-east coast—

1. *a.* Two or three coral patches in the approach to Dyke Acland bay in approximately lat. 8° 55¼′ S., long. 149° 1¾′ E.

b. A coral patch, about one cable in extent, with apparently about one fathom over it, on which a vessel stranded some years ago, in the approach to Holnicote bay, in approximately lat. 8° 26¼′ S., long. 148° 31½′ E.

South coast—

2. *a.* A large shoal, situated at a distance of about 1½ miles north-westward from Oriobu, in the approach to Launoka Dudu, in approximately lat. 10° 23′ S., long. 149° 24½′ E.

b. A large shoal in the approach to Macfarlane harbour in approximately lat. 10° 15′ S., long. 148° 1½′ E.

c. A patch of small extent, with a depth of 3½ fathoms over it at low water, in port Moresby, situated at a distance of 2¾ cables N. 56° W. from the pier head. This shoal is marked by a buoy.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1905.

THE following is published for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

The 28th August 1905.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1905.

Character of the season.—Sugarcane is grown without irrigation in North and East Bengal and also in North Bengal, while in the Burdwan, Orissa, and Chota Nagpur Divisions and in South Bihar it requires frequent irrigation in summer and occasionally in the autumn after the monsoon

is over. In the first named tract, especially in North and East Bengal, the crop sometimes suffers from excessive rain, while in the second tract the chief cause of damage is a prolonged drought. During the present year in the Patna Division which grows most sugarcane in the province, the rainfall in June was generally less than an inch against a normal of from 6 to 8 inches. Indeed the monsoon can hardly be said to have penetrated into this division during June. The Chota Nagpur and the Burdwan Divisions also suffered from drought in that month. Some of the districts of the Dacca and Rajshahi Divisions suffered from excessive rainfall in July.

(2) *Area sown.*—The normal area under sugarcane in this Province is now estimated at 655,800 acres, and the actual area sown this year at 622,300 acres against 628,800 acres of last year.

(3) *Outturn.*—In 13 districts the outturn is expected to reach, and in one (Sonthal Parganas) to exceed, the normal. In 12 districts the outturn is estimated between 90 to 99 per cent., and in an equal number of disiricts between 80 to 89 per cent. In the remaining 8 districts the estimated outturn is between 70 to 79. The District Officers' returns work up to a general outturn of 93 per cent. for the entire Province.

(4) *Other sources of gur.*—The total quantity of gur obtained from the juice of the date palm is reported to be approximately 3,240,000 cwt. of which nearly three quarters come from the districts of Jessore, Faridpur and Backergunge. The total quantity of gur from the juice of the palmyra palm amounts approximately to 10,600 cwt. The chief centres of the industry appear to be Rajshahi, Howrah, Hooghly, and Midnapore.

CALCUTTA,
The 14th August 1905.

N. D. BEATSON BELL,
Offg. Director of Land Records and Agriculture, Bengal.

[On an average of the five years ending 1903-1904 the area under sugarcane crop in the territory to which this forecast relates has represented some 29·6 per cent. of the total area under sugarcane crop in British India.]

No. 175, dated Calcutta, the 2nd June 1905.

From—Babu Ram Anugrah Naryan Singh, Chairman, Maniktala Municipality,
To—The Magistrate of the 24-Parganas, Alipore.

With reference to your circular letter No. 15M., dated the 10th May 1905, calling for a report on the working of the Licensed Jute Warehouses and Fire Brigade Act in this Municipality for the year 1904-1905, I have the honour to report that the share of expenditure allotted to this Municipality by the Commissioner of Police was Rs. 1,362. This was discharged by two instalments.

2. The revenue during the year under review—

	Rs.	A.	P.
amounted to	1,699	6	3
receipts during 1903-1904 ...	1,731	3	9
showing a decrease of	31	13	6

than the previous year as per subjoined comparative statement of the years 1903-1904 and 1904-1905.

3. The annexed statement will show the number of warehouses and licenses issued during the year under review, and in the previous year:—

4. License fees were levied on jute warehouses at 4 and 6 per cent. on the annual valuation and at 10 per cent. on trades of other descriptions mentioned above, and the fees were duly paid off.

5. The jute godowns and firewood, packing-cases, hay and straw depôts, etc., are mostly situated near the Circular Canal, which forms the western boundary of this Municipality. Surah Jute Mills is the only mill within this Municipality for the manufacture of gunny-bags, situated on the north of Narikeldanga main road.

6. There was no fires in this Municipality during the year under review.

No. 104G.M., dated Garden Reach, the 31st May 1905.

From—A. E. SHORTER, Esq., Chairman, Garden Reach Municipality,

To—The Magistrate of the 24-Parganas, Alipore.

WITH reference to your Circular No. 15M., dated the 10th May 1905, I have the honour to submit the following report on the working of the Bengal Jute Warehouses and Fire Brigade Act in this Municipality for the year 1904-1905.

2. During the year of report licenses were granted to all warehouses as defined in clause 8, section 3 of Act I of 1893, within this Municipality. The amount paid by this Municipality as its share of contribution towards the Metropolitan Fire Brigade Fund during 1904-05 was Rs. 2,271, whilst the total amount of license fees levied was Rs. 2,248. There was thus a deficit of Rs. 31 which was met from the general funds of the Municipality.

3. No fire was reported to have broken out within this Municipality during the year under review.

4. The annexed statement will show the number of warehouses within this Municipality to which licenses were granted during 1904-05, and the amount of fees levied from them.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

p, passing temporary showers; o, overcast; d, drizzling rain; g, gloomy.

No. 1101-E., dated Simla, the 25th August 1905.

RESOLUTION—By the Government of India, Public Works Department.

Improvement in the pay of the Administrative Officers of the Engineer Establishment, Public Works Department.

READ—

Despatch No 131 (Financial), dated the 27th April 1905, to the Secretary of State for India.
Despatch No. 45 (Public Works), dated the 4th August 1905, from the Secretary of State for India.

The Government of India have for some time past realised that the small increase in the pay of the 2nd and 3rd classes of Superintending Engineers sanctioned in Public Works Department Resolution No. 293-G., dated 1st March 1900, did not possess the element of finality, and that a further substantial improvement in the pay of the Administrative grades of the Public Works Department was urgently demanded in order, first, to maintain that high standard of efficiency which is absolutely essential in a service controlling a vast system of State Works and, secondly, to check the tendency to premature retirement so as to retain, for the full term of an Indian career, officers of the highest professional attainments whose ripe experience is of the utmost value to the Administration. With these objects in view the Government of India have obtained the sanction of the Secretary of State to the following arrangements, viz.:—

(*a*) The grade of third class Chief Engineer is abolished, and the scale of pay will be Rs. 2,750 and Rs. 2,500 for the 1st and 2nd classes of Chief Engineers, respectively. The distribution between the two classes will be equal, an excess of one falling in the lower class.

(*b*) The pay of the Superintending Engineer classes shall be—

	Rs.
1st class	2,000
2nd „	1,750
3rd „	1,500

The distribution between the three classes will be equal, an excess of one falling in the second class and an excess of two in the second and third classes.

(*c*) Local allowances of Rs. 250 and Rs. 150 a month will be attached to the posts of Secretary to Local Governments and Administrations: the former amount will be drawn, in addition to the pay of rank, by a Chief Engineer who is also a Secretary to a Local Government, and the latter by a Superintending Engineer when Secretary to a minor Administration.

(*d*) The pay of the Secretary to the Government of India in the Public Works Department will be raised from Rs. 3,000 to Rs. 3,500 a month.

These changes will have effect from the 21st August 1905, and all officers holding rank, either permanent or temporary, in the old third class of Chief Engineer, now abolished, will from that date rank as Chief Engineer, second class, permanent or temporary, as the case may be.

To the Governments of Madras and Bombay, Public Works Department.
To the Governments of Bengal, the United Provinces of Agra and Oudh, the Punjab and Burma, Public Works Department.
The Honourable the Chief Commissioners of the Central Provinces and Assam.
The Chief Commissioner of Coorg.
The Honourable the Resident at Hyderabad.
The Honourable the Agents to the Governor-General for Central India, Rajputana and Baluchistan
The Honourable the Agent to the Governor-General and Chief Commissioner, North-West Frontier Province.
The Accountant-General, Public Works Department.
The Secretary, Railway Board.

ORDER.—Ordered that this Resolution be circulated to the Local Governments, Administrations and Officers noted in the margin for information and guidance, and that it be published in the *Gazette of India*.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

ESTABLISHMENT.

Offg. Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22.—Notification.—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905 :—

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly ;
(2) the river Hooghly, from Nadia to its junction with the river Mathabhanga ;
(3) the river Jalangi, from the Ganges to Nadia ;
(4) the river Bhairab, from the Ganges to Nadia ;
(5) the river Mathabhanga, from the Ganges to its junction with the Hooghly ;
(6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhanga rivers, respectively.

1. Every vessel entering or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows :—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements :—

Class I.—

(*a*) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

(*c*) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

(*d*) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

(*e*) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

(*f*) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged : provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself : provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M and 5 P.M.

EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
(2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
(3) the river Jallanghi, from the Ganges to Nadia;
(4) the river Bhairab, from the Ganges to Nadia;
(5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
(6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively,

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

(*a*) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depths from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.

(*d*) In the case of steamers, the tonnage as determined by clauses (*a*), (*b*) and (*c*) shall be reduced by one-half as an allowance for engine and cabin space.

(*e*) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

19. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (*a*) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(*b*) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(*c*) The person in charge of a vessel approved as in clause (*b*) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (*a*) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(*b*) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (*a*) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day.

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(*b*) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 28 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to asteam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorized to receive payment thereof.

PROPOSED RULES.

30. For any contravention of Rules 4, 7(*c*), 17, 18, 20, 21, 23, 24, 28, 30, or of any notice issued thereunder, the person in charge of the vessel, or other person in fault, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

24. For every vessel or raft, or fleet of vessels or rafts, and for every timber which shall pass into, or out of, or through, any of the Nadia Rivers in violation of Rules 22 and 23, the owner thereof or the person in charge shall, on conviction by a Magistrate under section 18 of the "Canals Act, 1864," be punishable by a fine not exceeding Rs. 10 for each vessel, raft, or timber in excess of the number authorized, besides being subjected to the payment of the prescribed toll on the same. The payment of the toll shall, if necessary, be enforced in the manner described in section 9 of the "Canals Act, 1864."

27. Refusal to pay the toll on steamers or floats, except on those which are furnished with a certificate under Rule 25, or evasion, or attempt at evasion, of such payment, will be dealt with under sections 9 and 10 of the "Canals Act, 1864;" except that, instead of the vessel being seized and detained as directed in section 9, any separate cargo or stores, the sale proceeds of which will be sufficient to defray the amount of toll that should be paid, and which can, without inconvenience or danger to itself or to the rest of the cargo, be taken out of the vessel, shall be so taken out and detained, and subsequent proceedings shall be taken thereon as directed in section 9.

28. Any person who may without just cause refuse to pay any toll demanded of him by officers of the toll establishment, or who may evade, or attempt to evade, any such toll, or who may be a party to the transfer, or attempted transfer, of any ticket or pass, or who may without reasonable cause neglect or refuse to place his vessel in any situation in which he may be required by the Toll Collector to place it, or who may without reasonable cause neglect or refuse to remove his vessel from the measuring ghât after measurement, or unload cargo without the permission of the Toll Collector, shall be punishable under section 10 of Act V of 1864 (B.L.C.), on conviction before a Magistrate, with a fine which may amount to Rs. 50, or with simple imprisonment in lieu of fine which may extend to one month.

29. Any person who shall without sufficient excuse, neglect or refuse to produce, when called upon by the Toll Officers, or by any other person whose duty it may be to check the collection of tolls on the rivers, any ticket or pass which he may be required by these rules to produce, shall be liable to pay tolls whether he shall or shall not have previously paid them, and shall also be liable to a fine under section 10 of the Canals Act which may amount to Rs. 50.

30. Complaints against the conduct of the subordinate officers and enquiries for information must be preferred to the Toll Collector.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the "Gazette of India."*]

The following orders, issued by the Government of India in the Home Department, are republished for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

PUBLIC.

Simla, the 1st September 1905.

No. 2832.—The following proclamation, to which the sanction of His Majesty the King, Emperor of India, has been signified by the Secretary of State for India, in Council is hereby published :

PROCLAMATIO .

The Governor-General is pleased to constitute the territories at present under the administration of the Chief Commissioner of Assam to be, for the purposes of the Indian Councils Act, 1861 (24 and 25 Vict., c. 67), a Province to which the provisions of that Act touching the making of laws and regulations, for the peace and good order of the Presidencies of Fort St. George and Bombay shall be applicable, and to direct that the said Province shall be called and known as the Province of Eastern Bengal and Assam, and further to appoint the Honourable Mr. Joseph Bampfylde Fuller, C.S.I., C.I.E., of the Indian Civil Service, now Chief Commissioner of Assam, to be the first Lieutenant-Governor of that Province, with all powers and authority incident to such office.

2. The Governor General in Council is pleased to specify the sixteenth day of October, one thousand nine hundred and five, as the period at which the said provisions shall take effect, and fifteen as the number of Councillors whom the Lieutenant-Governor may nominate for his assistance in making laws and regulations.

3. The Governor-General in Council is further pleased to declare and appoint that upon the constitution of the said Province of Eastern Bengal and Assam the districts of Dacca, Mymensingh, Faridpur, Backergunge, Tippera, Noakhali, Chittagong, the Chittagong Hill Tracts, Rajshahi, Dinajpur, Jalpaiguri, Rangpur, Bogra, Pabna, and Malda, which now form part of the Bengal Division of the Presidency of Fort William, shall cease to be subject to or included within the limits of that Division, and shall thenceforth be subject to and included within the limits of the Lieutenant-Governorship of the Province of Eastern Bengal and Assam.

PROCLAMATION.

No. 2834.—In exercise of the powers vested in him by section 4 of the Government of India Act, 1865 (28 and 29 Vict., c. 17), the Governor-General in Council is pleased to declare and appoint that, with effect from the sixteenth day of October, one thousand nine hundred and five, the district of Sambalpur (except the Chandarpur-Padampur

Zamindari and the Phuljhar Zamindari), which now forms part of the Central Provinces, shall cease to form part of those Provinces, and shall be subject to and included within the limits of the Bengal Division of the Presidency of Fort William.

SANITARY.

PLAGUE.

The 30th August 1905.

No. 1440.—By the Home Department Notification No. 1309, dated the 12th September 1904, the Governor-General in Council, under the powers conferred by section 2, sub-section (*1*), of the Epidemic Diseases Act, 1897 (III of 1897), directed that the pilgrimage to the Hejaz during the season of 1905 might be permitted to any resident of India, subject to certain precautions, from the port of Bombay in the presidency of Bombay.

2. The Haj will be open during the ensuing pilgrim season to any resident in India, subject to the regulations hereinafter stated.

3. The orders contained in the Home Department Notification No. 1309, dated the 12th September 1904, are hereby cancelled.

4. The Governor-General in Council is pleased to direct—

(1) that no person shall be permitted to embark with the object of making a pilgrimage to Mecca except at the port of Bombay in the presidency of Bombay;

(2) that no person shall be permitted to embark for such purpose at such port unless he has been kept under observation in a place appointed for the purpose at or near the port of embarkation until such time as the medical officer in charge shall be satisfied that all risk of such person conveying the infection of plague has completely abated;

(3) that no passage tickets for the Hejaz shall be sold except at the place appointed for the detention of intending pilgrims under observation.

5. Although they have decided that, subject to the foregoing precautions, the pilgrimage to the Hejaz may be permitted, the Government of India think it necessary to repeat the warning given last year, that intending pilgrims will be well advised in deferring the fulfilment of their purpose until another season, in view specially of the stringent quarantine rules imposed by the Turkish Government and of the inconvenience and harassment to which it is likely that they will be subjected on arriving in Arabia.

JUDICIAL.

The 1st September 1905.

No. 1363.—In exercise of the power conferred by the Indian High Courts Act, 1865 (28 and 29 Vict., c. 15), section 3, the Governor General in Council is pleased to authorize and empower the High Court of Judicature at Fort William in Bengal to exercise, with effect from the sixteenth day of October, one thousand nine hundred and five, within that portion of His Majesty's dominions in India which is comprised within the limits of the Sambalpur district (except the Chandarpur-Padampur Zamindari and the Phuljhar Zamindari), and is not included within the limits of the places for which the said High Court was established, all such jurisdiction and powers as the said High Court may from time to time exercise within the limits of the place for which the said High Court was established.

Midnapore Collectorate, the 12th August 1905. J. H. KERR, Collector of Midnapore.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government to the undermentioned estate situate in the district of Hooghly will be sold by public auction subject to the conditions specified below at the Hooghly Collectorate on the 18th September 1905, corresponding to the 2nd of Assin 1312 B.S.:—

Conditions of Sale.

1st.—The estate is to be sold to the highest bidder above the upset price, viz., Rs. 49-2. The purchaser of the estate will be registered as the proprietor of the estate, and the entire proprietary right of Government will be transferred to him subject to the payment of revenue fixed in perpetuity of Rs. 24-9 as per Schedule given below.

2nd.—The sale is to be subject to existing leases and the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount is to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount of bid is to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is, to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FIRST QUARTER OF 1905-1906.

No. 5915B., dated Calcutta, the 18th August 1905.

From—J. T. RANKIN, Esq., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit the following report on the state of the salt market for the first quarter of the year 1905-1906, comprising the months of April, May, and June 1905.

Member in charge:
THE HON'BLE MR. K. G. GUPTA, I.C.S.

2. The quantity of salt of every description cleared during the quarter amounted to 34,29,653 maunds, as compared with 29,58,842 maunds in the previous quarter, and 32,52,118 maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 48,44,789, as against Rs. 52,70,595 in the previous quarter and Rs. 61,37,272 in the corresponding quarter of the previous year.

3. The subjoined Table (I) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as

compared with the figures of the corresponding quarters of the two previous years.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

NOTIFICATIONS

No. 2459—The 9th September 1905.—In exercise of the powers conferred by section 163 of the Assam Labour and Emigration Act, 1901 (VI of 1901), the Lieutenant-Governor is pleased to direct that the following amendment shall be made in Rule 49 of the rules framed under the Act, as amended by Notifications No. 981, dated the 23rd February 1904, and No. 1670T.—G., dated the 25th September 1904 :—

Substitute for the words "shall be entered" in Rule 49 *the words* "shall, as far as possible, be entered without delay after admission."

No. 2464.—The 6th September 1905.—The following draft of a notification which it is proposed to issue in exercise of the powers conferred by the Assam Labour and Emigration Act, 1901 (VI of 1901), is published for the information of persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration after the expiry of one month from this date.

2. Any objection or suggestion which may be received from any person with respect to the draft within the period fixed as aforesaid, will be considered by the Lieutenant-Governor.

DRAFT NOTIFICATION.

IN exercise of the powers conferred by section 163 of the Assam Labour and Emigration Act, 1901 (VI of 1901), the Lieutenant-Governor is pleased to direct that the following amendments shall be made in the rules framed under the said Act and promulgated under Notification No. 3412, dated the 15th October 1901 :—

1. In clause (*b*) of rule 165, *for* the words "Medical Inspector or other officer so empowered" *substitute* the words "Superintendent of Emigration, Calcutta."

2. To rule 165 *add* :—

"Every Medical Officer licensed under this rule shall have qualified either as a Licentiate in Medicine and Surgery or as a Military Assistant Surgeon, or Hospital Assistant.

"The Local Government may, if it thinks fit, direct that so much of this and the following rules as relates to the appointment and function of a Medical Officer shall be inapplicable in the case of vessels proceeding to the districts of Cachar or Sylhet with less than fifty emigrants on board:

Provided that—

(*i*) the Medical Inspector of Emigrants at Goalundo may, notwithstanding any such direction, declare that in any particular case a Medical Officer of the compounder class shall be carried; and for the purposes of this proviso two compounders shall be kept in reserve;

(*ii*) where there is no Medical Officer on board, all intending emigrants shall be carefully examined before embarkation; and

(*iii*) the Master shall put in at the nearest dispensary in the event of an accident occurring or of disease or illness breaking out, and disembark the emigrants affected for examination and treatment."

3 From rule 173 *omit* the words "who shall hold a diploma either of Licentiate in Medicine and Surgery or of an Apothecary or of a Vernacular Licentiate in Medicine and Surgery."

No. 2448—The 12th September 1905.—The following is published for general information :—

No. 2831—42.

Extract (paragraphs 1 and 2) from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

FORM OF CERTIFICATE OF IDENTITY.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22.—Notification.—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905 :—

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly ;
(2) the river Hooghly, from Nadia to its junction with the river Mathabhanga ;
(3) the river Jalangi, from the Ganges to Nadia ;
(4) the river Bhairab, from the Ganges to Nadia ;
(5) the river Mathabhanga, from the Ganges to its junction with the Hooghly ;
(6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhanga rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows :—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements :—

Class I.—

(*a*) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

(*c*) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

(*d*) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

(*e*) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

(*f*) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged : provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself : provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
(2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
(3) the river Jallanghi, from the Ganges to Nadia;
(4) the river Bhairab, from the Ganges to Nadia;
(5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
(6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively,

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

(*a*) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depths from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.

(*d*) In the case of steamers, the tonnage as determined by clauses (*a*), (*b*) and (*c*) shall be reduced by one-half as an allowance for engine and cabin space.

(*e*) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

19. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (*a*) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(*b*) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(*c*) The person in charge of a vessel approved as in clause (*b*) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (*a*) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(*b*) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (*a*) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(*b*) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 28 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorised to receive payment thereof.

PROPOSED RULES.

30. For any contravention of Rules 4, 7(*c*), 17, 18, 20, 21, 23, 24, 28, 30, or of any notice issued thereunder, the person in charge of the vessel, or other person in fault, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

Schedule of Tolls to be levied on the Nadia Rivers under Act V of 1864, Section 6, irrespective of the distance travelled.

EXISTING RULES.

24. For every vessel or raft, or fleet of vessels or rafts, and for every timber which shall pass into, or out of, or through, any of the Nadia Rivers in violation of Rules 22 and 23, the owner thereof or the person in charge shall, on conviction by a Magistrate under section 18 of the "Canals Act, 1864," be punishable by a fine not exceeding Rs. 10 for each vessel, raft, or timber in excess of the number authorized, besides being subjected to the payment of the prescribed toll on the same. The payment of the toll shall, if necessary, be enforced in the manner described in section 9 of the "Canals Act, 1864."

27. Refusal to pay the toll on steamers or floats, except on those which are furnished with a certificate under Rule 25, or evasion, or attempt at evasion, of such payment, will be dealt with under sections 9 and 10 of the "Canals Act, 1864;" except that, instead of the vessel being seized and detained as directed in section 9, any separate cargo or stores, the sale proceeds of which will be sufficient to defray the amount of toll that should be paid, and which can, without inconvenience or danger to itself or to the rest of the cargo, be taken out of the vessel, shall be so taken out and detained, and subsequent proceedings shall be taken thereon as directed in section 9.

28. Any person who may without just cause refuse to pay any toll demanded of him by officers of the toll establishment, or who may evade, or attempt to evade, any such toll, or who may be a party to the transfer, or attempted transfer, of any ticket or pass, or who may without reasonable cause neglect or refuse to place his vessel in any situation in which he may be required by the Toll Collector to place it, or who may without reasonable cause neglect or refuse to remove his vessel from the measuring ghât after measurement, or unload cargo without the permission of the Toll Collector, shall be punishable under section 10 of Act V of 1864 (B.L.C.), on conviction before a Magisteate, with a fine which may amount to Rs. 50, or with simple imprisonment in lieu of fine which may extend to one month.

29. Any person who shall without sufficient excuse, neglect or refuse to produce, when called upon by the Toll Officers, or by any other person whose duty it may be to check the collection of tolls on the rivers, any ticket or pass which he may be required by these rules to produce, shall be liable to pay tolls whether he shall or shall not have previously paid them, and shall also be liable to a fine under section 10 of the Canals Act which may amount to Rs. 50.

30. Complaints against the conduct of the subordinate officers and enquiries for information must be preferred to the Toll Collector.

DACCA DIVISION.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE CANDIDATES.

1. A student who has not attended any H. E. School recognised by the University since the 1st September next preceding the Entrance examination, or who has been transferred after the 1st September to the school from which he appears without the consent of the Divisional Inspector of Schools will be treated as a private candidate.

2. School-teachers are classed as "Private candidates."

3. Private candidates desirous of sitting at the ensuing University Entrance examination must appear at a test-examination in one of the undermentioned schools:—

(1) Dacca Collegiate School.
(2) Mymensingh Zilla School.
(3) Faridpur Zilla School.
(4) Barisal Zilla School.

4. The test-examinations of the zilla schools will be held on the 8th January 1906 and the following days. The date of examination of the Collegiate School should be ascertained from the Head Master of that school.

5. Every private candidate must submit his application to the Head Master of one of the schools named above at least three weeks before the test-examination, and satisfy the following conditions:—

(*a*) that he has not failed at the test-examination of any Entrance school during the current session;

(*b*) that he has not left school from any class lower than the first; and

(*c*) that he has left the school in which he last read with a transfer certificate, or (in the case of a candidate who appeared at any previous examination) he is in possession of the Registrar's receipt.

A school-master is required to produce a certificate from the Secretary of the school in which he has served as a *bonâ-fide* teacher for a period not less than six months, or if he has served in several schools, he must produce certificates from the Secretaries of each of them to prove that he has served as a *bonâ-fide* teacher in all of them.

6. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he appears for examination. After payment of the necessary expenses, the balance of the fees will be paid to the examiners as remuneration.

7. He must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, and satisfy him as to his character, otherwise he will not be admitted to the test-examination.

8. The Head Masters of the schools named above are requested to send to this office a statement showing the marks gained by each private candidate in each subject at the test-examination within a fortnight from the date of the said examination, and are authorised

to sign the application forms of eligible candidates, which should be forwarded to this office for countersignature and return in due time.

9. Private candidates should arrange to remit their examination fees, together with the application forms, direct to the Registrar, so as to reach him on or before the 31st January 1906.

10. The next Entrance examination begins on the 12th March 1906.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ-fide* teachers of recognised English schools will be admitted to the F.A. and B.A examinations as private candidates, provided they have served in their respective capacities for a period of two academical years.

Bonâ-fide teachers are those who hold paid appointments in English schools, teaching up to at least the Middle English standard.

2. Exceptions to the above rule will be made in the case of those candidates who, after failure at a previous examination, have served for six months since the date of the last examination held by the University. If, however, a candidate has not completed six months' service at the time of submitting his application, he must give a written guarantee that he will remain in his post until he completes six months' service before the examination.

3. School-masters should submit, with their applications, certificates of character and length of service from the Secretaries of their respective schools, which will be retained, and also the University certificates, in proof of their having passed the Entrance or F.A. examination, as the case may be. Candidates who have previously failed at the examination should produce the Registrar's receipt in addition.

4. Applications must reach this office on or before the 7th January 1906.

5. Fees should be remitted by the candidates direct to the Registrar of the University of Calcutta, together with the application forms countersigned by the Inspector of Schools, so as to reach the office of the Registrar on or before the 12th February 1906

6. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M A. examination of the University of Calcutta, other than as regular students of some affiliated college, are requested in the first instance to apply for and obtain the permission of the Senate Their applications cannot be accepted unless they are supported by the permission of the Senate.

Office Memo. of the Inspector of Schools, Bhagalpur Division.

UNIVERSITY ENTRANCE EXAMINATION, 1906.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who does not appear from any school, or who has been transferred since the 1st September next preceding the examination, without the consent of the Inspector, to the school from which he appears, will be treated as a private student.

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination unless accompanied, for the purpose of identification, by some person known to the Head Master.

3. The first day of the test-examination in all zilla schools in the Bhagalpur Division will be the 2nd January 1906.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the Head of the institution at which he appears. The balance of fees, after payment of expenses (stationery, &c), will go as remuneration to the examiners.

5. Candidates for the test-examination should apply to this office not later than the 20th November 1905. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who had failed at a previous Entrance Examination and did not join a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who had failed to pass the annual examination for promotion to the first class at the end of session 1904-1905 and then left the school cannot under any circumstances be allowed to appear at the Entrance Examination that will be held on the 12th March 1906 and following days.

7. Each candidate should submit with this application a statement showing—

(1) Age.

(2) Residence.

(3) Father's name.

(4) Second language, besides English.

(5) Whether he appeared at any previous Entrance Examination.

8. *Bonâ-fide* teachers employed in any of the recognised schools in the Bhagalpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

9. The forms of application for permission to appear at the Entrance Examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. Applications and fees for submission to the Entrance Examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 31st January 1906.

F.A. AND B.A. EXAMINATIONS, 1906.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognised English schools in the Bhagalpur Division of two years' standing, *i.e*, who have served as such for full two academical sessions, or for six months in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations. These latter must have served for six months prior to the submission of their applications to the Inspector for countersignature. (*d*) Age of the candidate.
(*e*) In the case of school-masters, a certificate of good conduct from the Secretary or proprietor of the school in which the candidate is serving.

4. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission *to the test examination.*

5. The Head-master of an institution (one of those named above) should direct private students who had satisfied the test to appear before him not later than the 15th January with their applications for admission to the Entrance examination; and to sign them in his presence. He will then grant the necessary certificates, and forward the applications to this office for countersignature, after which they will be sent by the Inspector *direct* to the candidates.

6. *Under no circumstances should the entrance fee be sent to this office,* but it should be sent to the Registrar by the candidates themselves, together with the countersigned applications, which will be returned to the respective Head-masters for delivery to candidates.

7. Private students will understand that the test examination of any schools other than those named above will not be accepted by this office.

8. Addresses of private students should be supplied to this office.

9. The Entrance examination in 1906 will be held on the 12th March 1906 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 31st January 1906.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bond fide* masters of English schools who have served as such for the full period of two academical years, or of six months after the examination of the same class last held by the University in the case of those only who were admitted to a former examination of that class, will be admitted to the abovementioned examinations.

2. Candidates for the F.A. and B.A. examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. examination must forward with their applications their F.A. certificates and those for the F.A. examination their Entrance certificates. Those candidates who have been admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act the candidates for the F.A. and B.A. Examinations are requested, in the first instance, to apply for and obtain the permission of the Senate Their applications will not be accepted unless they are supported by the permission of the Senate.

4. The printed form of application should be carefully filled in and submitted to this office *on or before the 20th January 1906*, together with other papers as mentioned in rules 2 and 3 after which no applications will be received.

5. By *bonâ fide* masters of schools are to be understood masters who hold regularly paid appointments in English schools, teaching at least the M.E. course.

6. The F.A. and B A. examinations in 1906 will be held on the 26th March 1906 and following days. The applications and fees for admission must reach the office of the Registrar on or before the 12th February 1906.

MUHAMMAD IBRAHIM,
Inspector of Schools, Burdwan Division.

ORISSA DIVISION AND THE ORISSA TRIBUTARY MAHALS.

OFFICE MEMORANDUM OF THE INSPECTOR OF SCHOOLS, ORISSA DIVISION.

Rules for appearing at the F.A. and B.A. examinations in 1906 for candidates from the Orissa Division and the Orissa Tributary Mahals who are not students of any affiliated institution.

DEPUTY INSPECTORS OF SCHOOLS, Sub-Inspectors of Schools and *bonâ-fide* teachers of recognized English schools who have served as such for the full period of two academical years, or for a term of six months after an examination of the same class last held by the University in the case of those only who were admitted to a former examination of that class will be admitted to the abovementioned examinations. All applications from school-masters should be accompanied by certificates of length of service from the Secretaries of the schools in which they are employed, and should reach this office not later than the 5th January 1906. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the presence of the Secretary or a member of the Managing Committee of the school in which he is employed. The application should be forwarded to the office of the Inspector of Schools, Orissa Division, for countersignature, together with the Registrar's receipt to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination as the case may be. Such papers will be sent back to him (the candidate) who will have to send them, together with the examination-fee, to the Registrar of the University direct.

2. Candidates should read carefully the form of the certificate which the Inspector of the Division will sign, and should be careful to supply all information and documents required, including the Registrar's receipt, in the case of those who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate applied for.

3. By *bonâ-fide* teachers of schools are to be understood teachers who hold regularly-paid appointments in English schools teaching at least the Middle English course.

4. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M.A. examination of the University of Calcutta, other than as regular students of some affiliated college, are requested in the first instance to apply for and obtain the permission of the Senate. Their applications cannot be accepted unless they are supported by the permission of the Senate.

MEMORANDUM.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE STUDENTS.

1. Private students are those who do not appear from any school, or who have been transferred from one school to another after the 31st August without the consent of the Inspector.

2. The term "Private students" includes School-Masters.

3. Private students must appear at the test-examination of any one of the undermentioned schools on dates to be fixed by Head Masters:—

(1) Ravenshaw Collegiate School (with the permission of the Principal of the College).	(2) Balasore Zilla School. (3) P. M. Academy. (4) Puri Zilla School.

4 Every private candidate must satisfy the following conditions:—

(*a*) That he has not failed at the test-examination of any Entrance school in the current session.

(*b*) That he has not failed to gain promotion to the first class of any Entrance school at the results of the annual examination of the second class in the last session.

(*c*) That he has left the school in which he last read with a transfer certificate, or (in case of a failed student) is in possession of the Registrar's receipt.

5. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he is to appear for the examination.

6. He must arrange for his identification to the officer conducting the test-examination, and he should satisfy the Head Master as to his character, if necessary.

7. The Head Masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation, and to forward with the application forms the marks gained by such candidates at the test-examination. The undersigned will use his discretion in countersigning the forms submitted to him. Private candidates should make their own arrangements to remit their examination-fees and application forms to the Registrar of the Calcutta University.

NOTICE is hereby given that the proprietary right of Government to the undermentioned estate situate in the district of Hooghly will be sold by public auction subject to the conditions specified below at the Hooghly Collectorate on the 18th September 1905, corresponding to the 2nd of Assin 1312 B.S.:—

Conditions of Sale.

1st.—The estate is to be sold to the highest bidder above the upset price, viz., Rs. 49-3. The purchaser of the estate will be registered as the proprietor of the estate, and the entire proprietary right of Government will be transferred to him subject to the payment of revenue fixed in perpetuity of Rs. 24-9 as per Schedule given below.

2nd.—The sale is to be subject to existing leases and the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount is to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount of bid is to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate is to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23

The 9th September 1905.—The following Bill with the statement of Objects and Reasons which was introduced in the Council of the Governor-General of India for making Laws and Regulations on the 8th September 1905, is published for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

A

BILL

TO

Make certain provisions regarding the application of the law in force in the Province of Eastern Bengal and Assam and in certain territory transferred from the Central Provinces to Bengal.

WHEREAS by Proclamation No. 2832, dated the 1st September 1905, the Governor General, with the sanction of His Majesty, has been pleased to constitute the Province of Assam, being the territories mentioned in Schedule A, to be, for the purposes of the Indian Councils Act, 1861, a Province to which the provisions of that Act touching the making of laws and regulations for the peace and good order of the Presidencies of Fort St. George and Bombay shall be applicable, and to direct that the said Province shall be called the Province of Eastern Bengal and Assam, and further to appoint a Lieutenant-Governor of that Province;

24 & 25 Vict., c. 67.

and whereas by the said Proclamation the Governor General in Council, with the like sanction, has been pleased to declare and appoint that, upon the constitution of the said Province of Eastern Bengal and Assam, the districts mentioned in Schedule B shall cease to be subject to or included within the limits of the Bengal Division of the Presidency of Fort William and shall be subject to and included within the limits of the Lieutenant-Governorship of the Province of Eastern Bengal and Assam;

And whereas by Proclamation No. 2833, dated the 1st September 1905, the Governor General in Council has been pleased to declare and appoint that the territory mentioned in Schedule C shall cease to form part of the Central Provinces, and shall be subject to and included within the limits of the Bengal Division of the Presidency of Fort William;

And whereas it is expedient to make certain provisions regarding the application of the law in force in the territories affected by the said Proclamations;

It is hereby enacted as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Bengal and Assam Laws Act, 1905; and

(*2*) It shall come into force on the sixteenth day of October 1905.

Saving of territorial application of enactments.

2. The Proclamations referred to in the preamble shall not be deemed to have effected any change in the territorial application of any enactment, notwithstanding that such enactment may be expressed to apply or extend to the territories for the time being under a particular administration.

Construction of certain references in enactments in force in territory mentioned in Schedules A, B and C.

3. All enactments, and all notifications, orders, schemes, rules, forms and by-laws issued, made or prescribed under enactments, which, immediately before the commencement of this Act, were in force in, or prescribed for, any of the territory mentioned in Schedule A, B or C, shall, in their application to that territory, be construed as if references therein to the authorities, territories or Gazettes mentioned in column I of Schedule D were references to the authorities, territories or Gazettes, respectively, mentioned opposite thereto in column 2 of that Schedule. [*Cf.* Reg. VI of 1901, s. 6.]

Constitution and powers of Board of Revenue in Eastern Bengal and Assam.

4. (*1*) There shall be a Board of Revenue for the Province of Eastern Bengal and Assam, to which the provisions of the Bengal Board of Revenue Regulation, 1822, and the Bengal Board of Revenue Act, 1850, shall, so far as may be, apply.

(*2*) The said Board of Revenue shall discharge, in respect of the territory mentioned in Schedule B, all the functions which, immediately before the commencement of this Act, were vested in or exercisable by the Board of Revenue for the Lower Provinces of the Presidency of Fort William in Bengal, and, in respect of the whole or any portion of the territory mentioned in Schedule A, such of the functions which at the same date were vested in or exercisable by the Chief Commissioner of Assam as the Local Government may, with the previous sanction of the Governor-General in Council, delegate to it. III of 1822. XLIV of 1850.

Powers to Courts and Local Governments for facilitating application of enactments.

5. For the purpose of facilitating the application to any of the territory mentioned in Schedule A, B or C of any enactment passed before the commencement of this Act, or of any notification, order, scheme, rule, form or by-law made under any such enactment— [*Cf.* Reg. VII of 1901, s. 7.]

(*a*) any Court may, subject to the other provisions of the Act, construe the enactment, notification, order, scheme, rule, form or by-law with such alterations, not affecting the substance, as may be necessary or proper to adapt it to the matter before the Court; and

(*b*) the Local Government may by notification in the local official Gazette, direct by what officer any authority or power shall be exercisable, and any such notification shall have effect as if enacted in this Act.

Pending proceedings.

6. Nothing in this Act shall affect any proceeding which at the commencement thereof, is pending in or in respect of any of the territory mentioned in Schedule A, B or C; and every such proceeding shall be continued as if this Act had not been passed. [*Cf.* Reg. VI of 1901, s. 24.]

Repeal.

7. The enactments specified in Schedule E are hereby repealed to the extent mentioned in the fourth column thereof.

SCHEDULE A.

The Province of Assam.

The Districts of Goalpara, Kamrup, Darrang, Nowgong, Sibsagar, Lakhimpur, Sylhet, Cachar, Garo Hills, Khasia and Jaintia Hills, Naga Hills and Lushai Hills.

SCHEDULE B.

SCHEDULE E.

ENACTMENTS REPEALED.

(*See section 7.*)

1	2	3	4
YEAR.	No.	Subject or short title.	Extent of repeal.
1874 ...	VIII	The Assam Chief Commissionership Act, 1874.	The whole Act.
1874 ...	XII	The Sylhet Act 1874.	The whole Act.
1875 ...	XX	The Central Provinces Laws Act, 1875.	The second sentence of section 3 and column 4 of Schedule A in so far as they apply to the territory mentioned in Schedule C.

STATEMENT OF OBJECTS AND REASONS.

IN consequence of the constitution of the Province of Eastern Bengal and Assam, of the transfers of territory made by the Proclamations cited in the preamble to this Bill, and of the extension of the jurisdiction of the High Court of Judicature at Fort William in Bengal by the Notification of the Government of India in the Home Department No. 1363, dated the 1st September, 1905, to the territory mentioned in Schedule C to this Bill, it has become necessary to make provision for the adaptation and application of the laws hitherto in force in the territories affected. The Bill has been framed to effect this. It has no other object. All existing laws are maintained in their entirety, and the Bill merely provides for their administration by the new authorities constituted under the Proclamations and Notification referred to above.

2. The single substantive provision which the Bill contains—the constitution of a Board of Revenue for the Province of Eastern Bengal and Assam—provides for the continuance of the existing Revenue law in the territory transferred to that Province from Bengal.

The 2nd September, 1905 H. ERLE RICHARDS.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the September 1905.*

PACIFIC OCEAN—NEW GUINEA, NORTH-EAST COAST—NEW HANOVER.

Tench island—Existence of a densely-wooded island to the eastward.

No. 341 (first publication).—The British Admiralty has given notice (No. 784 of 1905) of the existence of a densely-wooded, oval-shaped island, about one mile long and half-a-mile broad, situated in approximately lat. 1° 41′ S., long. 150° 46′ E. It is not improbable that this island is identical with Tench island, which is shown on the Chart in nearly the same latitude and 15 miles to the westward of the above position.

This Notice affects the following Admiralty Charts:—Pacific ocean, No. 780; Australia, northern portion, No. 2759a; North-east coast of New Guinea, No. 2766: Also, Pacific islands, vol. I, 1900, page 369; and Supplement, 1903, page 32.

KOREA—SOUTH-EAST COAST—PUSAN (FUSAN) HARBOUR.

Uno se—Light established.

No. 342 (first publication).—The British Admiralty has given notice (No. 789 of 1905) that, on 10th June 1905, an unwatched *white fixed* light elevated 30 feet above high water, and visible in clear weather from a distance of six miles was established on a stone cylindrical beacon, painted in red and black horizontal bands, erected on Uno se (Channel rock) in the northern entrance to Fusan harbour.

Approximate position on Chart No. 1259, lat. 35° 7½′ N., long. 129° 3½′ E.

This Notice affects the following Admiralty Chart:—Fusan harbour, No. 1259: Also, List of Lights, Part VI, 1905, No. 880; and Sailing Directions for Japan, Korea, &c., 1904, page 119.

CHINA—PECHILI STRAIT.

Siau chu shan—Reported extension of shoal.

No. 343 (first publication).—With reference to Notice to Mariners No. 404, dated 21st December 1903, issued by this office, the British Admiralty has given further notice (No. 790 of 1905) that a steam-vessel drawing 15½ feet touched on the shoal extending

from the south point of Siau chu shan (Little Bamboo island) at a distance of one mile S. 5° W. from the south point of the island. A depth of 2 fathoms has therefore been placed on the Chart in this position.

Approximate position lat. 38° 0¼′ N., long. 120° 52½′ E.

(*Variation 3° Westerly in 1905.*)

This Notice affects the following Admiralty Charts:—Shangtung promontory, No. 1855; Pechili strait, No. 1392: Also, China Sea Directory, vol. III, 1904, page 574.

AUSTRALIA, SOUTH—PORT ADELAIDE RIVER.

Beacon light altered.

No. 344 (first publication).—The British Admiralty has given notice (No. 792 of 1905) that, on and after 1st July 1905, a *red fixed* light would be established in port Adelaide river on the red beacon with a rectangular topmark, situated at a distance of 2 cables N. 35° E. from No. 2 beacon, which would be removed in the process of deepening the channel.

Approximate position, red beacon light, lat. 34° 47′ S., long. 138° 29′ E.

(*Variation 5° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—Port Adelaide, No. 1750: Also, List of Lights, Part VI, 1905, No. 1166 (Remarks); and Australia Directory, vol. I, 1897, page 331.

EASTERN ARCHIPELAGO—JAVA ISLAND, EAST COAST.

Surabaya strait, West Gat—Alteration in buoyage.

No. 345 (first publication).—The British Admiralty has given notice (No. 793 of 1905) that a light-buoy, painted white, exhibiting a *white occulting* light *every twenty seconds*, thus:—light, *ten seconds;* eclipse, *ten seconds*, has been established in the northern entrance to the West Gat, Surabaya strait, in a position from which Jamuang reef tide pole bears N. 28° E., distant 2$\frac{1}{10}$ miles, and Gebang village S. 82° E.

Approximate position on Chart No. 934, lat. 6° 58½′ S., long. 112° 42½′ E.

The white conical buoy, No. 5, surmounted by a ball, and the light-buoy, No. 6, exhibiting a white occulting light, formerly situated three cables to the northward and one mile to the southward respectively from the above position, have been withdrawn.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—Java, No. 1654; Surabaya strait on Chart No. 934: Also, Eastern Archipelago, Part II, 1904, page 122.

KOREA—SOUTH COAST—SHOAN TO, EAST COAST.

Shoal reported.

No. 346 (first publication).—The British Admiralty has given notice (No. 794 of 1905) of the existence of a shoal with a least depth of 5 feet over it at low water, situated on the eastern side of Shoan To, at a distance of 5 cables N. 70° E. from the 517 feet ⛰ on the southern part of that island.

This shoal, which has been temporarily marked by a buoy carrying red flag, is 60 yards long in an east and west direction, and has depths of from 8 to 9 fathoms around it.

Approximate position on Chart No. 1558, lat. 34° 7½′ N., long. 126° 40½′ E.

(*Variation 4° Westerly in 1905.*)

This Notice affects the following Admiralty Chart:—Shoan harbour, No. 1558: Also, Sailing Directions for Japan, &c., 1904, page 98.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—LUZON.

Manila entrance—Lights altered.

No. 347 (first publication).—The British Admiralty has given notice (No. 796 of 1905) that, on 1st June 1905, the red fixed light situated near the southern end of the western breakwater at a distance of 1¼ miles S. 41° W. from Manila cathedral, would be replaced by a *red occulting* light *every ten seconds*, thus:—light, *seven seconds;* eclipse, *three seconds;* it would be elevated 28 feet above high water and visible in clear weather from a distance of 7 miles, and exhibited from an iron support surmounting a small concrete house.

Vessels must not pass within 50 yards of this light on account of the submerged portion of the breakwater extending southward from it.

Approximate position, lat. 14° 34½′ N., long. 120° 57′ E.

Also, that on the same date, the red fixed light at the head of the breakwater north side of the entrance to Pasig river, situated at a distance of 8 cables N. 69° W. from the cathedral, would be replaced by a *green fixed* light visible from a distance of three miles.

(*Variation Nil in 1905.*)

This Notice affects the following Admiralty Charts:—Manila bay, No. 976; Manila and Kavite anchorages, No. 3487: Also, List of Lights, Part VI, 1905, Nos. 630 (Remarks), 631; China Sea, vol. II, 1899, page 310; Supplement, 1901, page 9; and Eastern Archipelago Part I, 1902, pages 64, 65.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—PANAY.

Ilo Ilo—Light established.

No. 348 (first publication).—The British Admiralty has given notice (No. 797 of 1905) that a *white fixed* electric light, elevated 113 feet above high water, and visible in clear weather from a distance of 15 miles, has been established on the pilots' watch-tower, near the Custom House at Ilo Ilo, the light power being 1,600 candles.

The pilots' watch-tower is situated at a distance of 6 cables N. 49° W. from the fort.

Approximate position, lat. 10° 42′ N., long. 122° 35′ E.

(*Variation 1° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—Sulu or Mindoro Sea, No. 2578; port of Ilo Ilo, No. 2391: Also, List of Lights, Part VI, 1905, No. 597a; Eastern Archipelago, Part I, 1902, page 244.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—MANILA BAY.

St. Nicholas' bank light—Character altered.

No. 349 (first publication).—With reference to Notice to Mariners No. 52, dated 8th February 1905, issued by this office, the British Admiralty has given further notice (No. 799 of 1905) that, in the latter part of June, the character of St. Nicholas' bank light would be altered from white flashing to a *white fixed* light, visible in clear weather from a distance of 10 miles.

Approximate position on Chart No. 976, lat. 14° 26′ 55″ N., long. 120° 45′ 15″ E.

This Notice affects the following Admiralty Charts:—St. Bernardino and Mindoro straits No. 2577; Manila bay, No. 976: Also, List of Lights, Part VI, 1905, No. 629; China Sea, Directory, 1899, page 307; Supplement, 1901, page 9; and Eastern Archipelago, Part I, 1902, pages 62, 63.

INDIA, WEST—MALABAR COAST.

Cochin harbour—Certain buoys replaced in position.

Mallipuram light discontinued.

No. 350 (first publication).—With reference to Notice to Mariners, No. 130, dated 8th May 1905, issued by this Office, the Presidency Port Officer has given further notice (No. 35 of 1905) that the Bar, Spit, and Quarantine buoys at Cochin will be replaced in position on the 15th September 1905, and that the light at Mallipuram will be discontinued after the 30th idem as usual.

RED SEA—KAMARAN PASSAGE.

Alteration in buoys.

No. 351 (first publication).—The Bombay Government has given notice (No. 71 of 1905) that the black buoy in Kamaran Passage surmounted by staff and ball, at the edge of the shoal extending from Rasel Yemmen, has been replaced. It is situated with Rasel Bayadh telegraph hut bearing S. 22° E. 4¼ cables and the Rocks off Ras Racha (10 feet high) bearing N. 74½° W.

It is moored in 3¾ fathoms at low water springs.

A Red conical buoy, surmounted by staff and ball, has been moored on the 2-fathom shoal in Quarantine Anchorage, Kamaran. It is situated with North Point bearing S. 34° W., distant 5·4 cables, and the mosque N. 67° W.

It is moored in 2¾ fathoms at low water springs.

This Notice affects Admiralty Chart, Kamaran Passage No. 543 and Red Sea and Gulf of Aden Pilot, pages 309, 310, 311 and 312.

AUSTRALIA, SOUTH—SPENCER GULF.

Tumby bay jetty light.

No. 352 (first publication).—The President of the Marine Board, Port Adelaide, has given notice (No. 22 of 1905) informing Masters of Vessels and others that in future a fixed White Light, visible for a distance of about five miles, will be permanently exhibited from the Sea End of the Jetty at Tumby Bay.

This affects Admiralty Chart No. 2389b.

BAY OF BENGAL—Chittagong coast.

Karnafulli river—Depth of water in the channels.

No. 353 (first publication).—The Officiating Port Officer, Chittagong, has given notice that the following depth of water was found in the river channels by soundings taken on the 7th September 1905, and reduced to Zero—

	Ft.	In.
Track No. 2—Inner bar—		
Disc on diamond	11	0
Batten beacon on pillar	11	3

This Notice affects the following Admiralty Charts:—Koh Ta Kut to cape Liant, No. 2720; Menam Chau Fya, No. 999: Also, List of Lights, part VI, 1905, Nos. 644a, b, c; China Sea Directory, vol. II, 1899, page 368; and Supplement, 1901, page 14.

PACIFIC OCEAN—HAWAIIAN OR SANDWICH ISLANDS—MAIN.

Lahaina roads—Light and buoy altered.

No. 335 (second publication).—The British Admiralty has given notice (No. 757 of 1905) that on 20th June 1905, a *fixed* dioptric light, elevated 60 feet above high water, would be established in a pyramidal tower about 55 feet high, painted white, erected about 20 feet to the eastward of the former light, which would be discontinued. The new light shows the following sectors:—*red* from the bearing of N. 36° W., through north, to N. 20° E., *white* from N. 20° E. to East, *red* from East to S. 48° E., the white and red lights being visible in clear weather from distances of 12 and 7 miles respectively.

Approximate position, lat. 20° 52½′ N., long. 156° 40½′ W.

Also, that the red anchorage buoy, situated at a distance of 5 cables S. 45° W. from the lighthouse, would be replaced by a can buoy painted in black and white vertical stripes.

(*Variation 9° Easterly 1905.*)

This Notice affects the following Admiralty Charts:—Sandwich islands, No. 1510; plan of Lahaina roads on chart No. 1490: Also, List of Lights, part VII, 1905, No. 485; Pacific Islands, vol. III, 1900, page 213; and Supplement, 1903, page 15.

AUSTRALIA—NEW SOUTH WALES, EAST COAST.

Montague island—Rock reported to the south-eastward.

No. 336 (second publication).—The British Admiralty has given notice (No. 758 of 1905) that a rock about 30 feet long, and with a depth of 15 feet over it, is reported by fishermen to exist at a distance of 1½ miles S.E. from Montague light-house. An examination of this locality will be made, but vessels in the meantime are advised to give the position a good berth in passing.

Approximate position, lat. 36° 16½′ S., long. 150° 15½′ E.

(*Variation 9° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—Gabo island to port Jackson No. 1211; Gabo island to Montague island, No. 1017: Also, Australia Directory, vol. I. 1897, page 772.

Kulassian bay—Shoal in approach.

No. 337 (second publication).—The British Admiralty has given notice (No. 760 of 1905) of the existence of a shoal, with a depth of 4 fathoms over it, in the approach to Culasian (Kulassian) bay in approximately lat. 8° 51′ N., long. 117° 21′ E. (on Chart No. 967).

This Notice affects the following Admiralty Chart:—Palawan island, No. 967: Also, China Sea Directory, vol. II, 1899, page 217.

AUSTRALIA—TASMANIA—HOBART APPROACH.

Tasman island.—Light intended.

No. 338 (second publication).—The British Admiralty has given notice (No. 773 of 1905) that it is intended to establish a *white flashing* light *every five seconds*, elevated 907 feet above high water, from a lighthouse now in course of construction on the south-eastern part of Tasman island, in the approach to Hobart. The light will be of the first order.

Approximate position, lat. 43° 14½′ S., long. 148° 2′ E.

Further Notice will be given as necessary.

This Notice affects the following Admiralty Charts:—Australia, No. 2759b; Tasmania, No. 1079: Also, List of Lights, part VI, 1905, page 261; and Australia Directory, vol. I, 1897, page 727.

CHINA SEA—Gaspar strait.

Pare Joie reef.—Its approximate position.

No. 323 (third publication).—The British Admiralty has given notice (No. 717 of 1905) that the Captain of the American S.S. *Mississippi* reports that on 10th May his vessel passed a coral reef awash, in the northern approach to Gasper strait, in approximately lat. 2° 19′ S., long. 107° 08′ E.

The position of this reported danger is about 3 miles eastward of the position assigned to the rock on which the ship *Pare Joie* struck in 1870, and remained 24 hours in a position from which Gasper island bore S. ¼ E., distant 5 miles. The report from that vessel also stated that she was 4½ miles eastward of the rock marked E.D., situated on the Chart in lat. 2° 19½′ S., long. 107° 3′ E, or about 3 miles eastward from that given by the bearing, and in that now reported by the *Mississippi*

The first position of the *Pare Joie* and the E.D. position were unsuccessfully searched for by H.N.M. surveying vessel *Hydrograaf* in 1876.

It is quite possible that the three positions which lie in the same latitude, and nearly 3 miles apart from each other, may be one and the same shoal, and near the position assigned to it by the *Mississippi*, and where no soundings have yet been taken. Pare Joie reef has therefore been transferred on the Chart to the position given by the *Mississippi* and the reef E.D. expunged.

There were no changes in the areas fixed for the employment of special police head-constables accompanying salt parties engaged in house-searches under section 18 of the Indian Salt Act, XII of 1882, except in the Matla Circle of the 24-Parganas, where they were revised at the instance of the Assistant Commissioner in communication with the Inspector-General of Police, Lower Provinces.

The Salt Committee.

3. As regards the bonding system the Government of India agreed generally in the conclusions of the Salt Committee. They were of opinion that the system of inland warehouses offers a distinct convenience and economy to the trade, while on the other hand it involves some trouble and expense to Government. They considered that in districts with water communication the advantages of the system outweighed its drawbacks. In other districts, where the trade had been slow to take advantage of the warehouse system, the Government of India were disinclined to permit its introduction.

With regard to the allowance for wastage on bonded salt, the Government of India accepted the conclusions of the Committee that a deduction from the duty payable should be allowed on account of actual wastage up to a maximum of 2 per cent. on each consignment. A notification was published in the *Calcutta Gazette* giving effect to these orders from the 1st January 1905.

CHAPTER II.—STOCKS, IMPORTS, AND CLEARANCES.

Accounts of stocks and issues.

4. The stocks of salt held at the commencement of the year in all *golas*, both public and private, were over 2½ lakhs of maunds less than on the 1st April 1903, but the quantity of salt imported during the year under report increased by more than 10 lakhs of maunds. The clearances were larger than those of the previous year by nearly 4½ lakhs. After allowing for wastage the closing balance stood at 27,55,364 maunds. In addition to this, at the close of the year, there were 3,63,662 maunds of salt lying afloat in ships in the port of Calcutta against 1,75,680 maunds at the end of 1903-04.

During the year under report the percentage on the total importations of salt bonded in the Sulkea and Kidderpore Dock *golas* amounted to 70 as against 68 in the previous year; it is probable that the figures would have been higher had more bonding accommodation been available.

Imports.

5. The importations into Calcutta during the year shew an increase of 6·2 per cent., for which the United Kingdom, Salif, Aden and Bombay were mainly responsible. The increase of over 1¼ lakh of maunds from the United Kingdom indicates that the popularity of Liverpool salt is well maintained. Imports from Salif were the highest on record. On the other hand, importations from the Persian Gulf are steadily dwindling with the disappearance of Arab sailing vessels. The trade in Bombay salt, which fell off greatly last year, revived during the year under report when the importation was nearly up to the average of former years. The increase shown last year in importations from Madras ports was not maintained, the reasons assigned being the competition of Bombay salt and the difficulty in obtaining freight. A large consignment of Spanish salt arrived at the close of the year, but it is too early yet to say whether this venture will be a financial success.

In Chittagong the importations advanced by 89·5 per cent. over those of the previous year. This large increase is due to competition among the salt merchants and the greater facilities for transport afforded by rail.

Sales of imported salt from shipboard and bond.

6. There was an increase of 3·7 per cent. in the sales of imported salt; 20 per cent. was sold from shipboard and 80 per cent. from bond, against 21 and 79 per cent., respectively, in the preceding year. In Calcutta the sales from the importing vessels direct decreased by 7·9 per cent., but the sales from bond increased by 7·7 per cent. Of the vessels carrying salt into Calcutta during the year, 94 per cent. were steamers.

The increase in the total sales at Chittagong amounted to 14·1 per cent.

Transactions in the Sulkea and Kidderpore Dock *golas*.

7. The total turn-over at the Sulkea and Kidderpore Dock *golas* for the last five years is shown below :—

Years.	Maunds.
1900-01	1,21,04,343
1901-02	1,49,52,131
1902-03	1,54,83,932
1903-04	1,50,05,754
1904-05	1,62,70,908

The turn-over at Sulkea was 1,06,35,902 maunds against 94,99,784 maunds in the previous year; at Kidderpore 56,35,006 maunds against 55,05,970 maunds.

The Collector of Customs, Calcutta, reports that the turn-over was the highest on record, that the bonding space at both Sulkea and Kidderpore Docks was found inadequate to meet the demands of the bonders, and that notice had to be given to merchants to restrict importations. New sheds are now under construction at Sulkea, and by lowering the floors of the old *golas* additional space for about three lakhs of maunds has been obtained. It is doubtful, however, whether these additions will satisfy the trade, as with the further reduction in duty, a great increase in importations is anticipated. By remodelling the old *golas* at Sulkea additional space would be gained, but it seems advisable also to acquire the adjoining land for new sheds and other improvements. The work at the Sulkea *golas* suffers not only from insufficient accommodation but also from want of facilities for handling salt. New railway sidings are urgently required and the *gola* premises should be intersected with lines so as to reduce the leads to a minimum. The question of increasing the storage space and improving the facilities for landing and handling salt is engaging attention.

The *golas* at Kidderpore were fully used during the year, but the buildings are falling into disrepair; and as the land on which these *golas* stand is likely to be required for other purposes, it is proposed to take immediate steps to secure another suitable site on the same side of the river.

Inland bonded warehouses.

9. Licenses for four additional private bonded warehouses were issued, while one warehouse (at Dacca) was closed during the year under review. At the close of the year there were in all 30 warehouses open, all of which, excepting two at Chandbali, were in Eastern Bengal.

The quantity of salt despatched to these warehouses amounted to 13,18,024 maunds (9,86,762 maunds from shipboard and 3,31,262 maunds from the *golas* in Calcutta), as compared with 13,67,524 maunds (†9,22,614 maunds from shipboard and 4,44,910 maunds from the *golas*) in 1903-1904. There was thus a decrease of nearly 4 per cent., but it is to be noted that the preceding year had shown an increase of nearly 7 per cent. over 1902-1903. The quantity of non-duty-paid salt removed during the year from shipboard at Chittagong for clearance at Narayanganj was 64,499 maunds against 32,755 maunds during 1903-1904, showing an increase of nearly 97 per cent.

† Revised figures.

12. The quantity of Madras *karkatch* and refined salt imported into Orissa by land during the year under report was 10,15,292 maunds against 9,18,823 maunds in the previous year, showing an increase of 96,469 maunds or 10·5 per cent. The Oriental Salt Company, Limited, continued to warehouse refined *karkatch* crushed salt imported by rail from Madras in their depôts at Cuttack and Jajpur Road in the district of Cuttack, and also at Balasore, Soro, Bhadrak and Chandbali in the district of Balasore.

Imports of Bombay salt in the Tributary Mahals of Orissa.

13. The figures given below show the consumption of Bombay salt in the Tributary States during the last four years. If the year's imports of this salt are taken into account, there is an increase in consumption per head from 14·63 to 14·69 pounds, a figure which compares favourably with the standard of 10 lbs. laid down for a rice-eating population :—

CHAPTER III.—CONSUMPTION AND PRICES.

Consumption in Bengal.

14. The total quantity of salt which passed into consumption in the entire Province of Bengal during the year under review was 1,14,89,602 maunds. This is exclusive of 2,51,875 maunds, being the net exports by land, but inclusive of 15,594 maunds educed from saltpetre. In comparison with the preceding year the figures show an increase of 3,41,271 maunds or 3 per cent. Of the total quantity, the saliferous tracts (including the whole of Orissa) took 20,82,866 maunds, or 18·13 per cent., and the rest of the Province 94,06,736 maunds, or 81·87 per cent. The resulting rate of consumption per head in the saliferous tracts including Orissa was 6 seers 4 chitaks, or 12·86 lbs., and in the rest of the Province, 5 seers 9 chitaks, or 11·44 lbs. The corresponding averages during the previous year were 12·47 lbs. and 11·18 lbs., respectively. It will be noticed that in both years the average consumption in the saliferous tracts exceeded that in the remainder of the Province.

The rates of consumption per head of the population in the Bombay and Madras Presidencies during 1903-1904 were 10 5 lbs. and 16·5 lbs., respectively.

	Mds.

1903-1904 ...	1,11,48,331
1904-1905 ...	1,14,89,602

From the figures noted on the margin, it will be seen that in Bengal there has been a steady yearly increase in consumption. The figures represent the quantities on which duty was paid prior to delivery for consumption.

Consumption of salt within the Salt Law limits.

15. During the year under report the consumption per head within the Salt Law area showed a decline in all the districts except Chittagong, where the increase in the sales is ascribed to the vigilance of the Salt Preventive Force in detecting and suppressing illicit manufacture, as also to the cheapness of salt and increased facility of supply owing to direct import by sea. The decrease in Midnapore, Howrah and Khulna is attributed to ordinary fluctuations of trade. With regard to Midnapore, the decline is said to have been largely influenced by the migration of the population to the Sunderbans in the 24-Parganas, where there was a great demand for labour consequent upon a favourable rice crop.

Messrs. M. David & Co., who had opened a salt *gola* at the Noakhali railway station in the year previous and sold salt at a reduced price, closed their *gola* during the year. Hence the decrease in the sale in Noakhali in the year under review.

Consumption of salt in the town of Calcutta.

17. The quantity of salt consumed in the town of Calcutta during the years 1903-1904 and 1904-1905 amounted to 1,63,055 maunds and 1,52,281 maunds, respectively, giving an average annual consumption of 7 seers 8 chitaks and 7 seers, respectively, or of 15 and 14·4 pounds approximately per head of the population, calculated on the census figures of 1901 *plus* the usual allowance for annual increase.

Prices of salt in Bengal generally.

18. The reduction in the rate of duty from Rs. 2-8 to Rs. 2 a maund had brought about a fall in retail prices which was generally maintained throughout the year, affording appreciable relief to the poorer classes. The further reduction in duty from Rs. 2 to Re. 1-8 a maund from the 22nd March 1905 produced no effect on prices during the year under review, as the wholesale vendors had to dispose of stocks on which they had paid the higher rate of duty. It is anticipated that the further reduction will again lower prices and thus remove to a considerable extent the inducement to illicit manufacture. The average wholesale price for the whole Province was Rs. 3-1-5 per maund, as compared with Rs. 3-2-10 in 1903-1904 and Rs. 3-10-9 in 1902-1903. As compared with 1902-1903 the fall amounted to annas 9-4, or anna 1-4 more than the reduction in duty, the latter sum probably representing the marked reduction in the average wholesale price in Calcutta. The Board have reason to believe that the retail purchaser of at least one seer or more has also benefited to the full extent of the reduced duty, and it is anticipated that the results will be more appreciable now that the reduction amounts to one rupee. The market has already made a decisive response and the purchasers, both wholesale and retail, have practically begun to appropriate the entire reduction.

Exclusive of duty, the average wholesale price of Liverpool salt per hundred maunds as sold from the ship's side in the port of Calcutta amounted to Rs. 48-10-2 during the year, as compared with Rs. 53-11-5 in 1903-1904. Prices, which in 1903-1904 varied from Rs. 50 to Rs. 56-9-7, fluctuated in the year under report from Rs. 46-6-6 to Rs. 51-5-4.

CHAPTER IV.—PREVENTIVE MEASURES.

Preventive operations in the saliferous districts.

19. As in the previous year, operations for the prevention and suppression of illicit manufacture of salt were carried on in the districts of the 24-Parganas, Midnapore, Howrah and Khulna under the immediate supervision and control of the Assistant Commissioner, and in Chittagong under the Collector, who has been vested with the powers of an Assistant Commissioner under the Indian Salt Act, XII of 1882. The proposals for the entertainment of a regular preventive staff for the districts of Howrah and Noakhali made by Mr. Inglis, late Commissioner of Excise and Salt, Bengal, in April 1903, have been sanctioned by the Secretary of State. The sanction has been received after the close of the year, and steps are being taken to give partial effect to the scheme during the present year.

Attachments, releases and confiscations in the saliferous districts, including Orissa.

20. Illicit salt was attached, released and confiscated in 830, 1 and 886 cases, respectively, during the year under report, as against 1,135, 7 and 1,510 in the previous year, to the extent of 86 maunds 10 seers and 101 maunds, against 3,272, 3,157 and 189 maunds during the year 1903-1904. There was thus a decrease of 3,186 maunds in the quantity attached and of 88 maunds in the quantity confiscated. This is an indication that illicit manufacture has been brought under control, and that very little illicit salt now enters the market.

Number of seizures and unsuccessful searches.

21. During the year under review, the number of seizures and unsuccessful house-searches was 563 and 8, respectively, as against 969 and 19 in the previous year. There were no unsuccessful house-searches in the districts of Balasore, Puri, Khulna, Howrah and Chittagong, while in other districts the number of such cases was small. The general percentage of unsuccessful house-searches to seizures was 1·4, against 1·9 in the previous year.

Number of cases instituted under Acts VII (B. C.) of 1864 and XII of 1882.

22. There were 423 prosecutions during the year, against 577 in 1903-1904. Out of 526 persons arrested and brought to trial, 502 were convicted, showing a percentage of 95·4. Cases of illicit manufacture of salt (section 9, Act XII of 1882) numbered 331, as compared with 500 in

the previous year. The proportion of persons convicted of this offence was 95 per cent. of those brought to trial. The decrease in the number of cases was shared by all the districts, and is generally ascribed to the vigilance and systematic patrolling of the Salt officers, to the prosperous condition of the agriculturists, and also to the cheapening of salt on account of reduction of duty. No cases were reported by the police under Act XII of 1882, nor were any cases lost owing to the failure of the special police head-constables to attend house-searches. During the year 20 opium cases were detected by Salt officers as against one in the previous year. In the districts of the 24-Parganas, Chittagong and Cuttack, information of excise cases was also given by Salt officers either to the police or to Excise officers. The Commissioner of Excise and Salt reports that there is now practically no salt crime in Orissa.

Fines, forfeitures and rewards.

23. The fines and forfeitures realised during the year amounted to Rs. 3,780, while Rs. 3,992 were disbursed as rewards. The corresponding figures for the previous year were Rs. 4,991 and Rs. 6,193. The decrease was due to the smaller number of cases.

CHAPTER V.—FINANCIAL RESULTS.

Receipts and charges.

25. The financial results of the administration of the Salt Department for the year, as compared with those of 1903-1904, show an increase of Rs. 5,60,562, or 2·6 per cent., in the receipts, and a decrease of Rs. 15,304, or 3·09 per cent., in the charges, giving a net revenue of Rs. 2,18,93,051, which exceeds that of 1903-1904 by Rs. 5,75,866, or 2·7 per cent. It is to be noted that the charges do not include a proportionate share of the cost of the Customs Preventive Service, which is largely employed in safe-guarding the salt revenue. The increase in receipts occurs mainly under the two heads of Import duty on salt and Rent of warehouses. The increase under these heads was due to a large increase in the quantity of salt imported and bonded during the year under report. The increase of Rs. 2,722 under the head "7.—Value of stamps on application for rawanas" was caused by the Imperial share of stamp revenue having been raised from one-fourth to one-half, with effect from the year under review.

There was a decrease of Rs. 5,016 and Rs. 10,501 in the charges under the heads "Refunds of Customs duty on salt" and "Charges of the Salt Department," respectively, but a slight increase, viz., Rs. 213 under the head "Salaries, warehouses and rewards."

Charges of the Salt Department.

26. The charges during the year under report amounted in all to Rs. 2,33,685, against Rs. 2,36,120 in the previous year, showing a decrease of 1·03 per cent.

CHAPTER VI.—MISCELLANEOUS.

Trade in saltpetre.

29. The quantity of salt educed in the manufacture of saltpetre and removed from all the refineries in the Province on payment of duty during the year was 15,594 maunds, as compared with 22,276 maunds similarly removed in 1903-1904.

The number of licensed saltpetre refineries at work in Calcutta and its environs was three against four in the previous year, the decrease being due to the abolition of a refinery at Kakurgachi in August 1904. The refineries were situated at Soorah, Kakurgachi and Ultadingi. At Soorah and Ultadingi eduction of salt was carried on; at Kakurgachi no salt was educed in the process of refinement.

The quantity of refined saltpetre produced in the refineries was 25,953 maunds, against 38,687 maunds, and the quantity of salt educed was 2,518 maunds, against 2,999 maunds in the previous year. The quantity of salt excised was 1,260 maunds, against 2,560 maunds, and the *sitta* or impure salt produced was 2,130 maunds, against 2,252 in the preceding year. The decrease of 12,734 maunds in the outturn of refined saltpetre is attributable to the abolition of the refinery at Kakurgachi, to the small work done in the

Ultadingi refinery after October 1904, when the licensee received a notice from the owner of the land to quit the site which was required for the purpose of a market, and to general depression in the trade. The decline of 1,300 maunds in the quantity of educed salt that was assessed to duty was a natural consequence of the diminished outturn. The educed salt was used locally in the manufacture of soap and for freezing purposes.

The total receipts from license fees and duty realized in Calcutta on the salt educed in the process of manufacturing saltpetre amounted to Rs. 2,670 against Rs. 5,320 in the preceding year, showing a decrease of Rs. 2,650 which was due to the causes above mentioned.

Conclusion.

38. Mr. K. J. Badshah was in charge of the office of the Commissioner of Excise and Salt from the 1st April to the 3rd November 1904, from the afternoon of which date Mr. E. Geake held charge till the close of the year, and the Board desire to express their thanks to these officers for their efficient administration of the Department. Mr. L. F. Morshead, Collector of Customs, Calcutta, was on furlough from 30th April till January 1905, when he was placed on deputation with the Government of India: Mr. B. Foley acted for him from 5th May 1904. Mr. J. A. Stevens took over the office of the Superintendent, Preventive Service and Salt *golas*, Calcutta, from Mr. A. S. Judge on the 30th April 1904; and remained in charge until the close of the year.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF THE LODGING-HOUSE ACT DURING 1904-5.

MUNICIPAL DEPARTMENT—SANITATION.

Darjeeling, the 8th September 1905.

RESOLUTION No. 2393T.—M.

READ—

The Reports from the Commissioners of Divisions on the working of the Puri Lodging-House Act, IV (B.C.) of 1871, as amended by Act II (B.C.) of 1879, and I (B.C.) of 1884, during the year 1904-5 in the various places to which it has been extended.

The Resolution reviewing the reports on the working of the Act during the year 1903-4.

The Reports on the working of the Lodging-House Act are due to Government on the 1st June, but none of them was received by that date, while the report from the Patna Division was not received till the 28th August. The Lieutenant-Governor must insist on the punctual submission of these reports in future.

2. During the year 1904-5 the Act was extended to the town of Naihati in the district of the 24-Parganas, to the villages of Khandiabund and Rautarapur in the district of Puri, and to a portion of the village of Moranpore in the district of Gaya. A small amendment was made in the Model Rules of Business framed under section 38 of the Act to provide for the appointment of the members of Lodging-House Committees by Commissioners of Divisions instead of by the Lieutenant-Governor.

3. The number of licensed lodging-houses fell from 2,045 in 1903-4 to 1,842, but the number of persons for whom accommodation was provided was about the same, viz., 67,328 against 67,863. There was a smaller attendance of pilgrims at Sitakund, where the previous year had been unusually auspicious for pilgrimage. On the other hand, there was an increased attendance at Gaya, and the number of persons for whom accommodation was provided rose from 26,055 to 28,180. The variations elsewhere were unimportant.

4. The income of the funds during the year was Rs. 79,557, which is larger by Rs. 9,830 than that of the previous year, if the munificent gift of Rs. 33,648 made in that year by Babu Kanai Lal Bogla of Calcutta for the construction of a rest-house at Puri be left out of account The increase is due principally to the larger attendance of pilgrims and stricter supervision of lodging-houses at Gaya, where the license fees rose from Rs. 26,287 to Rs. 28,306 and the fines from Rs. 730 to Rs. 4,962. The total expenditure was Rs. 1,01,990 against Rs. 1,01,708, and the closing balance was reduced from Rs. 58,030 to Rs. 35,533. The Puri Fund has, in addition to its closing balance of Rs. 4,910, a sum of Rs. 30,000 invested in Government promissory notes.

5. The health of the pilgrims was generally good, and there was no serious outbreak of epidemic disease. In Puri there was a most gratifying absence of cholera, the total number of persons admitted to hospital on account of this disease being only 46. Much, however, remains to be done for the sanitation of this town before it can be considered free from all danger of a cholera epidemic. Reform is required in respect of drainage, water-supply and the introduction of an improved type of private latrine. A scheme for the drainage of the town was completed during the year, and has been carefully considered by the local authorities. A small committee has now been appointed by the Lieutenant-Governor to decide finally as to the site for the main outfall and the treatment of the existing Baradand drains. As soon as these details are settled, work will be commenced and continued as funds permit. A rough scheme for the provision of a pure water-supply has been prepared by the Sanitary Engineer, but want of funds seems likely to delay its introduction. The Health Officer has been successful in securing the provision of impervious latrines in all the lodging-houses, and in this way the danger of

pollution to the well-water has been minimized. The Commissioner of Orissa has under his consideration a proposal to increase the rate at which the license fees are levied, in order to meet the heavy expenditure entailed by the drainage and water-supply schemes. The Lieutenant-Governor awaits the submission of his report.

6. The Act has worked well during the year, and the thanks of the Lieutenant-Governor are due to the local officers responsible for its administration.

ORDER.—Ordered that a copy of the Resolution be submitted to the Government of India in the Home Department, and that copies be forwarded to the Commissioners of the Burdwan, Presidency, Chittagong, Patna, Bhagalpur and Orissa Divisions for information.

Ordered also that a copy of the Resolution be communicated to the Sanitary Commissioner and to the Sanitary Board, Bengal, and that it be published in the *Calcutta Gazette* for general information.

By order of the Lieutenant-Governor of Bengal,

E. A. GAIT,

Offg. Secretary to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL REPORT OF THE CIVIL VETERINARY DEPARTMENT, BENGAL, AND OF THE BENGAL VETERINARY COLLEGE FOR THE YEAR 1904-1905.

REVENUE DEPARTMENT—AGRICULTURE.

Darjeeling, the 9th September 1905.

RESOLUTION—No. 2943T.—R.

READ—

The Annual Report of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1904-1905.

The report was due on the 1st July 1905 and was received on the same date.

2. *Veterinary Instruction.*—The number of students who attended the Bengal Veterinary College throughout the year under review was 85, practically double the number of the preceding year. The results of the examinations are, in the opinion of the Lieutenant-Governor, highly creditable to the Principal and teaching staff. On account of the rapid development of the College, sanction has been accorded to proposals which will effect great changes. An additional area of 106 bighas 19 cottahs, at a cost of Rs. 2,15,948, was acquired by Government during the year; and a programme has been drawn up for the construction of buildings, including hostels for students, isolated boxes for diseased horses, a dissecting room, a lecture theatre, and other important works, all urgently required, at an estimated cost of Rs. 4,00,000. As the Government of India have recently allotted extra funds to the Government of Bengal for the development of agriculture, including the veterinary department, this Government will now be in a position to complete the buildings more rapidly. Proposals are also under consideration to appoint a separate Imperial officer as Principal of the College, as the work of superintendence will in future take up the whole of one officer's time. The Lieutenant-Governor attaches much importance to the development of this scheme, especially as the College is the recruiting ground for veterinary graduates not only for Bengal but also for Assam.

3. *Treatment of Disease.*—One hundred and eight horses against 57 of the preceding year were treated in the Belgachia Contagious Diseases' Hospital for glanders and farcy, of which 17 recovered. In the whole Province 447 deaths from this disease were reported; of these 413 were diagnosed in the 24-Parganas district. The Glanders and Farcy Act will shortly be brought into force in Calcutta, and thus the prevalence of the disease will be brought more closely to the notice of the horse-owning public.

4. The number of deaths of cattle from contagious diseases shows a considerable increase over that of the year 1903-1904, the number having risen from 9,529 to 15,108. The increase was principally due to rinderpest, the number of deaths from which rose from 7,456 to 11,363; this disease was particularly prevalent in Shahabad, a district which scarcely suffered at all in the preceding year. Of this number (11,363) only 183 had been previously inoculated. Altogether 13,276 animals were inoculated with the anti-rinderpest serum against 9,454 during the year 1903-1904. These good results are doubtless due to the measures taken by the Superintendent to disseminate the knowledge and value of the use of the serum, by the deputation of Staff Veterinary Assistants to different districts, and by the training of local Veterinary Assistants at Bareilly in inoculation for rinderpest. Foot-and-mouth disease was most prevalent in Ranchi, anthrax in Mymensingh, and hæmorrhagic septicæmia in the Sonthal Parganas. Specially good work is reported to have been done in Darbhanga and Saran by Veterinary Assistants on tour in the treatment of cattle for contagious diseases, and the number of deaths reported from these two districts were very small compared with the large number of animals treated

5. *Veterinary Dispensaries and Assistants.*—The total number of dispensaries, excluding the Bengal Veterinary College, working at the close of the year under review was 21 against 22 of the preceding year. Though the number of patients is apparently less than last year, there has actually been an increase. The Superintendent explains that this is due to the fact that in one dispensary last year each visit of an out-patient was

reckoned as that of a new patient, and the error has now been corrected. Of the dispensaries established during the previous year, the Dinajpur Dispensary has had no in-patients owing to the difficulty in acquiring land for the necessary buildings, but it has done good work amongst out-patients. The Noakhali Dispensary had unfortunately to be closed owing to the impossibility of securing the services of a qualified Veterinary Assistant; and in Purnea, owing to the fact that its dispensary was placed on a bad site, which will be changed, little or nothing was done. The difficulty experienced at Noakhali the Lieutenant-Governor hopes to overcome by the scheme which is now under contemplation for the complete reorganization of the Veterinary Department including the creation of a graded service. The scheme cannot be brought into force at once; but with the rapid extension of the Bengal Veterinary College, and with the improved prospects which will be opened out to officers of the Department, His Honour is confident that in future there will not be the present difficulty in meeting the demands of the various districts for Veterinary Assistants, and that ultimately every subdivision in Bengal will have its own itinerant as well as stationary Veterinary Assistant. The difficulties encountered at Dinajpur and Purnea foreshadow others that may be met with in the development of the Department. To cope with them, His Honour looks to the District Boards and Municipalities for their loyal support in the matter of the improvement, construction, and extension of Dispensary buildings. Sir Andrew Fraser has noted with pleasure the action taken in this respect by the Gaya and Ranchi District Boards. The thanks of Government are due to the Committees who have supervised the management of the different dispensaries during the year.

6. *Bengal Veterinary Hospital* (*Belgachia*).—The infirmary continues to do excellent work: 2,982 cases were treated and 759 operations performed against 2,819 and 723, respectively, of the previous year. The number of cruelty cases in which animals cruelly treated were sent by Magistrates for treatment dropped from 278 in 1903-04 to 83. A qualified Veterinary Assistant has now been appointed to watch these cases in Court and to advise the Magistrates as to whether the animal should be sent to the infirmary for treatment or not. The development of the infirmary forms a portion of the larger scheme for the development of the Bengal Veterinary College.

7. *Breeding Operations.*—It is too early as yet to express any opinion on the result of the cattle-breeding farms at Pusa and Sripur. It has been decided to drop the proposal to establish bull-acclimatization depôts. For the present, it is proposed to send a few bulls from the above farms to Belgachia and to one or two other farms and, if after the period of acclimatization is over, it is found that they are more useful than young bulls imported direct from Pusa and Sripur, the question of establishing depôts may be again revived. Several purchases were made during the year for Pusa out of the grant of this Government amounting to Rs. 50,000 for bull-breeding.

8. *Fairs and Shows.*—There were 10 fairs and shows during the year against 7 of the preceding year. New fairs were opened at Sripur, Midnapore and Comilla. It is to be regretted that, owing to the poor specimens of indigenous breeds of cattle exhibited, it was not possible to distribute the whole prize fund. The Lieutenant-Governor trusts, however, that with a fuller advertisement of the fairs and of the policy of Government in regard to improvement of the best local breeds by the grant of prizes these fairs will attract exhibits by the *bonâ fide* cultivator, as well as by the richer classes, and encourage the breed of better cattle by selection from the best specimens of the best local types.

9. The Lieutenant-Governor has much pleasure in acknowledging the zeal and ability with which Major Raymond during the first half of the year and Captain Trydell during the latter half have managed the Department, and considers that they deserve great credit for the progress which has been made in its development.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

Offg. Chief Secretary to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL REPORT OF THE WORKING OF THE CO-OPERATIVE CREDIT SOCIETIES IN BENGAL FOR THE YEAR 1904-1905.

REVENUE DEPARTMENT—LAND REVENUE.

Darjeeling, the 9th September 1905.

RESOLUTION No. 3032T.—R.

READ—

Government Order No. 966T.—R., dated 27th May 1904, regarding the establishment of Co operative Credit Societies under Act X of 1904, and its enclosures.

Read also—

A report No 379C.C.S, dated 12th August 1905, from the Registrar of Co-operative Credit Societies, Bengal, on the working of the Co-operative Credit Societies in Bengal for the year 1904-1905.

As this is his first annual report the Registrar has given a short account of the history of the co-operative credit movement in India from the enquiries made by Sir Frederic Nicholson in 1892 to the passing of Act X of 1904.

2. Before Mr. Gourlay took over charge of the duties of Registrar, he was permitted to take leave in order that he might acquaint himself with the principles under which Societies had succeeded in western lands. Mr. Gourlay was enabled to visit Ireland, Germany, Austria, Hungary, Italy and Egypt, and thus to go to the centres in which co-operation has succeeded, and to see for himself the working of successful societies in the villages themselves. The information which he collected was recorded in a note which was submitted to the Board of Revenue on his return.

3. Before Act X of 1904 came into force, there were in the districts of this province 58 pioneer societies, founded mainly through the energy of Mr. P. C. Lyon, who was on special duty with this object from November 1901 to February 1902. From the report it appears that there are now 67 societies, of which 32 are in Government estates, 16 in Wards' estates and 19 in private estates. The four societies in Midnapore were founded at the close of the year.

4. The most interesting part of the report is the statistical information concerning each of the societies which is given in two tables at the end. A close examination of these tables shows, as Mr. Gourlay points out, that the progress of the movement must not be overestimated. It would not be difficult to make a show and create ephemeral societies; but to do work of an enduring character it will be necessary to go slowly and patiently, so that the people may themselves carry forward the movement and the societies be independent of Goverment aid.

5. The loans granted to members vary from one rupee to one hundred and one rupees. The sixty-seven societies have 3,910 members, but during the year only 2,136 loans have been granted. This means either that loans in many instances have been granted for a longer period than one year, or that loans given to members during the past year have not been repaid in this year, or that nearly half the members of the societies did not obtain loans. It is probable that all three explanations may be accepted in part. The loans outstanding number 1,405; but there is no information to show how many of these loans are current and how many are overdue, and it would be well in future reports if any information could be given concerning defaulters. The distribution of loans amongst members is very uneven. In Khairwatolla (No. 29) the whole capital amounts to Rs. 211; one man has been granted a loan of Rs. 101, leaving Rs. 110 to be divided between the other 10 members; and on the other hand in Gando (No. 45), where the total capital is Rs. 300 and the reserve fund Rs. 27-6, 148 persons have obtained loans, an average of Rs. 2 per head. Some of the figures tend to suggest the doubt whether any real business has been done; for example, in Kushmore (No. 1), 57 loans have been granted and 37 are outstanding. In Basudebpur (No. 3) 9 loans have been granted and 9 are outstanding. This suggests that the repayment of the loans was merely a paper transaction. Unless the loan is repaid within a reasonable time out of the profits of the transaction for which

the money was lent, the societies will make little progress. The Registrar should pay special attention to this point.

6. The working capital of the societies is largely borrowed; but the Lieutenant-Governor is pleased to note that in 21 societies there are deposits amounting to Rs. 3,236. His Honour would be glad to have more information concerning the deposits of members, the rates of interest which are paid to depositors, and whether the deposits are made for a fixed period. As it is most desirable that the societies should be run, as far as is practicable, upon local capital, the capital borrowed from Government under the terms of the Government of India's Resolution should, in future, be distinguished from other borrowed capital.

7. Another point to which the attention of the Registrar should be drawn is the non-payment of interest by the bank to its creditors. The reason for this non-payment is not clear, as in almost all cases the cash in hand would amply cover the interest due. As it is desirable that the societies should be run from the beginning as business concerns, the people should be taught to meet their liabilities to outsiders promptly. The amount of cash in hand is very large; but this is probably due to the fact that statistics were collected at the end of March just before the season for giving out loans. The rate of interest charged to members is in almost all cases 12½ per cent. It seems impossible to run societies on business principles at a less rate. No doubt in the future, when the societies have accumulated a capital of their own, it will be possible to decrease this rate; but at the same time it must be remembered that, though 12½ per cent. seems a high rate to a western mind, it is one-half of the lowest rate at which the raiyat can at present obtain small loans.

8. Government has allotted a capital of Rs. 45,000 for advances to societies during the current year 1905-06; but the Lieutenant-Governor approves of the policy of cautious progress laid down in the report, and is of opinion that the efforts of the Registrar should be concentrated on the existing societies rather than on founding new ones, the development of which he would be unable to watch. At the beginning much will depend upon the personal influence of the Registrar; and it is most desirable therefore that that influence should be concentrated on a few societies. At the same time His Honour considers it most desirable to have one or two societies in every district of the province, as it is only by such pioneer work that modifications suited to the needs of the different districts of Bengal will be discovered.

9. The Lieutenant-Governor desires to place on record his high appreciation of the assitance which Mr. D. M. Hamilton and Mr. Pal Chowdhury have given in the establishment of Co-operative Credit Societies; and he acknowledges with pleasure the enthusiasm and zeal with which Mr. Gourlay has performed the duties of his office.

ORDER.—Ordered that a copy of the Resolution with a copy of the report be forwarded to the Board of Revenue, and that another copy be forwarded to Mr. Gourlay, for information.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

Offg. Chief Secretary to the Government of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

p, passing temporary showers; d, drizzling rain; o, overcast; g, gloomy.

NOTIFICATION.

No. 2603T.R.—The 20th August 1905.—WHEREAS Maharaja Bahadur Sir Jotindra Mohun Tagore, K.C.S.I., has applied to the Lieutenant-Governor, under section 3 of the Bengal Settled Estates Act, 1904 (Ben. Act III of 1904), for permission to make a settlement of an estate under that Act:

In pursuance of section 7 of the said Act, and with the previous sanction of the Governor-General in Council, the said application is hereby published for general information [with the exception of the particulars as to income, revenue, rates and taxes which have been inserted in pursuance of clause (*b*) of section 4 of the Act].

2. All creditors, whether secured or unsecured, who hold or are entitled to incumbrances enforceable against the said applicant or estate, and all other persons who are interested or who claim to be interested in the said estate, are hereby required to send to the Local Government written notice of their incumbrances and interests, respectively, within six months from the date of this notification.

3. Any objection to the proposed settlement, whether urged by creditors or by other persons interested in the estate, which may be communicated to the Local Government in writing within six months from the date of this notification, will be duly considered.

SCHEDULE.

IN THE MATTER OF THE BENGAL SETTLED ESTATES ACT, 1904 (Act III (B.C.) of 1904) and IN THE MATTER of a proposed Instrument of Settlement to be executed by Maharaja Bahadur Sir Jotindra Mohan Tagore, K.C.S.I.

TO HIS HONOUR SIR ANDREW HENDERSON LEITH FRASER, K.C.S.I., *Lieutenant-Governor of Bengal.*

The application of Maharaja Bahadur SIR JOTINDRA MOHUN TAGORE, K.C.S.I., under Section 3 of the Bengal Settled Estates Act, 1904.

SHEWETH:

1. That the applicant, the son of the late Horo Coomar Tagore, is the representative of the elder branch of the Tagore family of Calcutta, was born in the year 1831. He is one of the largest Zemindars in Bengal. In January 1870 he was appointed a Member of the Bengal Legislative Council and on the expiry of his term of office he was appointed a second time. The title of Raja Bahadur was conferred upon him on the 17th March 1871 and on the 1st January 1877 he received the title of Maharaja, and on the 1st February following he was appointed a Member of the Legislative Council of the Governor-General of India. In the year 1879 the applicant was appointed a second time and in 1881 a third time as a Member of the Legislative Council of the Governor-General. In 1880 he was created a Companion of the Most Exalted Order of the Star of India and on the 24th May 1882 a Knight Commander of the same Order. In the year 1882 the applicant was elected President of the Faculty of Arts of the Calcutta University and was appointed to be a Member of the Education Commission and of the Jury Commission. On the 1st January 1880 the title of Maharaja Bahadur was conferred on the applicant as a personal distinction and on the 1st January 1891 by Foreign Department Notification of that date the title of Maharaja which had been conferred upon him in the year 1877 as a personal distinction was declared to be hereditary.

2. The applicant is desirous of effecting a settlement of the immoveable properties hereinafter mentioned of which he is in possession in his own right which are held by him in permanent heritable and transferable right and to which he is solely entitled and also of the moveable properties hereinafter mentioned of which he is in possession and to which he is absolutely entitled.

3. The reasons for such application are that the applicant is desirous of ensuring that the dignity of the hereditary title and the position of the Tagore family of which the applicant is the head shall be maintained by successive Maharajas and with such object that the properties referred to in the last preceding paragraph hereof shall be set apart from the estate of the applicant and brought into settlement to follow the devolution of the hereditary title to guard by the settlement of such properties against waste and extravagance in the future and the degrading and disastrous consequences thereof and to afford and secure to successive life tenants a certain and sufficient income to enable them to maintain or to assist them in maintaining the dignity and position aforesaid.

4. The said immoveable properties are particularly described in the several parts of the first schedule hereto. The properties mentioned and described in the first part of the first schedule hereto are situated in the several Districts of Rangpur, Dinajpur, Bogra, Hooghly, Burdwan, Murshidabad, Birbhum, Midnapore, Nadia, Darbhanga, 24-Parganas, Jessore, Purnea, Muzaffarpur, Faridpur, Arrah and Bhagalpur. The immoveable properties mentioned and described in the second part of the said first schedule are situated within

the local limits of the Corporation of Calcutta and the immoveable properties mentioned and described in the third part of the said first schedule are situated within the local limits of the several Municipalities of Calcutta, Baranagore, Ariahdah, Madhupur (Sonthal Parganas) and Cossipur, Chitpur.

5. The description of the immoveable property fourthly mentioned in the first part of the said first schedule, namely, Mahal Mahamad Aminpur in the District of Hooghly, represents the eight annas undivided share of the entirety of such Mahal, the other eight annas undivided share being held by the sons of the late Raja Pramatha Nath Roy of Dighapatia. The respective undivided shares are separate in management and the *jama wasil* of the share held by the applicant is entirely distinct from the *jama wasil* of the share held by the said Kumars of Dighapatia, the revenue payable to Government being definitely apportioned to the respective shares under separate accounts. The applicant being in fact solely entitled to the said eight annas share held by him and being in possession thereof and entitled thereto for a permanent, heritable and transferable right, interest and estate therein is desirous that such share should be included in the proposed settlement as a property to which he is solely entitled.

6. The moveable properties which the applicant is desirous of including in the settlement consist of jewellery, books and manuscripts mentioned or described in the second and third schedules hereto. Such moveable properties are in the possession of, and are the absolute property of, the applicant, who proposes to include them in the settlement in order that they may be treated as heirlooms.

7. The income yielded annually by the severel immoveable properties situate in the several districts mentioned and described in the first part of the first schedule and the revenue rates and taxes payable to the Government annually in respect thereof are shown in that part of such schedule.

8. The income yielded annually by the several immoveable properties mentioned and described in the second part of the first schedule hereto and the rates and taxes payable to the Local Authority therein mentioned in respect thereof are shown in that part of such schedule.

9. The immoveable properties mentioned and described in the third part of the first schedule hereto are residential buildings and country houses in the possession or occupation of the applicant or of members of his family and as such they yield no annual or other income.

10 There are no incumbrances held by secured or unsecured creditors enforceable against the applicant or the aforesaid immoveable and moveable properties, and beyond ordinary claims of tradesmen and others in respect of current household and other expenses, the applicant is not at present indebted to any person whomsoever.

11. A draft of the proposed instrument of settlement is submitted with this application.

The applicant therefore applies for permission to make a settlement of the lands, hereditaments and premises, jewellery and other moveable property mentioned and described in the foregoing application and the schedules thereto pursuant to the Bengal Settled Estates Act, 1904.

JOTINDRA MOHAN TAGORE.

I, Maharaja Bahadur Sir Jotindra Mohan Tagore, K.C.S.I., the applicant abovenamed, do declare that what is contained in the above written application is true to my knowledge except as to matters stated on information and belief, and that as to those matters I believe the same to be true.

JOTINDRA MOHAN TAGORE.

INSTRUMENT OF SETTLEMENT UNDER THE BENGAL SETTLED ESTATES ACT, 1904 [No. III (B.C.) OF 1904].

MEMORANDUM.

It is hereby certified that this Instrument of Settlement has been approved by the Government of Bengal under the Bengal Settled Estates Act, 1904 (No. of 1904 (B.C.)

As witness my hand this day of 1904.

Secretary, &c., (as may be).

TO ALL TO WHOM these presents shall come MAHARAJA BAHADUR SIR JOTINDRA MOHAN TAGORE K.C.S.I. of Tagore Castle Pathuriaghatta Street in the Town of Calcutta Landholder (hereinafter called "the Settlor") sends Greeting WHEREAS the Settlor is solely and absolutely possessed of and entitled to the lands hereditaments and premises mentioned and described in the several parts of the first schedule hereto for a permanent heritable and transferable right interest and estate and the said lands hereditaments and premises are free from incumbrances AND WHEREAS the Settlor is solely and absolutely possessed of and entitled to all and singular the jewellery and other moveable property described in the second and third schedules hereto AND WHEREAS the Settlor is desirous of making a settlement of the said lands hereditaments and premises jewellery and other moveable property under and pursuant to the Bengal Settled Estates Act 1904 [No. III (B.C.) of 1904] AND WHEREAS the Settlor has an only son Maharaj-Kumar Prodyot Coomar Tagore who has been duly adopted by him and resides with him at Tagore Castle aforesaid AND WHEREAS the Government of Bengal has by written order signed by Esq., one of the Secretaries to the said Government pursuant to section 8 sub-section (1) of the said Act and dated the day of 1904, granted permission to the Settlor to make the said settlement and such permission has been published by Notification No. of the day of 1904 in the *Calcutta Gazette* pursuant to section 35 sub-section (2) of the said Act AND WHEREAS these presents being such settlement as aforesaid have on the day of 1904 been approved by the said Local Government before the execution hereof and such approval is certified by the signature of Esq, one of the Secretaries to the said Local Government to the Memorandum in the margin of these presents AND WHEREAS no profit or income is derivable from the jewellery and other moveable property described in the said second and third schedules hereto AND WHEREAS the annual net profits of the said lands hereditaments and premises mentioned in the several parts of the said first schedule hereto amount to the sum of Rs. and these presents are under section 18, sub-section (2) of the said Act subject to a stamp duty of Rs. being a value equivalent to one-fourth of the said sum of Rs. AND WHEREAS with the sanction of the Board of Revenue Lower Provinces stamps of the total value of Rs being one-third of the said sum of Rs. have been affixed to these presents and arrangements have been made under section 18, sub-section (3) of the said Act to the satisfaction of the said Board of Revenue for the affixing of stamps of a value equivalent to the sum of Rs. being the balance of the said sum of Rs. on or before the following dates that is to say Rs. on or before the day of 190 and Rs. on or before the day of 190 NOW THESE PRESENTS WITNESS that the Settlor under and by virtue and in pursuance of the said Act and with the permission and approval aforesaid doth by this instrument of settlement signed and sealed by him and attested by the credible witnesses whose signatures are hereto subscribed and intended to be registered pursuant to the said Act declare direct and appoint that all and singular the said lands hereditaments and premises mentioned and described in the several parts of the said First Schedule hereto shall henceforth stand settled and be held and enjoyed in manner following and subject to the powers provisos and declarations hereinafter declared and exercised concerning the same that is to say:—

1. The said lands hereditaments and premises shall be held and enjoyed by the Settlor as the first tenant for life thereof and during the term of his natural life.

2. After the death of the Settlor the said lands hereditaments and premises shall be taken and held and enjoyed by the said Maharaj-Kumar Prodyot Coomar Tagore as the second tenant for life thereof and during the term of his natural life

3. After the death of the survivor of them the Settlor and the said Maharaj-Kumar Prodyot Coomar Tagore the said lands hereditaments and premises shall be taken and held and enjoyed by the eldest son (if there are more sons than one) or only son as the case may be of the said Maharaj-Kumar Prodyot Coomar Tagore living at the death of the survivor of them the Settlor and the said Maharaj-Kumar Prodyot Coomar Tagore such eldest or only son of the said Maharaj-Kumar Prodyot Coomar Tagore so taking holding and enjoying the said lands hereditaments and premises as the third tenant for life thereof for the term of his natural life.

4. And [subject to the terms of any such fresh settlement as is referred to in section 10 sub-section (2) of the said Act which may be made by any of the said tenants for life in pursuance of permission to be granted under section 10 of the said Act] the said lands hereditaments and premises from and after the death of the last survivor of the said first, second and third tenants for life hereinbefore appointed shall belong to and be taken and held absolutely by the eldest son (if there are more sons than one) or only son as the case may be of the said third tenant for life hereinbefore appointed living at the death of the last survivor of the said first second and third tenants for life.

5. And (subject as aforesaid) in the event of the settlement hereby made upon the said second tenant for life or the said third tenant for life or the eldest son (if there are more than one) or only son as the case may be of the said third tenant for life failing to take effect then and in such case the said lands hereditaments and premises shall thenceforth be taken held and enjoyed by such male persons among the descendants in the direct male line from the late Mahshai Huro Coomar Tagore the father of the Settlor as according

Hindu Law shall be the nearest in degree to the settlor at the time of such failure and when this ultimate direction and appointment shall take effect and if there shall then be two or more such persons in the like degree of kindred to the Settlor to the eldest of such persons absolutely to the exclusion of the other and others of them.

6. PROVIDED ALWAYS and it is hereby declared that it shall be lawful for the Settlor at any time by deed revocable or irrevocable or by will or codicil to direct the payment after his death out of the rent issues and profits of the said lands hereditaments and premises hereby settled or any of them or any part thereof to any person or persons whomsoever of any sum or sums of money and whether by way of annuity or otherwise and to charge the said lands hereditaments and premises hereby settled or any of them or any part or parts thereof with the payment of the said sum or sums of money but so nevertheless that the total amount so to be made payable as aforesaid shall not exceed one-third part or share of the aggregate annual income of the said land hereditaments and premises hereby settled.

7. PROVIDED ALWAYS and it is hereby declared that in the event of there being no natural sons of the said second tenant for life or of the said third tenant for life as the case may be to succeed under the limitations hereinbefore contained to the lands hereditaments and premises hereby settled no person shall be taken in adoption by or to the said second tenant for life or third tenant for life as the case may be except from among the descendants in the direct male line from the said late Mahshai Huro Coomar Tagore the father of the Settlor and in the event of any adoption or pretended adoption of a son by or to the said second tenant for life or third tenant for life as the case may be otherwise than from among such descendants aforesaid the lands hereditaments and premises hereby settled shall not pass to such adopted son but shall immediately devolve on the person next in remainder as if no adoption of a son by or to the said second tenant for life or third tenant for life as the case may be had been made.

8. PROVIDED ALSO that during the minority of any person for the time being entitled to the said lands hereditaments and premises under this settlement either as tenant for life or absolutely and also during the period within which under the said Act an adoption of a son to a deceased tenant for life may be made for the purposes of this settlement and pending such adoption the said lands hereditaments and premises shall be managed for the benefit of the person or persons for the time being entitled or to become entitled to the same under this settlement or for the benefit of the person or persons otherwise becoming entitled as the case may be by a manager or managers to be appointed from time to time by the guardian or guardians of the minor beneficiary (if any) under this settlement or if there be no such guardian by the legal representative or representatives of the tenant for life last in possession of the said lands hereditaments and premises or failing such appointment by a manager or managers duly appointed by a competent Court.

AND THESE PRESENTS FURTHER WITNESS that the Settlor under and by virtue and in further pursuance of the said Act and with the permission and approval aforesaid doth hereby assign unto the said Collector of and his successors in office ALL AND SINGULAR the jewellery and other moveable property mentioned and described in the said Second and Third Schedules hereto and now being in the possession of the Settlor TO HAVE AND TO HOLD the said jewellery and other moveable property hereinbefore expressed to be hereby assigned unto the said Collector of and his successors in office UPON TRUST to permit the same to be used and enjoyed by the person for the time being and from time to time entitled under the settlement hereby made to the said lands hereditaments and premises and for the same estate as such person under the settlement hereby made shall have in the said lands hereditaments and premises AND it is hereby declared that as soon as conveniently may be after the execution of these presents an inventory shall be taken of such jewellery and other moveable property and such inventory (subject to its being revised as occasion shall require) shall be signed by every person for the time being entitled to the use and enjoyment of the said jewellery and other moveable property under the Trust hereinbefore contained and also by the Trustee for the time being and the said jewellery and other moveable property shall at all times be properly preserved and when necessary repaired by and at the expense of the usufructuary thereof for the time being but the said jewellery and other moveable property or any part thereof may with the previous consent of the said Local Government from time to time be sold or exchanged or with the like consent the form and fashion of the said jewellery may be altered at the expense of the usufructuary thereof for the time being provided the intrinsic value thereof be not diminished and the sale-proceeds of the said jewellery or other moveable property if sold shall be invested in the purchase of other jewellery or moveable property in substitution for that which may be so sold PROVIDED ALWAYS that after the usufructuary for the time being shall have signed the inventory aforesaid the Trustee shall not be bound to see to the preservation of the said jewellery and other moveable property or any part thereof and shall not be responsible for any omission or neglect on the part of the usufructuary with respect to the preservation thereof nor for loss or damage occasioned by any other act or omission on the part of the usufructuary but the Trustee shall not be precluded from interfering for the protection of the property when and as he shall think fit either of his own accord or at the instance of any person presumptively entitled under the settlement hereby made.

IN WITNESS whereof the said Maharajah Bahadur Sir Jotindra Mohon Tagore, K.C.S.I., hath hereunto set his hand and seal the day of 190 .

[Here follow the schedules, which are duplicates of the three schedules appended to the application, *ante*].

RULES FOR THE RAIYATWARI SETTLEMENT OF THE SUNDARBANS TRACTS.

NOTIFICATION.

No. 3261T.—R.—The 19th September 1905.—By Notification No. 3103T.—R., dated the 4th November 1904, published in the *Calcutta Gazette* of the 9th idem, the rules in Sections II, III and IV of the Waste Lands Manual, 1898, have been declared under suspension until further orders, as regards waste lands in the Sundarbans and in the Saugor Islands. The following rules are laid down for the settlement of waste lands in those tracts, direct with cultivating raiyats, as an experimental measure.

Lands available for lease.

2. The "waste lands" to which these rules apply include all lands ungranted and unoccupied at the disposal of Government, or those which, from any cause or under any circumstances whatsoever, revert to Government, in the Sundarbans of the 24-Parganas and Khulna, and which have not been declared either a reserved or a protected forest under the Forest Act, VII of 1878.

Right of Government to withhold land from being settled.

3. The Government reserves to itself the right of withholding the settlement of any land by special order made at any time before the settlement is finally made.

Rights in the lands which are reserved by Government.

Proprietory rights.

4. Government retains its proprietary rights in the lands which may be settled.

To minerals on lands settled.

5. The Government reserves to itself the right to all minerals on the lands which may be settled, together with such rights of way and other reasonable facilities as may be requisite for working, getting and carrying away such minerals.

Right of Government to fishery, etc.

6. Government reserves all rights of fishery, and the control of all channels and streams. It is not the intention of Government that any raiyat of an estate shall be prevented from catching fish for his own use in the enclosed water of any *khal* within the estate.

Land to be subject to rights of way, etc.

7. The land shall be subject to all existing rights of way and water and other easements, and to any exceptions and reservations which may be particularised in the lease.

Right reserved to the public.

8. A tow-path not less than 25 feet in width on each side of every navigable stream and channel shall ordinarily be reserved by Government for the use of the public.

Common lands.

9. Government reserves to itself the right to regulate the conditions as to the use of any lands which may be reserved for the common use of the villagers.

Liability of land to cesses.

10. The land shall be subject to any cesses, such as road and public works cesses, or any other which may hereafter be imposed by law, in addition to the assessment to be paid.

Acquisition of land leased.

11. Any land of any holding, which may at any time be required for a public purpose, may be taken up by Government free of cost, a deduction being made in the amount of assessment payable, proportionate to the area so taken up and compensation being paid for the value of any improvement or property thereon under the provisions of the law in force for the time being for the acquisition of land for public purposes.

Rights of the raiyat.

12. It is the intention of Government that settlements shall be made with resident cultivating raiyats, and to prevent the intervention of middlemen who will be merely rent collectors between Government and the actual cultivators. All lands that may be settled with such raiyats shall be heritable.

Transferability of holding.

13. The raiyat will have the right to transfer his holding to one who is already or who becomes a resident and cultivating raiyat, and provided that the previous sanction of the Collector is obtained to the transfer and that the transferee's total holding in the estate does not thereby exceed 100 bighas.

Subdivision of the holding.

14. A raiyat will be permitted to transfer a part of his holding, subject to the consent in writing of the Collector, which consent will ordinarily be given on the same conditions as in the case of the transfer of the whole holding (para. 13).

Exchange of lands.

15. Exchange of lands between raiyats of the estate will ordinarily be permitted, but will be subject to the consent of the Collector in writing.

Subletting.

16. The right to sublet the lands of a holding either on produce or cash rents is not granted. The Government reserves to itself the right to resume any lands which may be sublet and to settle them direct with the actual cultivator.

It is not the intention of Government that this condition shall be worked harshly or indiscriminately, *e g.*, a widow or guardian of minors or temporarily incapacitated person would be permitted to sublet the lands of his holding. But the creation of a class of raiyats of large holdings with cultivators under them and permanently paying rents to them would not be allowed.

Duties of the raiyats.

Residence on the estate.

17. Every raiyat must reside on the estate, or, if outside the estate, then within such distance of the estate as the Collector may approve. If he fails to do so, the Collector may require him to give up his lands or transfer them to a person who must be approved by the Collector.

It is not the intention of Government that this rule should be worked harshly, nor to prohibit temporary absences from the estate for the purpose of labour or service. It is only intended to prevent the growth of a class of absentee raiyats.

To cultivate the lands.

18. The raiyat must proceed to reclaim and cultivate his holding with due diligence. Government reserves the right to resume any lands which are not cultivated within a resonable time and to settle them with other raiyats.

Maintenance of boundary marks.

19. The position and extent of his allotment will be pointed out to the raiyat, and artificial boundary marks will be erected so far as may be necessary to indicate his holding, and these will have to be maintained by the raiyat. If they are not maintained, they may be repaired at his expense, and the cost of such repair will be recoverable as an arrear of rent.

Maintenance of embankments.

20. The outer bunds of the estate so far as they are necessary will be maintained by Government. But the raiyat will be bound to maintain such interior bunds as he may be specifically required to maintain and which are mentioned in the terms of his lease. If he fails to properly maintain them, they may be repaired by Government, and the expense of such repair may be recovered from him as an arrear of rent.

Repayment of loan.

21. The raiyat must repay any loan advanced to him on the due dates.

Payment of rent.

22. The raiyat must pay his rent on the due dates. If he fails to do so, the rent will be recovered under the law in force for the time being for the recovery of rents.

Administration.

23. These settlements will be carried out under the orders of the Collector of the district in which the lands are situated, and shall be under his control. He will be assisted by such establishments as may be given to him for this purpose. He will be under the control of the Commissioner of the Division, and the Commissioner will be under the control of the Board of Revenue.

In carrying out these raiyatwari settlements, considerable discretion is allowed to the Collector, but the following points will demand his attention.

Estates to be formed and surveyed and their sites defined.

24. Waste lands which are to be settled under these rules should be blocked into estates of convenient size. The boundaries of these estates should be demarcated by natural and artificial marks where necessary, and should be surveyed and connected with a trijunction mark of the Revenue Survey and accurately shown in a skeleton trace of the Revenue Survey map of the district.

25. When the estate has been demarcated and surveyed, it will be given a name and number and entered in register 32.

Estimate of Government work of reclamation.

26. A scheme and an estimate must then be prepared for the necessary protective bunds and for the requisite clearing of the jungle. It will have to be considered how far the clearing of the jungle must be done by Government, or how far it should be done by the raiyat who may take settlement.

Estimate of capacity of the estate.

27. An estimate of the number of holdings into which the estate may be divided must then be made. This estimate will depend on the average size of each holding and the number of homestead sites which will be required.

Laying out of the estate.

28. The estate must then be laid out by the selection of a suitable site or sites for the requisite number of homesteads, sites for tanks, for roads' for a margin of 25 feet for towing paths and roads along the edge of khals and water channels, a site or sites for a market, a reservation of some common land for general use of the raiyats near the homestead site, and possibly also some jungle or land for firewood and jungle produce and some grazing land.

For sanitary reasons, care should be taken not to allow any homestead site to abut on any water channel or reservoir from which drinking-water is likely to be taken.

29. It may be necessary that the cultivable land should be blocked out into convenient blocks of lands of a fairly uniform class. In any case care must be taken not to give all the best lands to the first comers. Lands will have a special value either from propinquity to the homesteads or from exceptional fertility or exceptional protection from floods, etc. The first

comers may naturally expect to receive a fair proportion of their holding from the best lands, but, if they are given large holdings entirely from the best lands, it will be very difficult to secure subsequent raiyats.

The sites and blocks should be surveyed after demarcation and plotted on the estate map.

Applications for holdings.

30. Applications by *bonâ fide* cultivators for raiyatwari holdings shall be in writing and may be on plain paper, and may be presented to the Collector, or to the local officer in charge of the estate who shall forward them to the Collector with his recommendations. The applicant shall give full particulars regarding his present residence, and should state whether he desires to receive a loan, and, if so, how much and what security he can give.

Allotment of lands.

31. As stated above in paragraph 29, care must be taken not to give all the best lands to the first comers. It will be best to give a raiyat only a reasonable proportion of his holding from each class of land into which the estate is blocked. In giving out the holdings, lands should be settled continuously without jungle and waste intervening between the holdings. It is not necessary that all the lands of a raiyat should be in one block, but only unnecessary subdivision of a raiyat's holding should be avoided. In the first settlement of raiyats, the raiyats themselves should be freely consulted as to their own preferences and so far as these are reasonable and not mutually incompatible, and so far as they comply with the rules laid down their wishes should be adopted.

Limit of area.

32. The maximum area for an original grant should be 75 bighas and the minimum 10 bighas. It will be well, however, not to give at first holdings in excess of what the applicant can be reasonably expected to fully cultivate in a few years. Comparatively well-to-do applicants who can afford to pay for hired labour may get larger holdings than those who are poor and may have to go away and labour for their subsistence for a large part of the year. Under the system of giving proportionately lands from the blocks of each class it will be quite possible from time to time to increase the holdings of raiyats who bring all their lands under cultivation and are able to cultivate more lands.

Every care must be taken not to encourage or assist the practice of subletting lands, by giving large holdings which the occupant cannot personally reclaim either by himself or by hired labour and which, if he cultivates them at all, he can only cultivate by subletting.

It must be remembered that it will be difficult in practice, as it would be a measure of harshness to oust a raiyat from a large part of his holding because he had only been able to cultivate a portion of it. A settlement, such as these rules provide for, is a matter of continual adjustment, and it will be much easier to add to a raiyat's holding than to take away from it. His holding may be diminished under the provision of rule 18, but this will be looked upon as a harsh measure. The original area allotted should be therefore strictly limited to the applicant's means of cultivation and probable requirements as measured by the number of working members of his family and his ability to employ hired labour. Ten bighas to a plough is probably a fair estimate. A 20-bigha allotment will probably ordinarily be amply sufficient as a first allotment.

Demarcation of allotments.

33. Allotments must be sufficiently marked off and demarcated by natural or artificial boundary marks. After demarcation the allotments must be surveyed and plotted on the estate map. This survey should be sufficiently accurate to afford a record in case of boundary marks being removed and disputes arising. The estate map may be divided into block sheets or other convenient sheets, and rough working sheets may be used to first sketch in the allotments proposed and more accurate maps of the holdings as they are effectively occupied and cultivated and finally confirmed may afterwards be prepared.

Loans without interest may be given.

Loans.

34. Those loans may not exceed Rs. 200 in all to one family, and should not exceed—

	Rs.
in first year	100
„ second „	80
„ third „	20

They may be given in cash or in grain. Great care must be taken in granting such loans which, for the most part, must at first at least be unsecured. A certain amount of safety will be obtained if a group of settlers take a loan on joint and separate liability, and this should be secured, if possible. But ordinarily all the security there will be for the loan will consist of the value of such improvement as the borrower may make to his holding and of the value of any homestead he may erect. It will be a safeguard if loans are advanced gradually as it is seen that the applicant is improving his holding and building his homestead. Settlers who expend labour in this way are also less likely to abscond and may therefore be expected to repay their loan in due course.

It is further to be considered that it is not desirable to encourage a too impecunious class of settlers, though this need not deter the Collector from assisting poor raiyats who have become poor by misfortune rather than through their own incapacity. Such may come to his notice in Government *khas* mehals.

35. An instalment bond will be taken for the repayment of these loans. Repayment should begin from the 4th year and should be completed by the end of the 10th year. Any instalment not paid on due date may be recovered, with interest from that date at 6¼ per cent. per annum as an arrear of rent.

Repayment of loans.

36. Subject to such rates as may be from time to time fixed by the Board, rent shall be charged for lands settled under these rules for every standard bigha—

Rate of assessment.

From 1st to 3rd year.	4th year.	5th year.	6th year.	7th and 8th year.
Rent-free	2 to 4 annas.	4 to 8 annas.	8 to 1 rupee.	Re. 1 to 1-8

After the 8th year the rent will be Re. 1-8 to 2. Government reserves to itself the right to charge a special rate of rent for special land, viz., for land which may be cleared and on which crops have been grown, and also for land on which buildings may be erected for residential quarters.

37. A copy of the rules 4 to 22 will be given to every settler and will be hung up in the estate cutcherry. They must be carefully explained to every applicant, who should be told that he can only obtain lands on these conditions and should be required to execute a *kabuliyat* agreeing to these terms.

Establishment for the management.

38. It will be necessary to have an efficient and responsible officer resident on or near the estate to carry out the following amongst other duties:—

Resident officer.

(1) To carry out the works of reclamation and improvement, such as embankments, tanks, roads, jungle clearing, so far as it is done by Government. This may possibly be done by a separate works establishment.

(2) Demarcate the reserved and public lands, and see that they are not encroached upon.

(3) Inquire into the history of applicants who apply to him direct and submit recommendations to the Collector.

(4) Receive and point out their allotments to the settlers.

(5) Demarcate the allotments on the ground and survey and plot them on the map of the estate.

(6) Keep up a record of the allotments made in a register which will show—

Serial number of holding.
Name of settler and father's name.
Name of village and thana from which he has come.
Date of giving possession of allotment.
Block and plot numbers.
Area of each plot.

(7) To watch the tenants and report if they leave the estate without notice. Reasonable absence to enable the raiyats to earn a living by work off the estate at times when they can do little to their own holdings need not be objected to.

(8) To recommend as to loans and pay out the same when they are paid by instalments.

(9) To watch the progress of clearance and cultivation and the building of homesteads generally, and more particularly in the case of those who have received or are receiving advances.

(10) Arrange for markets and supplies.

(11) Generally to see that the wants of the community are supplied as far as possible and to protect their interests.

39. It will be probably necessary to give the officer in charge of the estate quarters and a cutcherry, if not on each estate in a central situation for a group of two or more estates.

Quarters.

A small rest-house for inspecting officers will probably also be desirable.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22.—Notification.—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905 :—

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly ;
(2) the river Hooghly, from Nadia to its junction with the river Mathabhanga ;
(3) the river Jalangi, from the Ganges to Nadia ;
(4) the river Bhairab, from the Ganges to Nadia ;
(5) the river Mathabhanga, from the Ganges to its junction with the Hooghly ;
(6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhanga rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows :—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements :—

Class I—

(*a*) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

(*c*) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

(*d*) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

(*e*) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

(*f*) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged : provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself : provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz.:—

(1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
(2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
(3) the river Jallanghi, from the Ganges to Nadia;
(4) the river Bhairab, from the Ganges to Nadia;
(5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
(6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively,

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act 1864, and of these rules, be determined by the following measurements :—

(*a*) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depths from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(*c*) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.

(*d*) In the case of steamers, the tonnage as determined by clauses (*a*), (*b*) and (*c*) shall be reduced by one-half as an allowance for engine and cabin space.

(*e*) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

19. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (*a*) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(*b*) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(*c*) The person in charge of a vessel approved as in clause (*b*) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (*a*) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(*b*) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (*a*) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(*b*) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 27 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorised to receive payment thereof.

PROPOSED RULES.

30. For any contravention of Rules 4, 7(*o*), 16, 17, 19, 20, 22, 23, 27, 29, or of any notice issued thereunder, the person in charge of the vessel, or other person in fault, shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

Schedule of Tolls to be levied on the Nadia Rivers under Act V of 1864, Section 6, irrespective of the distance travelled.

EXISTING RULES.

24. For every vessel or raft, or fleet of vessels or rafts, and for every timber which shall pass into, or out of, or through, any of the Nadia Rivers in violation of Rules 22 and 23, the owner thereof or the person in charge shall, on conviction by a Magistrate under section 18 of the "Canals Act, 1864," be punishable by a fine not exceeding Rs. 10 for each vessel, raft, or timber in excess of the number authorized, besides being subjected to the payment of the prescribed toll on the same. The payment of the toll shall, if necessary, be enforced in the manner described in section 9 of the "Canals Act, 1864."

27. Refusal to pay the toll on steamers or floats, except on those which are furnished with a certificate under Rule 25, or evasion, or attempt at evasion, of such payment, will be dealt with under sections 9 and 10 of the "Canals Act, 1864;" except that, instead of the vessel being seized and detained as directed in section 9, any separate cargo or stores, the sale proceeds of which will be sufficient to defray the amount of toll that should be paid, and which can, without inconvenience or danger to itself or to the rest of the cargo, be taken out of the vessel, shall be so taken out and detained, and subsequent proceedings shall be taken thereon as directed in section 9.

28. Any person who may without just cause refuse to pay any toll demanded of him by officers of the toll establishment, or who may evade, or attempt to evade, any such toll, or who may be a party to the transfer, or attempted transfer, of any ticket or pass, or who may without reasonable cause neglect or refuse to place his vessel in any situation in which he may be required by the Toll Collector to place it, or who may without reasonable cause neglect or refuse to remove his vessel from the measuring ghât after measurement, or unload cargo without the permission of the Toll Collector, shall be punishable under section 10 of Act V of 1864 (B.L.C.), on conviction before a Magistrate, with a fine which may amount to Rs. 50, or with simple imprisonment in lieu of fine which may extend to one month.

29. Any person who shall without sufficient excuse, neglect or refuse to produce, when called upon by the Toll Officers, or by any other person whose duty it may be to check the collection of tolls on the rivers, any ticket or pass which he may be required by these rules to produce, shall be liable to pay tolls whether he shall or shall not have previously paid them, and shall also be liable to a fine under section 10 of the Canals Act which may amount to Rs. 50.

30. Complaints against the conduct of the subordinate officers and enquiries for information must be preferred to the Toll Collector.

MARINE DEPARTMENT.

The 21st September 1905.

No. 94Marine.—It is hereby notified that under section 9 of the Chittagong Port Commissioners Act, 1887, Mr. J. Stuart, Traffic Manager, Assam-Bengal Railway, is appointed to be a Commissioner of the Port of Chittagong, in the place of Mr. W. Chadwick, resigned.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 19th September 1905.

No. 93Marine.—In exercise of the powers conferred on him by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and in supersession of the rules sanctioned under Notification No. 68Marine, dated the 27th June 1905, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules for regulating the grant to owners of motor vehicles of licenses to possess and transport petrol for use in such motor vehicles.

1. In these rules—

(*a*) "motor vehicle" includes all vehicles propelled by mechanical means on ordinary roads and motor boats and launches;

(*b*) "petrol" includes "other dangerous petroleum" used for the propulsion of motor vehicles.

2. (1) Licenses may be granted to the owners of motor vehicles—

(*a*) to possess petrol intended for use in motor vehicles;

(*b*) to transport petrol on motor vehicles for use in propelling such motor vehicles;

(*c*) to transport petrol by other means of conveyance by road, rail or water.

(2) Such licenses for quantities not exceeding 40 gallons may be granted, in the town and suburbs of Calcutta, by the Commissioner or Deputy Commissioner of Police, and elsewhere by the District Magistrate or such other officer as the Local Government may from time to time, by order in writing, appoint. Licenses for quantities exceeding 40 gallons will be granted by the Local Government.

(3) The licenses under rule 2 (1), clauses (*a*) and (*b*), shall be granted in the annexed Form H, and those under rule 2 (1), clause (*c*) in the annexed Form I.

3. The licenses under clauses (*a*) and (*b*) of rule 2 (1) shall be granted free of charge, and those under clause (*c*) of that rule for a fee of Rs. 5. The licenses shall remain in force for a period of one year, at the expiry of which they shall expire, but may be renewed.

4. Every license shall be subject to the following conditions, namely:—

(1) When not carried in a receptacle forming part of a motor vehicle the petrol shall not be kept, used or transported except in iron or steel vessels so substantially constructed as not to be liable, save by gross negligence or extraordinary accident, to be broken or become defective or insecure.

Every such vessel shall be so constructed and maintained that no leakage, whether of liquid or vapour, can take place therefrom.

(2) Every such vessel, when used for transporting or keeping petrol, shall have attached thereto a metallic or enamelled label in conspicuous characters, stating the description of the petrol with the addition of the words "highly inflammable" legibly and indelibly stamped or marked thereon, and with the addition of the name and address of the owner.

(3) Every such vessel shall have an air-space equal to one-tenth of its capacity to allow for expansion of the petrol.

(4) No such vessel shall contain more than four gallons.

(5) Before repairs are done to any such vessel, it shall, as far as practicable, be cleaned by the removal of all petrol and of all dangerous vapours derived from the same.

(6) The store-house or building in which the petrol is stored shall be well ventilated and constructed of uninflammable materials. But any building having a capacity of not more than 40 gallons owned by the owner of a motor vehicle or a petty dealer may have its doors and windows constructed of wood.

(7) Where a store-house forms part of, or is attached to, another building, and the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling or as a place where persons assemble.

A store-house shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

(8) The amount of petrol which may be kept by the owner of a motor vehicle, whether or not upon motor vehicles, shall not exceed 60 gallons at any one time.

(9) The amount of petrol which may be transported under a license granted under rule 2 (1), clause (*c*), shall not exceed 60 gallons.

(10) The filling or replenishing of any vessel with petrol shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour arising from the petrol, and no fire or artificial light capable of igniting inflammable vapour shall be brought within dangerous proximity of the place where any vessel containing petrol is being kept.

(11) In the case of all petrol kept or transported for the purpose of, or in connection with, any motor vehicle—

(*a*) all due precautions shall be taken for the prevention of accidents by fire or explosion, and for the prevention of unauthorised persons from having access to any petrol kept or transported, and to the vessels containing, or intended to contain, or having actually contained the same; and

(*b*) every person managing or employed on, or in connection with, any motor vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing any such act.

(12) The store-house shall be liable to inspection by any police officer not lower in rank than Inspector of Police, or by any other officer whom the Local Government may depute for that purpose.

5. The general rules for the possession and transport of dangerous petroleum in force in the province of Bengal for the time being shall, except so far as they are inconsistent with the foregoing rules, apply to petrol kept or transported for use in motor vehicles.

ORISSA DIVISION AND THE ORISSA TRIBUTARY MAHALS.

OFFICE MEMORANDUM OF THE INSPECTOR OF SCHOOLS, ORISSA DIVISION.

Rules for appearing at the F.A. and B.A. examinations in 1906 for candidates from the Orissa Division and the Orissa Tributary Mahals who are not students of any affiliated institution.

DEPUTY INSPECTORS OF SCHOOLS, Sub-Inspectors of Schools and *bonâ-fide* teachers of recognized English schools who have served as such for the full period of two academical years, or for a term of six months after an examination of the same class last held by the University in the case of those only who were admitted to a former examination of that class will be admitted to the abovementioned examinations. All applications from school-masters should be accompanied by certificates of length of service from the Secretaries of the schools in which they are employed, and should reach this office not later than the 5th January 1906. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the presence of the Secretary or a member of the Managing Committee of the school in which he is employed. The application should be forwarded to the office of the Inspector of Schools, Orissa Division, for countersignature, together with the Registrar's receipt to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination as the case may be. Such papers will be sent back to him (the candidate) who will have to send them, together with the examination-fee, to the Registrar of the University direct.

2. Candidates should read carefully the form of the certificate which the Inspector of the Division will sign, and should be careful to supply all information and documents required, including the Registrar's receipt, in the case of those who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate applied for.

3. By *bonâ-fide* teachers of schools are to be understood teachers who hold regularly-paid appointments in English schools teaching at least the Middle English course.

4. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M.A. examination of the University of Calcutta, other than as regular students of some affiliated college, are requested in the first instance to apply for and obtain the permission of the Senate. Their applications cannot be accepted unless they are supported by the permission of the Senate.

CUTTACK,
The 28th August 1905.

HERBERT A. STARK,
Inspector of Schools, Orissa Division.

MEMORANDUM.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE STUDENTS.

1. Private students are those who do not appear from any school, or who have been transferred from one school to another after the 31st August without the consent of the Inspector.

2. The term "Private students" includes School-Masters.

3. Private students must appear at the test-examination of any one of the undermentioned schools on dates to be fixed by Head Masters:—

(1) Ravenshaw Collegiate School (with the permission of the Principal of the College).	(2) Balasore Zilla School. (3) P. M. Academy. (4) Puri Zilla School.

4 Every private candidate must satisfy the following conditions:—

(*a*) That he has not failed at the test-examination of any Entrance school in the current session.

(*b*) That he has not failed to gain promotion to the first class of any Entrance school at the results of the annual examination of the second class in the last session.

(*c*) That he has left the school in which he last read with a transfer certificate, or (in case of a failed student) is in possession of the Registrar's receipt.

5. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he is to appear for the examination.

6. He must arrange for his identification to the officer conducting the test-examination, and he should satisfy the Head Master as to his character, if necessary.

7. The Head Masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation, and to forward with the application forms the marks gained by such candidates at the test-examination. The undersigned will use his discretion in countersigning the forms submitted to him. Private candidates should make their own arrangements to remit their examination-fees and application forms to the Registrar of the Calcutta University.

CUTTACK,
The 28th August 1905.

HERBERT A. STARK,
Inspector of Schools, Orissa Circle.

NOTIFICATION.

AN examination in the knowledge of English idiom and in pronunciation for teachers of English in Native schools will be held at the office of the Inspector of European Schools, 12, Dalhousie Square, East, on Saturday, the 21st October 1905, at 11 A.M.

DACCA DIVISION.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE CANDIDATES.

1. A student who has not attended any H. E. School recognised by the University since the 1st September next preceding the Entrance examination, or who has been transferred after the 1st September to the school from which he appears without the consent of the Divisional Inspector of Schools will be treated as a private candidate.

2. School-teachers are classed as "Private candidates."

3. Private candidates desirous of sitting at the ensuing University Entrance examination must appear at a test-examination in one of the undermentioned schools:—

(1) Dacca Collegiate School.
(2) Mymensingh Zilla School.
(3) Faridpur Zilla School.
(4) Barisal Zilla School.

4. The test-examinations of the zilla schools will be held on the 8th January 1906 and the following days. The date of examination of the Collegiate School should be ascertained from the Head Master of that school.

5. Every private candidate must submit his application to the Head Master of one of the schools named above at least three weeks before the test-examination, and satisfy the following conditions:—

(*a*) that he has not failed at the test-examination of any Entrance school during the current session;
(*b*) that he has not left school from any class lower than the first; and
(*c*) that he has left the school in which he last read with a transfer certificate, or (in the case of a candidate who appeared at any previous examination) he is in possession of the Registrar's receipt.

A school-master is required to produce a certificate from the Secretary of the school in which he has served as a *bonâ-fide* teacher for a period not less than six months, or if he has served in several schools, he must produce certificates from the Secretaries of each of them to prove that he has served as a *bonâ-fide* teacher in all of them.

6. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he appears for examination. After payment of the necessary expenses, the balance of the fees will be paid to the examiners as remuneration.

7. He must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, and satisfy him as to his character, otherwise he will not be admitted to the test-examination.

8. The Head Masters of the schools named above are requested to send to this office a statement showing the marks gained by each private candidate in each subject at the test-examination within a fortnight from the date of the said examination, and are authorised to sign the application forms of eligible candidates, which should be forwarded to this office for countersignature and return in due time.

9. Private candidates should arrange to remit their examination fees, together with the application forms, direct to the Registrar, so as to reach him on or before the 31st January 1906.

10. The next Entrance examination begins on the 12th March 1906.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ-fide* teachers of recognised English schools will be admitted to the F.A. and B.A. examinations as private candidates, provided they have served in their respective capacities for a period of two academical years.

Bonâ-fide teachers are those who hold paid appointments in English schools, teaching up to at least the Middle English standard.

2. Exceptions to the above rule will be made in the case of those candidates who, after failure at a previous examination, have served for six months since the date of the last examination held by the University. If, however, a candidate has not completed six months' service at the time of submitting his application, he must give a written guarantee that he will remain in his post until he completes six months' service before the examination.

3. School-masters should submit, with their applications, certificates of character and length of service from the Secretaries of their respective schools, which will be retained and also the University certificates, in proof of their having passed the Entrance or F.A examination, as the case may be. Candidates who have previously failed at the examination should produce the Registrar's receipt in addition.

4. Applications must reach this office on or before the 7th January 1906.

5. Fees should be remitted by the candidates direct to the Registrar of the University of Calcutta, together with the application forms countersigned by the Inspector of Schools, so as to reach the office of the Registrar on or before the 12th February 1906.

6. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M.A. examination of the University of Calcutta, other than as regular students of some affiliated college, are requested in the first instance to apply for and obtain the permission of the Senate. Their applications cannot be accepted unless they are supported by the permission of the Senate.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, SEPTEMBER 27, 1905.

NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
Secretary, Marine Department.

CALCUTTA, *the 23rd September 1905.*

CHINA—HONGKONG WATERS.

Wan chu chau—Rock in anchorage, north-eastward.

No. 368 (first publication).—The British Admiralty has given notice (No. 844 of 1905) of the existence of a rock, with a depth of one fathom over it, in the Typhoon anchorage, north-eastward of Wan chu chau or Stone cutters island, situated in a position from which the sheers at the Cosmopolitan dock bear S. 47° E., distant 6¼ cables, and the northern extremity of Wan chu chau S. 75° W.

Approximate position, lat. 22° 19¾′ N., long. 114° 9′ E.

(*Variation Nil in 1905.*)

This Notice affects the following Admiralty Charts:—Macao to Pedro Blanco, No. 3026, approaches to Hongkong, No. 1180; Hongkong, No. 1466, Hongkong waters, No. 3280: Also, China Sea Directory, vol. III, 1904, page 69.

PACIFIC OCEAN—THE PHILIPPINE ISLAND—SAMAR, NORTH COAST.

Biri channel—Non-existence of shoals

No. 369 (first publication).—The British Admiralty has given notice (No. 856 of 1905) that a recent survey shows that the shoals in Biri channel shown on the Chart as E.D., at distances of one mile S. 45° W. and 1¼ miles S. 78° W. from the western extremity of Tinau island, do not exist; they have therefore been expunged from the Charts.

Approximate position of western point of Tinau island, lat. 12° 37′ N., long. 124° 25½′ E.

(*Variation Nil in 1905.*)

This Notice affects the following Admiralty Charts:—St. Bernardino and Mindoro straits, No. 2577; St. Bernardino strait, No. 3370: Also, Eastern Archipelago, part I, 1902, page 353.

PACIFIC OCEAN– PHILIPPINE ISLAND—LUZON, NORTH COAST.

Pulupari (Palupart) island—Reef to the north-westward.

No. 370 (first publication).—The British Admiralty has given notice (No. 859 of 1905) that a reef, on which a depth of 2 fathoms was obtained, has been reported to the north-westward of Pulupari or Palupart island, situated in a position from which that island bears S. 56° E., distant 1½ miles.

Approximate position, lat. 14° 14′ N., long. 122° 7′ E.

From this position the reef extended in a north-westerly direction for a distance of 1½ miles, the depths over it varying from 2 to 6 fathoms, and ending abruptly in deep water; it is covered with dark green seaweed, and is, therefore, difficult to distinguish.

(*Variation 1° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—St. Bernardino and Mindoro straits, No. 2577 · Also, Eastern Archipelago, part I, 1902, page 374.

PACIFIC OCEAN—PHILIPPINE ISLANDS—MINDANAO, SOUTH COAST.

Illana bay—Shoals reported in.

No. 371 (first publication).—The British Admiralty has given notice (No. 860 of 1905) that the undermentioned shoals are reported to exist on the eastern side of Illana bay, in the following approximate positions:—

a. A shoal on which a vessel struck, situated at a distance of 5 miles S. 23° W. from Malabang fort; this has been placed on the Chart as a rock with a depth of less than 6 feet over it.

b. A coral shoal, with a depth of 3½ fathoms over it, situated at a distance of 4½ miles S. 35° W. from Malabang fort.

These shoals have been marked P.D., in consequence of the inaccuracy of the coast as shown on the Chart by which their positions were determined.

Approximate position, Malabang fort, lat. 7° 34′ N., long. 124° 3′ E.

(*Variation 1° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—Sulu sea, No. 2578, Also, Eastern Archipelago, part I, 1902, page 397.

CHINA NORTH COAST—CHIFU.

Tower hill.—Intended light.

No. 372 (first publication)—The British Admiralty has given notice (No. 864 of 1905) that it is intended to establish a *white occulting* dioptric light *every ten seconds*, thus:—light, *eight seconds*; eclipse, *two seconds*, in a white lantern placed on the native tower on Tower hill, Chifu; it will be elevated 175 feet above high water, and visible in clear weather from a distance of 19 miles. It will show the following sectors:—*red* from the bearing of S. 25° E., through south, to S. 42° W., excepting where obscured by Chifu bluff, *white* from S. 42° W. to S. 59° W., *red* from S. 59° W., through west, to N. 80° W., excepting where obscured by King tung tao, *white* from N. 80° W. to N. 72° W., and *red* from N. 72° W. to the land. The light will be of 3rd order.

Approximate position, lat. 37° 23′ N., long 121° 23½′ E.

Further Notice will be given when information has been received that this light is established.

(*Variation 4° Westerly in 1905.*)

This Notice affects the following Admiralty Charts:—Hong Kong to Liautung gulf, No. 1262; Pechili and Liautung gulfs, No. 1256; Shantung promontory, No 1255; Ching tau Shan to Chifu bluff, No. 1260: Also, List of Lights, part VI., 1905, page 145; and China Sea Directory, vol. III, 1204, page 566.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—LUZON, MANILA.

Pasig river entrance—Light altered.

No. 373 (first publication).—With reference to Notice to Mariners No. 347, dated the 12th instant, issued by this office, the British Admiralty has given further notice (No. 870 of 1905) that during the latter part of July the fixed light at the head of the north mole, on the northern side of the entrance to Pasig river, situated at a distance of 8 cables N. 69° W. from Manila Cathedral, would be replaced by a *white flashing* light *every four seconds.*

Approximate position, lat. 14° 35¾′ N., long. 120° 57½′ E.

The light on the western side of the channel joining the new harbour to Pasig river is *fixed green.*

(*Variation Nil in 1905*)

This Notice affects the following Admiralty Charts: Manila bay, No. 976; Manila and Kavite anchorages, No. 3487: Also List of Lights, part VI, 1905, No. 631; China Sea, vol. II, 1899, page 308; Supplement, 1901, page 9; and Eastern Archipelago, part I, 1902, page 63.

KOREA, EAST COAST—URUSAN KO (COMMEMORATION BAY).

Position of rock in approach.

No. 374 (first publication).—With reference to Notice to Mariners, No. 292, dated 20th June 1902, issued by this office, the British Admiralty has given further notice (No. 872 of 1905) that an examination of the rock reported by the Master of the S. S. *Okunimaru*, in the approach to Urusan ko (Commemoration bay), shows that it has two heads close together, with a depth over them of 5 feet, but that it is much closer to the coast than originally stated, being situated about half a mile from a point named Kanjiriku, in approximately, on Chart No. 2347, lat. 35° 21′ N., long. 129° 23¼ E. This rock, which is now named Seiupao, is long and narrow, extending about 20 yards in a north-westerly and south-easterly direction, and is surrounded by depths of from 8 to 10 fathoms; its position is indicated by a crested wave when the sea is not smooth and by breakers in rough weather.

There is a pinnacle rock named Poruraku tori, with a depth of 1¼ fathoms over it, and from 6 to 10 fathoms around it, situated at a distance of three-quarters of a mile S.-W. from the above rock.

(*Variation 5° Westerly in 1905.*)

This Notice affects the following Admiralty Chart:—Japan, No. 2347; Also, Sailing Directions for Japan, &c., 1904, page 129.

CEYLON, SOUTH COAST.

Gindurah rock.—Beacon buoy out of position.

No. 375 (first publication).—The Master Attendant, Gallé, has given notice, dated 6th September 1905, that the Beacon Buoy, which marked the Gindurah Rock, is now out of position.

All vessels rounding the south coast of the island are warned to note this.

Due notice will be given when the rock is again marked.

EASTERN ARCHIPELAGO—CELEBES—SALAYAR STRAIT.

Pamatata light—Arc of visibility.

No. 354 (second publication).—With reference to Notice to Mariners No. 328, dated 26th August 1905, issued by this office, the British Admiralty has given further notice (No. 802 of 1905) that Pamatata light (*white group flashing*) is visible from the bearing of N. 49° E., through east and south, to N. 40° W.

Approximate position on Chart No. 941*b*, lat. 5° 43½′ S., long. 120° 29′ E.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—Eastern Archipelago, Nos. 941a and 941b: Also, List of Lights, part VI, 1905, No. 542; and Eastern Archipelago, part II, 1904, page 348.

EASTERN ARCHIPELAGO—BORNEO, SOUTH COAST.

Barito river—Shoal reported in approach.

No. 355 (second publication).—The British Admiralty has given notice (No. 803 of 1905) that a shoal, on which depths of 5 and 7 fathoms were obtained, is reported to exist at a distance of 13 miles S. 56° W. from the light-vessel at the entrance to Barito river.

Approximate position, lat. 3° 45¼′ S., long. 114° 19¾′ E.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—Eastern Archipelago, No. 941b: Also, Eastern Archipelago, part II, 1904, page 263.

INDIA, WEST—SIND COAST.

Karachi Bulk-oil pier—Light discontinued—Light exhibited from buoy.

No. 356 (second publication).—The British Admiralty has given notice (No. 808 of 1905) that the red fixed light on the head of the Bulk-oil pier, Kiamari, Karachi harbour, has been discontinued.

Approximate position, lat. 24° 48¾′ N., long. 66° 58¼′ E.

Also, that when the moorings off the oil pier are unoccupied, a *red fixed* light will be exhibited from the buoy, situated at a distance of 100 yards N. 40° W. from the pier head, and the green light shown from the buoy 110 yards to the westward of this buoy will only be exhibited under similar conditions.

(*Variation 1° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—Karachi harbour, No. 40: Also, List of Lights, part VI, 1905, No. 201 (Remarks); Hindustan Pilot, 1898, page 303; and Supplement, 1903, page 19.

EASTERN ARCHIPELAGO—CELEBES.

Kendari bay—Shoal in approach reported.

No. 357 (second publication).—The British Admiralty has given notice (No. 813 of 1905 that a shoal, with a least depth of one fathom over it, is reported to exist in the approach to Kendari bay, situated at a distance of about 3¾ miles S. 31° W. from the western end of Middle Saponda in approximately lat. 4° 1′ 50″ S., long. 122° 43′ 50″ E.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Chart:—Plan of Kendari bay on Chart No. 2196: Also, Eastern Archipelago, part II, 1904, page 365.

EASTERN ARCHIPELAGO—BORNEO, NORTH-WEST COAST—NATUNA ISLANDS.

Pulo Subi—Shoal reported to the north-eastward.

No. 358 (second publication).—The British Admiralty has given notice (No. 815 of 1905) of the existence of a shoal on which a depth of 4 fathoms was found, to the north-eastward of Pulo Subi, situated in a position from which the northern extremity of that island bears S. 83° W., distant 8¼ miles, and the south-eastern extremity of the same island S. 37° W.

Approximate position, lat. 3° 1¾′ N., long. 109° 0′ E.

There is probably less water on this shoal.

(*Variation 2° Easterly in 1905.*)

This Notice affects the following Admiralty Charts:—China Sea, No. 2660a; South Natuna islands, No. 2104: Also, China Sea Directory, vol. II, 1899, page 83.

CHINA, EAST COAST—SHANTUNG.

Kyau Chau bay—Colour of leading lights altered.

No. 359 (second publication).—With reference to Notice to Mariners No. 330, dated 30th September 1904, issued by this office, the British Admiralty has given further notice (No. 820 of 1905) that the two red fixed lights shown from the front and rear leading beacons into the Commercial harbour, Kyau chau bay, have been replaced by *orange* coloured *fixed* lights.

Approximate position, front light, lat. 36° 5½′ N., long. 120° 19½′ E.

This Notice affects the following Admiralty Chart:—Kyau Chau bay, No. 857: Also, List of Lights, part VI, 1905, No. 819 (Remarks); and China Sea Directory, vol. III, 1904, page 530.

EASTERN ARCHIPELAGO—TENGA OR PATERNOSTER ISLANDS.

Karang Satungal—Reef extending westward.

No. 360 (second publication).—The British Admiralty has given notice (No. 824 of 1905) of the existence of a reef, with an estimated depth of half a fathom over it, extending in a westerly direction from Karang Satungal, the extremity of which is situated in a position from which Satungal islet bears N. 71° W., distant 2 miles.

Approximate position, lat. 7° 33½′ S., long. 117° 55¾′ E.

The rocks, shown on the chart as awash on the eastward, and southward edges of Karang Satungal, have become vegetated; these rocks must therefore be altered on the charts to islets.

(Variation 2° Easterly in 1905.)

This Notice affects the following Admiralty Charts:—Eastern Archipelago, No. 941b; Straits of Makassar, No. 2637; Lombok to Flores, No. 1696: Also, Eastern Archipelago, Part II, 1904, page 218.

CHINA—PECHILI GULF.

Port Arthur—Signals for entry or exit.

No. 361 (second publication).—The British Admiralty has given notice (No. 832 of 1905) that the following signals will be made by means of the International Code, when vessels of over 50 tons burden are entering or leaving port Arthur:—

1. When an incoming vessel approaches Lutin rock, code flag H will be hoisted first on Hwang Chin Shan fort flagstaff, and then on the Harbour Master's flagstaff.
2. When a vessel is about to leave the port, code flag P will be hoisted first on the Harbour Master's flagstaff, then on Hwang Chin Shan fort flagstaff.

These flags will be kept flying until the incoming vessel has anchored, or the outgoing vessel passed the Lutin rock.

3. When code flag H is flying outgoing vessels are prohibited from leaving, and when code P flag is flying, incoming vessels are prohibited from passing to the westward of Lutin rock.
4. Outgoing vessels must inform the Harbour Master's office beforehand of the time at which they propose leaving.
5. When a vessel over 1,000 tons is entering or leaving the eastern port, code flag B will be hoisted at the Harbour Master's office; when this flag is flying all vessels and boats must keep clear of the entrance.

Approximate position, Harbour Master's office, lat. 38° 48′ N., long. 121° 15¾′ E.

This Notice affects the following Admiralty Chart:—Port Arthur, No. 1236: Also, China Sea Directory, vol. III, 1904, page 593.

CHINA, EAST COAST—YANG TSE KIANG, SOUTH CHANNEL.

Chung Pau Sha—Quarantine beacon moved.

No. 362 (second publication).—The British Admiralty has given notice (No. 833 of 1905) that in consequence of the erosion of the coast, the Quarantine beacon on Chung Pao Sha,

Yang tse kiang, has been moved S. 54° E. 4½ cables from its former position, and re-erected at a distance of $2\frac{8}{10}$ miles N. 55° E. from Pau Shan point pagoda.

Approximate position, lat. 31° 26½′ N., long. 121° 31½′ E.

(Variation 3° Westerly in 1905.)

This Notice affects the following Admiralty Charts:—Yang tse kiang, No. 2809; approaches to the Yang tse kiang, No. 1602: Also, China Sea Directory, vol. III, 1904, page 403.

INDIAN OCEAN—Madagascar—Diego Suarez bay.

Nosi Langor light—Sectors temporarily unreliable—Buoy withdrawn.

No. 363 (second publication).—The British Admiralty has given notice (No. 835 of 1905) that the sectors of Nosi Langor light (*fixed*) are not reliable, the light having been reported to be visible in all directions. Steps are being taken to remedy this defect.

Approximate position, lat. 12° 13½′ S., long 49° 19½′ E.

Also, that the black buoy, shown on the Charts at a distance of 2½ cables to the southward of the light, does not exist.

This Notice affects the following Admiralty Charts:—Diego Suarez bay, No. 1116: Also, List of Lights, part VI, 1905, No. 100; and islands of the Southern Indian Ocean, 1904, page 61.

JAPAN, SOUTH COAST—Volcano islands.

New island reported subsiding.

No. 364 (second publication).—With reference to Notice to Mariners No. 268, dated 15th July 1905, issued by this office, the British Admiralty has given further notice that the rocky island, about 2½ miles in extent, and 480 feet high, reported to have appeared at a distance of about 3 miles north-eastward from Minami Iwo jima (San Augustino), Volcano islands, has subsided, and was, when seen on 16th June, a rocky islet about a quarter of a mile long and 10 feet above the sea; it was covered with sand and pumice. Since that date, no information has been received as to whether the subsidence was still in progress or not.

Approximate position, lat. 24° 20′ N., long. 141° 30′ E.

This Notice affects the following Admiralty Chart:—Pacific ocean, No. 781: Also, Sailing Directions for Japan, etc., 1904, page 269.

CHINA, EAST COAST—Namoa island.

Shoal to the eastward.

No. 365 (second publication).—The British Admiralty has given notice (No. 838 of 1905) of the existence of a rock, with a depth of 23 feet over it at low-water springs, situated to the eastward of Namoa island, in a position from which High Lamock island light bears S. 7° W., distant 11¼ miles, and North point, Namoa island, N. 73° W.

Approximate position, lat. 23° 26′ N., long. 117° 19′ E.

This rock, which is marked by tide rips during the strength of the tide, has depths of from 8 to 10 fathoms around it, and its position is given with respect to the above-mentioned objects as shown on the existing Chart, but as they are not relatively correct, Mariners should not pass within half a mile of the charted position of this rock.

(Variation Nil in 1905.)

This Notice affects the following Admiralty Charts:—China sea, No. 2661b; Formosa island, &c., No. 1968; Hong Kong to the Brothers, No. 1962; the Brothers to Ockseu islands, No. 1760; Namoa island, No. 1957: Also, China Sea Directory, vol. III, 1904, page 159.

CHINA SEA—Formosa, west coast.

Pescadores islands—Bank reported to the northward.

No. 366 (second publication).—The British Admiralty has given notice (No. 839 of 1905) that a sounding of 10 fathoms, sand and mud, has been obtained off the west coast of

Formosa, about 18 miles to the northward of the Pescadores islands, in approximately lat. 24° 4′ N., long. 119° 44′ E.

This Notice affects the following Admiralty Charts :—Amoy to Nagasaki, No. 2412; Formosa island, No. 1968; the Brothers to Ockseu islands, No. 1760 : Also, China Sea Directory, vol. III, 1904, page 251.

INDIA, SOUTH—CEYLON, NORTH COAST.

Gulf of Manar—Shoal reported off Coilnapatam anchorage.

No. 367 (second publication).—The Bombay Government has given notice (No. 73 of 1905) that the Master of S.S. *Terrier* reports that on the 27th July 1905, shortly after leaving Coilnapatam Anchorage, the vessel grounded, Tiruchendur Pagoda bearing S. by W. ¼ W. (Mag.) and Penacoil Church West (Mag.). At this spot the Chart shows 6¾ to 7½ fathoms water, while the sounding taken when the ship was aground were only 16 feet forward and 18 aft.

This Notice affects the Admiralty Chart No. 68b, Palk Strait, and Gulf of Manar, Sheet II, and West Coast of Hindustan Pilot, 1898, page 115.

PACIFIC OCEAN—NEW GUINEA, NORTH-EAST COAST—NEW HANOVER.

Tench island—Existence of a densely-wooded island to the eastward.

No. 341 (third publication).—The British Admiralty has given notice (No. 784 of 1905) of the existence of a densely-wooded, oval-shaped island, about one mile long and half-a-mile broad, situated in approximately lat. 1° 41′ S., long. 150° 46′ E. It is not improbable that this island is identical with Tench island, which is shown on the Chart in nearly the same latitude and 15 miles to the westward of the above position.

This Notice affects the following Admiralty Charts :—Pacific ocean, No. 780; Australia, northern portion, No. 2759a; North-east coast of New Guinea, No. 2766 : Also, Pacific islands, vol. I, 1900, page 369; and Supplement, 1903, page 33.

KOREA—SOUTH-EAST COAST—PUSAN (FUSAN) HARBOUR,

Uno se—Light established.

No. 342 (third publication).—The British Admiralty has given notice (No. 789 of 1905) that, on 10th June 1905, an unwatched *white fixed* light elevated 30 feet above high water, and visible in clear weather from a distance of six miles was established on a stone cylindrical beacon, painted in red and black horizontal bands, erected on Uno se (Channel rock) in the northern entrance to Fusan harbour.

Approximate position on Chart No. 1259, lat. 35° 7⅓′ N., long. 129° 3¼′ E.

This Notice affects the following Admiralty Chart:—Fusan harbour, No. 1259: Also, List of Lights, Part VI, 1905, No. 880; and Sailing Directions for Japan, Korea, &c., 1904, page 119.

CHINA—PECHILI STRAIT.

Siau chu shan—Reported extension of shoal.

No. 343 (third publication).—With reference to Notice to Mariners No. 404, dated 21st December 1903, issued by this office, the British Admiralty has given further notice (No. 790 of 1905) that a steam-vessel drawing 15½ feet touched on the shoal extending from the south point of Siau chu shan (Little Bamboo island) at a distance of one mile S. 5° W. from the south point of the island. A depth of 2 fathoms has therefore been placed on the Chart in this position.

Approximate position lat. 38° 0¼′ N., long. 120° 52⅓′ E.

(*Variation 3° Westerly in 1905.*)

This Notice affects the following Admiralty Charts :—Shangtung promontory, No. 1255; Pechili strait, No. 1392 : Also, China Sea Directory, vol. III, 1904, page 574.

AUSTRALIA, SOUTH—PORT ADELAIDE RIVER.

Beacon light altered.

No. 344 (third publication).—The British Admiralty has given notice (No. 792 of 1905) that, on and after 1st July 1905, a *red fixed* light would be established in port Adelaide river on the red beacon with a rectangular topmark, situated at a distance of 2 cables N. 35° E. from No. 2 beacon, which would be removed in the process of deepening the channel.

Approximate position, red beacon light, lat. 34° 47′ S., long. 138° 29′ E.

(*Variation 5° Easterly in 1905.*)

This Notice affects the following Admiralty Chart :—Port Adelaide, No. 1750 : Also, List of Lights, Part VI, 1905, No. 1166 (Remarks) ; and Australia Directory, vol. I, 1897, page 331.

EASTERN ARCHIPELAGO—JAVA ISLAND, EAST COAST.

Surabaya strait, West Gat—Alteration in buoyage.

No. 345 (third publication).—The British Admiralty has given notice (No. 793 of 1905) that a light-buoy, painted white, exhibiting a *white occulting* light *every twenty seconds*, thus:—light, *ten seconds ;* eclipse, *ten seconds*, has been established in the northern entrance to the West Gat, Surabaya strait, in a position from which Jamuang reef tide pole bears N. 28° E., distant $2\frac{7}{10}$ miles, and Gebang village S. 82° E.

Approximate position on Chart No. 934, lat. 6° 58½′ S., long. 112° 42¼′ E.

The white conical buoy, No. 5, surmounted by a ball, and the light-buoy, No. 6, exhibiting a white occulting light, formerly situated three cables to the northward and one mile to the southward respectively from the above position, have been withdrawn.

REPORT ON THE ADMINISTRATION OF THE STAMP DEPARTMENT DURING THE THREE YEARS ENDING THE 31ST MARCH 1905.

NOTIFICATION.

No. 448T.-S.R.—The 16th September 1905.—The following extracts from the Report from the Board of Revenue on the Administration of the Stamp Department for the triennium ending the 31st March 1905, are published for general information.

E. A. GAIT,
Offg. Secy. to the Govt. of Bengal.

No. 5514B., dated Calcutta, the 9th August 1905.

From—H. F. SAMMAN, Esq., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit, for the information of Government, the following report on the administration of the Stamp Department during the three years ending the 31st March 1905.

THE HON'BLE MR. K. G. GUPTA, I.C.S.,
Member in charge.

FINANCIAL RESULTS.

13. The progress of the revenue derived from the sale of stamps during the last five triennial periods may be gathered from the following figures :—

Year.	Receipts.	Charges.*	Net revenue.	Percentage of increase of the net revenue of each triennium over the triennium 1890-91 to 1892-93.
Average of three years —	Rs.	Rs.	Rs.	
1890-91 to 1892-93 ...	1,49,83,961	3,60,403	1,46,23,558	...
1893-94 to 1895-96 ...	1,64,82,973	3,96,485	1,60,86,488	10·0
1896-97 to 1898-99 ...	1,75,71,597	4,21,284	1,71,50,313	17·2
1899-00 to 1901-02 ...	1,85,73,092	4,66,876	1,81,06,216	23·8
1902-03 to 1904-05 ...	2,00,90,574	5,15,624	1,95,74,950	33·8

* Exclusive of the cost of general supervision.

14. The revenue collected under both the Stamp and Court- fees Acts during the year 1904-05 amounted to Rs. 2,08,65,770 and exceeded the receipts of any other year during the triennium, being Rs. 10,30,256 more than in 1903-04 and Rs. 12,95,332 more than in 1902-03. The increase of revenue occurred under both judicial and non-judicial stamps. While the receipts under the latter head received a set-back in 1903-04, the receipts from the sale of court-fee stamps increased steadily throughout the triennium. There has been a corresponding steady increase in the total charges during the past three years, although the general result shows an increase in the annual net income. The total charges during 1904-05 amounted to Rs. 5,26,222, giving an increase of 0·2 and 6·2 per cent. over the figures of 1903-04 and 1902-03, respectively.

A.—JUDICIAL STAMPS.

16. The sale-proceeds of court-fee stamps (excluding stamps for copies), rose steadily during the past three years. The receipts during 1904-05 amounted to Rs. 1,41,18,166 against Rs. 1,34,39,977 in 1903-04. The increase is mainly attributed to larger resort to the Civil Courts, to the payment of heavy probate duties in respect of some large estates in Calcutta, and to the institution of suits of higher value in the Small Cause Court in Calcutta. The enquiries held by Revenue Officers under section 19II(3) of the Court-fees Act, VII of 1870, as amended by Act XI of 1899, have led to a more careful valuation by applicants for the grant of probates and letters of administration. There was an increase in the receipts from the sale of stamps for copies and of plain paper. The total receipts under the former head amounted to Rs. 8,17,614 against Rs. 7,82,975 in 1903-04 and Rs. 7,67,522 in 1902-03. Under the latter head the total receipts amounted to Rs. 3,16,934 and, compared with the receipts of the preceding two years, show an increase of Rs. 16,044 and Rs. 24,531, respectively.

B.—NON-JUDICIAL STAMPS.

17. Non-Judicial stamps show an increase of revenue of Rs. 2,39,321, or 4·5 per cent., when compared with 1903-04. The increase was shared by all classes of stamps.

18. (*a*) *Impressed stamps.*—The revenue derived from the sale of impressed stamps (the most important item among non-judicial stamps) fell from Rs. 35,59,677 in 1902-03 to Rs. 34,89,903 in 1903-04. In the subsequent year (1904-05), however, it exceeded by Rs. 75,319 the receipts of 1903-04. No general explanation can be given for these fluctuations, which were by no means uniform throughout the Province; the causes assigned are in most cases of a purely local character.

19 (*b*) *Hundis or inland bills of exchange.*—The revenue derived from the sale of *hundi* or bill-of-exchange stamps showed a progressive increase during the past three years. The receipts during 1904-05 were Rs. 1,48,201, which exceeded those of 1903-04 and 1902-03 by Rs. 16,341 and Rs. 22,715 respectively. The largest increase occurred in Calcutta, and is attributed by the Collector of Calcutta to the stringent measures adopted by him in bringing to book those who attempted to evade payment of the proper duty. The prosecutions instituted against Marwari traders in respect of unstamped *hundis* have probably had a wholesome effect, but the increase of revenue under this head must, to a large extent, be the result of increased commercial activity.

20. (*c*) *Impressed labels or special adhesive stamps.*—Receipts from the sale of impressed labels, which are used only in Calcutta, fell from Rs. 8,45,401 in 1902-03 to Rs. 7,98,593 in 1903-04; but rose again by Rs. 81,408 in the following year. The increase is attributed by the Collector of Calcutta to the increasing popularity of this class of stamps in Calcutta. The Commissioner of the Presidency Division writes:—

"This surmise may be partially correct, considering that, as compared with the preceding year, there was only a nominal increase in the sales of non-judicial impressed sheets in Calcutta, but the main cause of increase must be looked for elsewhere. Both impressed sheets and impressed labels can be used in respect of the same description of documents. Preference shown to one or the other class of stamps by the public merely means a transfer of the duties imposed on the same class of documents from one head to another. It does not account for the increase of revenue derived from that class of documents, taking the two descriptions of stamps together by means of which it is levied. A part of the increase no doubt represents the normal growth of revenue from year to year, but a part is probably due to increased commercial prosperity."

21 (*d*) *One-anna receipt stamps.*—The income from one-anna receipt stamps continues to rise steadily from year to year. The receipts during 1904-05 amounted to Rs. 4,83,983 and show an increase of Rs. 17,385, or 3·7 per cent., as compared with 1903-04 and of Rs. 42,245, or 9·5 per cent., over 1902-03. The increase no doubt is satisfactory, but the tendency to evade the legal obligation still exists, otherwise the receipts would have been much larger. The increase was largest in Calcutta, where it is attributed, in great measure, to the improvement of trade. It is reported that a large number of bills-of-exchange payable on demand used to find their way into the Calcutta market without being stamped; stringent measures were accordingly adopted and prosecutions instituted against the offenders; this had a salutary effect. An ingenious attempt to avoid the payment of stamp duty on receipts for the value of goods sold was brought to notice by the Collector of Calcutta in 1903 and thwarted. A certain large firm of importers abandoned the practice, customary among European merchants in Calcutta, of taking from purchasers demand promissory notes, stamped by the firm, for the value of goods sold on credit and delivered, or granting a stamped receipt in case of cash payment, and adopted the following procedure instead. On receipt of part payment very shortly after delivery of the goods, the firm would address a written memorandum to one of their collecting sirkars in which it was stated that so much had been paid by the purchaser on account of goods delivered. The sirkar would then give the purchaser this memorandum as a temporary receipt, and after a few days call for payment of the balance due, taking with him a second memorandum purporting to inform the sirkar himself of the total value of goods delivered to the purchaser. On receipt of payment of the outstanding balance the sirkar would write and sign the word "closed" on the back of this second memorandum, which he would then give to the purchaser in exchange for that previously given as a temporary receipt. Neither of these memoranda was stamped, although the second served as a final quittance, no further receipt being given. The firm produced legal opinion in support of their action, but the Board, after consulting the Legal Remembrancer and Advocate-General, held that the second memoranda were liable to duty as receipts and insisted on their being stamped as such in future.

22. (*e*) *Foreign Bill Stamps.*—These stamps are sold chiefly in Calcutta for bills-of-exchange, cheques and promissory notes drawn or made out of British India and chargeable with a duty of more than one anna. The receipts

from this source during the past year amounted to Rs. 71,919 which, compared with the receipts of the years 1903-04 and 1902-03, shows an increase of Rs. 15,128 and Rs. 18,484 respectively. The increase is attributed to the briskness of trade, especially in piece-goods, during this period.

23. (*f*) *Stamps for Legal Practitioners' licenses.*—The amount of revenue realised from the sale of these stamps during 1904-05 was Rs. 1,70,618, which shows an increase of Rs. 6,834 and Rs. 10,042, respectively, over the receipts of the years 1903-04 and 1902-03. The increase is due to the increase in the number of legal practitioners.

24. (*g*) *Share-transfer Stamps.*—Sales of these stamps, which are used for the payment of stamp duty on transfers of the shares of public companies and associations, were effected in Calcutta, Jalpaiguri and Darjeeling. The revenue during 1904-05 amounted to Rs. 55,983, which, compared with Rs. 38,098 and Rs. 28,295, the receipts of the years 1903-04 and 1902-03, shows an increase of Rs. 17,885 and Rs. 27,688, or 46·9 and 97·8 per cent., respectively. No special reasons are assigned for the increase. It has been brought to notice that the increase in the sale of share-transfer stamps is not commensurate with the increase in the number of limited companies and the consequent increase in the share transactions of these companies. The Board have asked for further information on the subject.

25. (*h*) *Notarial Stamps.*—These are one-rupee foreign bill stamps over-printed with the word "Notarial" under rule 15(*d*) of the rules issued with the Notification of the Government of India, No. 786S.R., dated the 17th February 1899. They were sold in 15 out of 46 districts during 1904-05. The sales of the year amounted to Rs. 1,417 in comparison with Rs. 1,367 and Rs. 1,594 during the two previous years.

26. (*i*) *Forms for Cheques or Receipts.*—Forms for cheques and receipts are impressed with one-anna stamps by the Controller of Printing and Stationery, in accordance with rule 7 of the Rules issued with the Notification of the Government of India, No. 786S.R., dated the 17th February 1899, on receipt of a certificate of payment from the Calcutta Collector's office. Hitherto the practice had almost exclusively been confined to European firms and Banking Corporations, but the Marwari and other native traders have gradually come to realize the utility of this procedure as a safeguard against abstraction. Cheque forms of different kinds issued by the Accountant-General, Bengal, for the use of Incorporated Local Funds, are also impressed in the office of the Controller of Printing and Stationery with one-anna stamps and issued to all treasuries in Bengal. The receipts of the year 1904-05 from this source amounted to Rs. 1,07,274, against Rs. 98,303 and Rs. 92,008 in the years 1903-04 and 1902-03.

ARRANGEMENTS FOR THE SALE OF STAMPS.

27. The total number of vendors engaged in the sale of judicial and non-judicial stamps during the year 1904-05 was 6,237, shewing a decrease, as compared with the previous two years, of 16 and 584 persons, respectively. In some districts the decrease is attributed to the reduction in the number of stamp-vendors at district and subdivisional head-quarters and in large towns, resulting from the orders of the Board contained in their Circular Order No. 9 of April 1903. These orders were the outcome of enquiries made by the Board, as promised in paragraph 23 of their last Triennial Report, as to the increase of vendors in any locality beyond a number which will allow to each sufficient remuneration for the sale of stamps to induce him to pay reasonable attention to his duties as a vendor. In other districts the decrease in the number of stamp-vendors is attributed to the cancelment of the licenses of a number of vendors on account of death and diminished income of the vendors, and also for failure on their part to keep a sufficient stock of stamps, to take out supplies regularly and to submit accounts for periodical inspection.

The expenditure during the past year exceeded that of the preceding year by Rs. 13,299, and that of the year 1902-1903 by Rs. 15,082. There was an increase in respect of both judicial and non-judicial stamps and

plain paper. The increase was the necessary result of increased sales. The average discount per vendor during the triennium under report was Rs. 52, as against Rs. 45 of the previous triennium.

PUNITIVE ACTION OF THE COURTS AND REVENUE OFFICERS.

29. The total number of cases dealt with by the Civil Courts during the last year of the triennium was 2,109, in comparison with 1846 in 1903-1904 and 1884 in 1902-03. There was an advance of Rs. 585 in the duty and penalty realised by the Civil Courts in comparison with the realisations of the preceding year, and of Rs. 507 in comparison with those of 1902-1903. There was an increase of 474 in the number of cases decided, and of Rs. 38,954 in the duty and penalty realised by Revenue Officers as compared with the figures of the preceding year, and an increase of 477 in the cases decided and of Rs. 19,392 in the duty and penalty realised in comparison with 1902-1903. The increase in the number of cases is attributed to the more careful examination of documents by Civil Courts and Revenue Officers and to ignorance on the part of the public of the changes made by Act II of 1899.

30. The number of cases instituted was 325, in which 352 persons were brought to trial against 356 cases and 376 persons in the preceding year, and 220 cases and 252 persons in the year 1902-1903. The fines imposed amounted to Rs. 5,044 against Rs. 3,747 in 1903-1904 and Rs. 1,557 in 1902-1903, while the amount distributed in rewards was Rs. 4,271 as against Rs. 2,420 in 1903-1904 and Rs. 551 in 1902-1903. The number of persons convicted was 334; the average fine imposed was therefore Rs. 15, which is considerably larger than the average for the corresponding year of the previous triennium.

WORKING OF SECTION 19H ADDED TO THE COURT-FEES ACT VII OF 1870 BY ACT XI OF 1899.

31. The number of cases reported to the Collector as well as the amount of the deficit duty required fell off in 1904-1905 as compared with the preceding years. Of the cases reported during 1904-1905, 80·3 per cent. were enquired into; the corresponding percentages in the two preceding years were 81·1 and 78·2. The proportion borne by the deficit duty realized to the amount originally paid was 8·7, 8·2 and 14·0, respectively, during the three years of the triennium.

GENERAL REMARKS AND MISCELLANEOUS.

35. *Reference to the High Court under section 57.*—In February 1903 a reference was made by the Board under section 57 of the Indian Stamp Act, II of 1899, on the subject of the liability to stamp duty of the bills-of-lading issued by the Rivers Steam Navigation Company. Two points were referred for the decision of the High Court:—First, whether the ordinary bills-of-lading used by the Company which related to the carriage of goods by inland navigation, and not by a sea-going vessel, were bills-of-lading within the meaning of the Stamp Act, 1899, and as such liable to stamp duty under that Act; and secondly, whether in those cases where, for an increased payment, the Company takes upon itself all risks attending goods while on board of a ship or vessel, the documents were liable to be stamped as policies of sea-insurance under the Act. The High Court held that as regards the first point the documents were bills-of-lading within the meaning of the Indian Stamp Act, 1899, and that as regards the second point the documents were not policies of sea-insurance but contracts for sea-insurance and were therefore not liable to be stamped as policies of sea-insurance under the Act. The case has been fully reported in the Indian Law Reports, Calcutta Series, Volume XXX, page 565.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the [illegible] Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for hours preceding 8 A.M. of that day.

o, overcast; p, passing temporary showers; g, gloomy; t, thunder; <, lightning; strong wind.
